Dear Commissioners,

I have lived in Valley Center for 10 years. I would like my grandchildren to come back to this area when they get out of college but in order to do so they will need a place that is water conscious, is close to transportation and walking areas, has top of the line stores and schools, and modern amenities that make a town a community – Lilac Hills Ranch meets these needs and so much more.

I am looking into a senior living center for myself and have appreciated the thought and care that Lilac Hills Ranch has put into the planning of their retirement residences for mature adults.

I have attended both Valley Center Planning meetings and researched this project on my own. It is my believe Lilac Hills Ranch will be the perfect place for this wonderful smart-growth sustainable community.

Sincerely,

Bill Draper
