---

Good day,  
i write to you today in support of the Lilac Hills Development.  
Myself, wife, and three children have lived in Bonsall for 18 years and live close to the proposed project.  
I have attended several project workshops and seen the development team respond to the communities concerns.  
In addition to being an area resident, I am an elected member of the Bonsall Unified School District. I know first hand the many positive benefits this development will yield for current and future students for years to come.  
I strongly urge you to approve this project and sincerely hope that you do.
