Dear Chairman Woods:

As a neighbor of this community, and a grandmother to 3 young adults who would like to live there, I am writing to request that the County Planning Commission approve the Lilac Hills Ranch development.

I am impressed with San Elijo Ranch, another project that was completed by this development company. Growth is inevitable, and I am in favor of smart growth like this project is planned to be.

Lilac Hills Ranch's green, water neutral, high tech community with walking trails and community parks is the kind of community where I can visit my grandchildren and enjoy the natural beauty and amenities that the community will provide.

Sincerely,

Mildred DeGroot
