**Re: Request for Certificate of Completion for Subarea 2
Tailgate Park, Park Terrace, Padres Parkade, Fahrenheit, Kimpton Solamar Hotel, and 7th &
K Parkade**

Dear Mr. McCandless:

Pursuant to the protocol established in Master Workplan Addendum No. 3 (Certificate of Completion Protocol), dated June 13, 2003, and approved by the County of San Diego Department of Environmental Health (DEH) on July 22, 2003, the Centre City Development Corporation hereby submits this request for the DEH to begin the process to issue a Certificate of Completion for Subarea 2 as identified in the enclosed table and figure which are provided as part of this request.

Included in this request is a table identifying all of the properties and the associated release cases that were mitigated and closed within Subarea 2. The table also identifies the old Assessor's parcel numbers associated with the properties, the new Assessor's parcel numbers that have been assigned to the properties, the DEH Voluntary Assistance Program (VAP) case number (as relevant), the DEH Local Oversight Program (LOP) case number (as relevant), and the DEH establishment number (as relevant). Also included in this request is a map which graphically illustrates the area to be covered by the Certificate including the old and new Assessor's parcel numbers.

Last, we have provided a copy of all of the No Further Action letters and Case Closure Summaries associated with the properties and releases in this Subarea confirming that all known releases have been mitigated in accordance with the Master Work Plan and as approved by the DEH.

Accordingly, I request that the DEH issue the draft Certificate of Completion and begin the 60-day review process suggested by the California Environmental Protection Agency Site Designation Committee web site. If you have any questions, please call me at (619) 533-7112.

Sincerely,

David N. Allsbrook
Manager of Contracting and Public Works
