Rob,

Below is Everett's email regarding the Transportation/Traffic section of the Soitec Program EIR.

I will begin my review more than likely starting on May 20<sup>th</sup> for the Water Resources section after I complete another project that is also past due.

Thanks,

Ashley,

I've completed my review of the Soitec EIR and made edits directly into the Traffic Chapter word document.

The edits were mostly cleanup of GP Mobility Element classifications and some TIF language.

If you have any questions let me know.

Thanks,

Hi Lisa,

Can you please assign Everett a 062 EIR #1 Review (Traffic) task due 5/11/2013?

Everett- Rene mentioned you needed a separate task to review the Soitec Solar EIR. Please let me know if the due date is not reasonable and we can discuss when you could get to it by. The EIR documents are in the following folder: <S:\temp\Ashley Gungle\SOITEC SOLAR DEVELOPMENT\EIR FIRST SCREENCHECK>

Thanks!

Ashley
