**Date:** Saturday, August 01, 2015 11:24:06 AM

---

To the Planning Commission,

I am writing in support of the proposed Lilac Hills Ranch Project in North County. I live nearby and think the project is well planned, not only with new technologies and environmental protections, but mostly for the connection the future residents will have in the Town Square. Nowadays, it's hard to find communities that are tight knit. Lilac Hills Ranch will be an excellent place for people of all ages to call home.

I am unable to attend the meeting on August 7, 2015 and hope that my support will be noted and considered.

Sincerely,

Lisa Bales
