Thank you, Robert.

I am hoping to have the documents processed and returned to the County in PDF format by 12/18, at the very latest, so that staff can upload the files to the website. The target may change depending on how fast our servers will be able to process the information, but 12/18 is our target date for now. The index to the administrative record, which will not be necessary for the website, will be completed at a later date.

Please let me know if you have any questions or additional concerns.

Thank you,

Ha

Ha,
I have placed the AR files on a DVD and will drop it off at Fedex shortly. However, I was informed I will miss the pick up for today, and so you won't get the disk until Friday.

For clarification purposes, when you said you may have the AR ready on 12/19 does that mean you will have the files back to us for uploading/placement to our website, or will the files already be located on a or our website (with coordination from our staff) on that date?

Thanks,
