County of San Diego
Planning & Development Services
5510 Overland Avenue, Suite 110
San Diego, CA 92123

Dear Chairman Woods,

I write to you on behalf of Associa N.N. Jaeschke, to express my support for Lilac Hills Ranch. This community will provide many benefits to our local business and economy, so I ask the County Planning Commission to approve the project.

Lilac Hills Ranch is a well-planned sustainable community, incorporating the latest green technologies and building practices, and making it an asset to the surrounding communities. Its residents will utilize both the on-site amenities and explore existing businesses nearby, giving local companies the opportunity to gain new customers and expand. We and many other local businesses stand to benefit greatly from this new community,

Any project that provides jobs, helps grow local businesses, and adds tremendous value to our community should be supported by the Planning Commission.

Kim Holmes

Business Development Director
