Thank you. I would urge a conservative approach to any new development in as much we face severe resource shortages, no the least of which is water. Until there is a long term solution to resource constraints, no large development, read expansion, should be allowed.

Alternatively replacement of older communities with proper energy and resorce planning plus restraints on over development should be considered.

Hello Mr. Heller:

On behalf of the San Diego County, Planning Commission, I would like to thank you for your correspondence. Your correspondence will be distributed for review by our Planning Commissioners.

Thank you,

Lisa M. Fitzpatrick
