**Agenda Item # 2: Pledge of Allegiance**

Pledge of Allegiance led by Michele Morton.

**Agenda Item #3: Attendance**

**Members Present:** Cheryl Wegner, Michele Morton, Carl Hickman, Dawn Perfect & Scotty Ensign.

**Absences:** John & Arvie Degenfelder, Angus Tobiason & Karen Carlson

**Agenda Item #4: Approval of Minutes**

February 28, 2012 Minutes will be approved at next meeting.

**Agenda Item #5: Announcements**

Cheryl Wegner reported that the Creek to Bay, County wide clean-up effort was a success. Cheryl managed the Ramona based clean-up efforts. The 85 volunteers in Ramona started at the Ramona Community Park and ventured to Montecito, 7<sup>th</sup> Street Bridge, 13<sup>th</sup> Street. The volunteers filled up a 40 yard dumpster equaling three tons of trash and debris. Ramona Disposal was a big supporter of the project.

**Agenda Item #6: Non-Agenda Items**

Sharon Richardson stated that she lives off of Hanson Lane between Ashley and Barnett. She is very concerned about the excessive noise coming from the high volume of traffic along this section of roadway. She was looking for advice as to who to talk to at County about having the road resurfaced in hopes of cutting down on the noise. She did speak to a woman at County named Maria who was of little help.

Carl Hickman said that all roads in the County are to be resurfaced once every seven years. He said he could get Ms. Richardson the most current volume counts for traffic on that road and try to find out when that road is scheduled for resurfacing.

Dawn Perfect said the resurfacing for that area was not on the books for the near future.

### **Agenda Item #6: Non-Agenda Items (Continued)**

Kathy DaSilva stated that she lives on Bunny King at San Vicente. She said there is a pathway that will be going in on her side of the street as a part of the San Vicente road improvements. She is concerned about the safety of the path users due to the fact that there is no fencing to deter cars from driving onto the path. She would like to see that some kind of a visual deterrent along the pathway be included in the final plans.

The Trails & Transportation agreed with her concerns but could not comment because they have not seen the most current plans for that project. The newest set of plans is supposed to be available in the fall of 2012. The Committee will comment when presented with the newest project plans.

### **Agenda Item #7: Discussion Only**

Proposal for retail feed and pet supply store at corner of Letton and Highway 67.

Committee Concerns:

Scotty asked what time of day they expected to receive hay deliveries. Answer was mid-morning. Scotty was also concerned about the proposed sidewalk and how much, if any, of the root system of the existing trees would be cut in order to put in the sidewalk. He was concerned that if too much of the root system was damaged it may affect the stability of the tree.

Scotty also voiced concern about how to keep the water flowing that feeds the vernal pools and wanted to make sure that the neighbors on Kelly were not going to be negatively impacted by poor grading or bad landscaping design.

Dawn Perfect is concerned about keeping the trees along Highway 67.

Michele Morton asked how often the store planned to receive hay deliveries. Answer was approximately two times weekly.

Carl Hickman stated that Cal Trans was going to likely require a site distance study requiring from 360' – 400' of sight distance from proposed driveway on Highway 67. He is also concerned that the entrance and exit of hay haulers onto, and away

from the property from the Highway 67 proposed driveway could be a safety hazard.

The Trails & Transportation Committee will wait to hear what Cal Trans requires of the builder/project. There will be additional comments at that time.

### **Agenda Item #8: Determination of Subcommittee Group Size**
