Transitions: Middle School

Did you know that parents have the most influence on the actions of their teens? Want to know what to expect as your child enters middle school or high school? This FREE, fun, interactive 90 minute seminar delivers advice and pointers on what parents can do to help their children navigate the academic, social and emotional challenges they will face. A short video shows real life parents, teens and experts talking about what they experience and how they cope in these tumultuous times.

Forgotten Math for Parents

When's the last time you had to add fractions or do a percentage problem? Does the word Algebra strike fear in your heart? This FREE, fun, interactive seminar will help you overcome your math fears – so homework time with your child isn't quite so scary. You'll travel from station to station revisiting some of the math skills you may have forgotten – guided by Sylvan teachers along the way. It's a fun way to "freshen up on fractions" and other skills. Your children will be impressed when you start helping them with their homework again!
