Generations of Excellence in Community Management

County of San Diego  
Planning & Development Services  
5510 Overland Avenue, Suite 110  
San Diego, CA 92123

Dear Chairman Woods,

As a homeowner in Bonsall, mom of three daughters (Ages 20, 13 and 7) as well as a small local business owner I am writing to express my families full support of Lilac Hills Ranch. It is a well-planned sustainable community, incorporating the latest green technologies and building practices. It does not rely on public dollars or tax increases, but instead generates hundreds of thousands of dollars through property and sales tax revenues for local schools and the County.

Lilac Hills Ranch was planned in consultation with area residents and stakeholders, in order to preserve the character of the community. The project will preserve over 100 acres of natural open space, over 80 acres of agriculture and will restore and enhance over 18 acres of creeks and wetlands.

We need their help with the new schools, a new fire station, and improvements to local roadways that will increase fire safety. ***Please approve this project!*** Lilac Hills is already considered part of our home and with your affirmative vote of yes, we will have the amenities which will help my family to live our lives, within our beloved town, for many generations to come.

Please let us know if you have any questions about our full support of Lilac Hills Ranch. We can be reached at (760) 613-9264. We greatly appreciate your efforts and support of this fantastic community.

Thank you,

Elizabeth Jaeschke de Buenrostro
