

Brian Woods
Chairman
Sand Diego County Planning Commission
5510 Overland Ave. Suite 110

July 27,2015

San Diego , CA. 92123

Dear Chairman Woods,

It is my understanding the San Diego County Planning Commission is scheduled to consider action on the project known as Lilac Hills Ranch on 8/7/2015. I respectfully request the Planning Commission support the project based on its many benefits and contributions to the businesses and residents of Valley Center.

Lilac Hills Ranch will create new high-paying construction and management jobs, establish a local town center with permanent retail positions, utilize local businesses specializing in green technologies and sub contracting, and contribute hundreds of thousands of dollars in sales and property taxes for our schools and County.

Lilac Hills Ranch is dedicated to education for our area's children – committing to providing a turn-key K-8 school to serve students in the community and molding young minds to become tomorrow's business leaders.

On behalf of the Valley Center Chamber of Commerce, I ask that the Commission please consider the benefits Lilac Hills Ranch will bring to North County San Diego when you cast your vote.

Thank you for your consideration,

Stuart Holthaus
President
Valley Center Chamber of Commerce
