

**REVIEW FOR APPLICABILITY OF/COMPLIANCE WITH  
ORDINANCES/POLICIES**

**FOR PURPOSES OF CONSIDERATION OF  
Monserate Tentative Map, TM 5489/ER 06-02-010**

**November 12, 2008**

**I. HABITAT LOSS PERMIT ORDINANCE** – Does the proposed project conform to the Habitat Loss Permit/Coastal Sage Scrub Ordinance findings?

YES

NO

NOT APPLICABLE/EXEMPT

Discussion:

While the proposed project and off-site improvements are located outside of the boundaries of the Multiple Species Conservation Program, the project site and locations of any off-site improvements do not contain habitats subject to the Habitat Loss Permit/Coastal Sage Scrub Ordinance. Therefore, conformance to the Habitat Loss Permit/Coastal Sage Scrub Ordinance findings is not required.

**II. MSCP/BMO** - Does the proposed project conform to the Multiple Species Conservation Program and Biological Mitigation Ordinance?

YES

NO

NOT APPLICABLE/EXEMPT

Discussion:

The proposed project and any off-site improvements related to the proposed project are located outside of the boundaries of the Multiple Species Conservation Program. Therefore, conformance with the Multiple Species Conservation Program and the Biological Mitigation Ordinance is not required.

**III. GROUNDWATER ORDINANCE** - Does the project comply with the requirements of the San Diego County Groundwater Ordinance?

YES

NO

NOT APPLICABLE/EXEMPT

Discussion:

The project will obtain its water supply from the Rainbow Municipal Water District which obtains water from surface reservoirs and/or imported sources. The project will not use any groundwater for any purpose, including irrigation or domestic supply.

**IV. RESOURCE PROTECTION ORDINANCE** - Does the project comply with:

The wetland and wetland buffer regulations (Article IV, Sections 1 & 2) of the Resource Protection Ordinance?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>
The Floodways and Floodplain Fringe section (Article IV, Section 3) of the Resource Protection Ordinance?	YES <input type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input checked="" type="checkbox"/>
The <a href="#">Steep Slope</a> section (Article IV, Section 5)?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>
The Sensitive Habitat Lands section (Article IV, Section 6) of the Resource Protection Ordinance?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>
The Significant Prehistoric and Historic Sites section (Article IV, Section 7) of the Resource Protection Ordinance?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>

## Discussion:

***Wetland and Wetland Buffers:*** The site contains southern willow scrub, which if disturbed would result in a significant impact. The entire area of southern willow scrub as well as a 50 foot wetland buffer will be placed in an open space easement prior to issuance of improvement or grading plans or prior to recordation of the Final Map, whichever comes first. There will be no net loss of wetlands and therefore no significant impact will occur.

***Floodways and Floodplain Fringe:***

This project is not located in or near a Floodway or Floodplain.

***Steep Slopes:***

Slopes with a gradient of 25 percent or greater and 50 feet or higher in vertical height are required to be placed in open space easements by the San Diego County Resource Protection Ordinance (RPO). There are steep slopes on the property however, an open space easement is proposed over the entire steep slope lands. Therefore, the project is in conformance with the RPO.

***Sensitive Habitats:*** No sensitive habitat lands were identified on the site as determined on a site visit conducted by Christine Stevenson, San Diego County Land Use and Environmental Planner and Biologist, on May 25, 2007. Therefore, it has been found that the proposed project complies with Section 86.604(f) of the Resource Protection Ordinance.

***Significant Prehistoric and Historic Sites:*** The property has been surveyed by a County of San Diego certified archaeologist/historian, Philip deBarros of Professional

Archaeological Services, and it has been determined that the property does not contain any archaeological/ historical sites.

**V. STORMWATER ORDINANCE (WPO)** - Does the project comply with the County of San Diego Watershed Protection, Stormwater Management and Discharge Control Ordinance (WPO)?

YES       NO       NOT APPLICABLE

Discussion:

The SWMP labeled “Stormwater Management Plan Monserate Hill Road”, all as prepared by San Dieguito Engineering, Inc., DPLU received 8/30/07 and with modification to the SWMP as DPLU received 4-22-08 was DPW reviewed and found to be acceptable. The SWMP is a living document to be updated to reflect any changes during the project final plan review and construction throughout the life of the project, in perpetuity.

**VI. NOISE ORDINANCE** – Does the project comply with the County of San Diego Noise Element of the General Plan and the County of San Diego Noise Ordinance?

YES       NO       NOT APPLICABLE

Discussion:

The proposal would not expose people to nor generate potentially significant noise levels which exceed the allowable limits of the County of San Diego Noise Element of the General Plan, County of San Diego Noise Ordinance, and other applicable local, State, and Federal noise control regulations.

Transportation (traffic, railroad, aircraft) noise levels at the project site are not expected to exceed Community Noise Equivalent Level (CNEL)=60 decibels (dB) limit because review of the project indicates that the project is not in close proximity to a railroad and/or airport. Additionally, the County of San Diego GIS noise model does not indicate that the project would be subject to potential excessive noise levels from circulation element roads either now or at General Plan buildout.

Noise impacts to the proposed project from adjacent land uses are not expected to exceed the property line sound level limits of the County of San Diego Noise Ordinance.
