Dear Lisa Fitzpatrick,

I am writing you as a North County resident. I would like you to consider my opinion that Lilac Hills Ranch would be a great project.

I see it as an asset to the county of San Diego and a example of what good planning can be to other developers.

I also think this could increase the quality of value and life to the north county area.

I am sure you have read all the reports and data so no need to go over that.

I just want to share my opinion with you.

Thank you for listening.
