---

Lisa,

On behalf of our family business that has operated in the local community for nearly 30 years, we would like to extend our support for the approval of the proposed Lilac Hills community. The proposed amenities and lifestyle that this community would offer to residents, and community members via public access, seem to be quite beneficial and unique. Jon and his cohorts have truly put their hearts and souls into the planning of this proposed community and, if it is realized, would indeed add a vibrant new facet to our already special area that we call home. Thank you for your consideration.

Kindest Regards,

Chris Everett  
Owner—Fallbrook Propane Gas Co. dba North County Welding Supply
