Importance: High

Ashley – The version Jill routed had a few missing comments/corrections from Mark and I.

On page 3 – all the “nos” need to be changed to Noes, and on page 4 under PC Vote, Mark had placed a comment on there: But note this was with...please add that in.

Once corrected, send me the final and I'll have Mark approve.

Thanks,
PC

Subject: EA for Soitec Solar BL

Good Afternoon –

On behalf of Planning & Development Services, I have just launched the Electronic Approval for the Soitec Solar Development Project, to be heard by the Board on October 14, 2015. Please review and approve no later than noon on this Wednesday, September 30.

Due to the size of Attachments, I did not include Attachments in the EA. Since the attachments were previously e-mailed, there have been revisions made to Attachment K which I am including here.

If you have any additional questions about the other Attachments or would like the Attachments sent again via e-mail, please feel free to contact me or Ashley Smith.

Thank you,

Jill Reiss, Administrative Analyst
