Hi Lisa,

Can you please make the following assignment additions/revisions for all of the Soitec information that was recently submitted?

**PDS2012-3300-12-007**

028- Visual #1- Transfer to Larry Hofreiter and revise the due date (due date should be 5/4 to correspond with other specialist tasks)

104- Review Replacement Map- Transfer to Larry Hofreiter

*Larry- when the Rugged project was transferred to me, these tasks were accidentally transferred as well. Per Jarrett, you were going to review the visual studies and plot plans for both TDS and Rugged.*

**PDS2012-3910-1200005**

Please change all tasks from EIR #2 to EIR #1

Please change Rob's 063 assignment to an 80 hour task

Please change my 063 task from a visual to biology task

Please assign the following:

063- Visual- Larry Hofreiter (Due 5/11/13)

063- Agriculture- Dennis Campbell (Due 5/11/13)

063- Air Quality- Poonam Boparai (Due 5/11/13)

063- Hazards- Don Kraft (Due 5/11/13)

063- Fire- James Pine (Due 5/11/13)

Please revise the Land Development tasks as follows:

Delete the last two DPW 063 tasks (with Rugged in the description)

Delete the DPW 104 task

Change the remaining 063 task from 3 to 20 hrs

Please let me know if you'd like me to come down and run through these requests with you or please call me with any questions.

Thank you,

Ashley
