

Why should you have health checkups?

Whether you are a pre-teen or a teenager, you should have a health checkup every year to:

- ⊙ Look your best, feel your best and be your best to learn.
- ⊙ Find problems you may not see or feel and treat them so they don't become serious.

When do you need a health checkup?

You should have a health check-up every year, especially if:

- ⊙ You have health concerns you would like to talk about with a provider like acne, weight, sexual health, or if you are feeling depressed.
- ⊙ You play school sports or it's required to attend camp.
- ⊙ You are 11 or older and have not received the shots you need.

How do you take charge of your health?

- ⊙ **Let** your parent know that you should have a checkup every year.
- ⊙ **Talk** to your parent about scheduling an appointment, have them call **1-800-675-2229** for the name of a CHDP doctor or clinic near your home. If you already have a doctor, ask if they provide CHDP health checkups.
