The Friends of the Fallbrook Library Lecture Series presents Paul Barbano on “Backyard Chickens”. Local foods are all the rage now, and backyard chickens are riding the wave! Find out the basics: Are backyard chickens legal? Which breed is best for you? Start with chicks or full-grown hens? Paul will also discuss housing and outdoor pens; feed, water, sunlight, and shade; common chicken problems (predators, wild and tame; illness, accidents); and answer your questions. Handouts will be provided and samples of various colored eggs will be on display. A bonus: two live friendly hens in a portable cage will attend! Paul has a background in agriculture and is a farm and garden writer for several newspapers. He has backyard chickens at his home in Vista and is locally known as the Chicken Consultant.
