Count me down as opposed for all of the previously stated reasons. Also, there is an inadequate explanation of how the project could work without the previously proposed batteries. Please pick on another community to molest. If you have to put up windmills and solar industries, place them in the high density areas where the populace uses up the energy.

This email is to inform you that the Revised Final Program Environmental Impact Report (RFPEIR) for the Soitec Solar Development Project can now be viewed at the following website:

<http://www.sandiegocounty.gov/content/sdc/pds/ceqa/Soitec-Solar-RFPEIR.html>.

The Soitec Solar Development project is scheduled for the October 14, 2015 Board of Supervisors hearing. The hearing documents will be posted at <http://www.sandiegocounty.gov/content/sdc/cob/bosa.html> in advance of the hearing.

Sincerely,

Ashley
