San Diego County Planning Commission
Chairman Bryan Woods
5510 Overland Avenue, Suite 110
San Diego, CA 92123

Dear Chairman Woods,

I write to you as a nearby resident to the proposed project site for Lilac Hills Ranch. My fellow neighbors and I stand to be the ones most affected by this project, and we encourage the Planning Commission to approve Lilac Hills Ranch because it will have a positive impact on the region and our neighborhood.

I support Lilac Hills Ranch because it will offer new amenities for our community that are sorely needed. The project contains miles and miles of public trails and parks that will be used by residents throughout the area. A rustic town center is conveniently located within the project site – making new grocery stores, restaurants, cafes, and businesses available to residents. Lastly, Lilac Hills Ranch will invest hundreds of thousands on road and intersection improvements to help reduce traffic and make our streets safer.

For these reasons, and many more, I support Lilac Hills Ranch. Please help improve our neighborhoods by approving this project during the Commission's August 7th hearing.

Thank you,

Nancy Lo
