Subject: SUPPORT OF LILAC HILLS RANCH
Date: Wednesday, August 05, 2015 12:06:20 PM

Hi Lisa and Planning Commission Members:

My name is Jiah Miesel and I am a former San Diego Earth Day Director and Environmentalist. I have reviewed the plans for the building of the Lilac Hills Ranch. I have found that this proposed sustainable community would provide many wonderful and needed benefits to our county, to the surrounding area and people that would live here, and to the overall community. We are going to continue to grow here in San Diego. If only more developers were committed to the development of model communities that worked with nature and our environment! I fully support this project at this time.

Best Regards,

Jiah Arthur Miesel
