Dear Chairman Woods

I am writing to register my support for the Lilac Hills Ranch Community.

I have lived in Valley Center with my family for 4 years. I work in Valley Center and feel that Lilac Hills Ranch is necessary to provide multi-generational housing within a well planned community. Valley Center has a problem providing housing for younger and older generations who are forced to move far away from our community. We also have a problem with limited parks, trails and sports fields, all of which will be provided by Lilac Hills Ranch.

Please approve Lilac Hills Ranch.

Thank you,

Dr. Tim Sherman
