Subject: Rugged Solar - Visual, Air Quality, and Climate Change cannot be accepted

Hi Pat,

As we discussed today, County staff cannot review the Visual Resources Report, Air Quality or Climate Change Report because the authors of the study are not on our pre-approved list of qualified consultants. I understand that Garrett Avery (Visual) and William Maddux (Air Quality / Climate Change) have both applied to be placed on our list. Once they have been placed on the list as qualified consultants, I'll have County staff review the materials they prepared for Rugged Solar 3300 12-007 (MUP).

If you would like to make alternative arrangements, please give me a call to discuss.

Also, please note that we will need an MOU from Jerry Schaefer or Brian Glenn, who authored the Archaeology Study for Rugged Solar. The MOU that was submitted was signed by David Hochart at Dudek, who is not on our list a preapproved consultants.

Thanks.

Hey Larry,

Did you have a any questions about the submittal? Do you have a time that you may want to go out to the site? Just Checking.
