## San Diego County Domestic Violence Treatment Providers Certified Program Listing Revised 11/23/2016

### Instructions to Probationers:

- You have been ordered by the Court to complete a 52 -week program for domestic violence intervention and counseling.
- You have been given a date to return to Court and provide proof that you have enrolled in one of the certified programs.
- **The only programs presently certified, which will satisfy this requirement are on the attached lists. If you attend a program not on this list, you will not receive credit.**
- You must call the program of your choice to schedule an initial interview. They will schedule your interview within three weeks from the date you contact them. The program will give you any additional information you may need, e.g. locations, costs, and times of meetings. You must bring the indicated fee amount with you to your initial interview. The total cost may vary from program to program. Each program can advise you what the charge is for each weekly session and whether payment plans are available.
- The Court does not consider the program completed until you have successfully attended all sessions and you have paid your bill in full.
- Failure to enroll in or complete one of these programs may result in revocation of probation and could subject you to time in jail. These programs will report your success or failure in the counseling directly to the Probation Officer and /or the Court which has issued the order for you to attend.
