SAN DIEGO COUNTY
PLANNING COMMISSION
c/o Lisa Fitzpatrick, Secretary

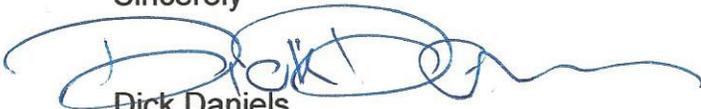

Dear Commissioners:

I am writing in strong support of the proposed LILAC HILLS RANCH development plan that is on the agenda for your meeting on Friday, August 7.

Lilac Hills Ranch helps fulfill a long-standing need we have for quality housing in the inland North County area and does so through a smart comprehensive approach that takes into account the need to preserve and enhance the open spaces while addressing the residential, commercial and infrastructure needs of the residents who will make their home there.

I urge you to approve the development plan that will become an important community resource that will serve the region for decades to come.

Sincerely

Dick Daniels
