Dear Ms Fitzpatrick,

As a homeowner in Bonsall, I've appreciated everything that country living has afforded our family. From the small schools, to the churches, to the plaza - with it's ammenities.

San Luis Rey Downs was more than a muni-golf course. It added character to the town and scenic beauty.

I can understand the need for the family to move-on and capitalize on their investment, but if WE have the ability to increase the overall community value by supporting Lilac Hills Ranch and the sustainability of the San Luis Rey Downs Golf Course, specifically for a community park and nature preserve.

regards,
