Welcome to Medi-Cal Managed Care

Your Medi-Cal benefits can now be provided by a Medi-Cal Managed Care Health Plan. A Managed Care Health Plan gives you access to a network of doctors, clinics, specialists, pharmacies and hospitals.

How Does Managed Care Work?

Each Medi-Cal Managed Care Health Plan has a list of primary care providers you can choose from. Your primary care provider will be responsible for managing your overall health care needs and referring you to other doctors if needed.

Choosing a Medi-Cal Managed Care Health Plan

If you already have a doctor, check the provider directory to see if he/she works with a local Managed Care Health Plan. Then ask these questions when you compare the health plans:

- Can I keep the same doctor if I already have one?
- Will it be easy to get to the doctor?

The answers to these questions can help you decide which Managed Care Health Plan is best for you. If you do not find the answers, you can call the health plan member services to get the information you need.
