- 3) An explanation of how the proposed project will mitigate impacts of casino(s).

AB 2515 (2012) amended Government Code Section 12715(b)(1)(A) establishing all application policies and procedures for grants from the Individual Tribal Casino Account or County Tribal Casino Account. *Each grant application shall clearly show how the grant will mitigate the impact of the casino on the grant applicant.* Maps, tables, data and/or a descriptions should be attached to this application to provide an explanation and documentation for the Indian Gaming Local Community Benefit Committee. This information is necessary for the IGLCBC to review and to make a determination of how the grant mitigates proportional share and compliance with all requirements established in Government Code Section 12715(b)(1)(A).

G. Type of grant for which you are applying: (Check each that applies)

1. **60% Nexus Grant (note that only County of San Diego Offices and Departments are eligible for this type of grant)¹ _____**

2. **20% Non-Nexus Grant _____**

These "20% Non-Nexus Grants" are intended only for local jurisdictions (County, cities and special districts) impacted by Barona and/or Sycuan Casinos.

3. **20% Non-Nexus Grant _____**

These "20% Non-Nexus Grants" are intended for local jurisdictions (County, cities and special districts) impacted by casinos of Tribes NOT paying into the Special Distribution Fund² and for assistance to local jurisdictions for one-time large capital projects.

H. What is the project's estimated time frame? Current equipment is outdated and non-functional.

I. Proportionate share of the project expenditure that mitigates the impact from the casino(s): 100%

¹ County of San Diego is the only "local government jurisdiction" that meets two or more nexus criteria.

² Campo, La Jolla (proposed), La Posta, Pala, Pauma, Rincón, San Pasqual, Santa Ysabel and Viejas Bands.

- J. Amount of funding requested through this application: \$ 40,000
- K. What will be the total cost of the project? \$ 40,000
- L. If total cost of the project exceeds amount of funding requested, please name other sources of funding that will be contributed to the project and the amount provided by each source: _____

- M. On a separate sheet, please describe how you intend to meet the requirement that grant recipients must provide notice to the public, either through a slogan, signage or other mechanism, which states that the project has received funding from the Indian Gaming Special Distribution Fund and further identifies the particular Individual Tribal Casino Account from which the grant derives.

1) Complete Description of the Project:

The project consists of the purchase of a single set of Amkus accident extraction equipment, commonly referred to as the "Jaws of Life". This equipment will replace the obsolete "jaws of life" currently being used by the personnel of the CalFire Rincon Station in responding to vehicular accidents that occur along the Highway 76/Valley Center Road corridor in Pauma Valley and beyond.

The equipment package includes:

Power Unit / GH2B-MCH with Mono Couplings
Spreader Set; AMK-24 with Mono Couplings
Cutter Set/ AMK-222 with Mono Couplings
Ram Set/ 40R Push Pull with Mono Couplings
Power Unit/GH2A=MCH with single Mono Couplings
Male Mono Coupling w/ adapters (2ea)
Amkus 20' extension hose w/ Mono Couplings (3 ea)
Super swivels used w/ Mono Couplings (6 ea)

2) Evidence showing the relationship between the project and impacts on your jurisdiction associated with the particular casino(s) listed under "D" above, and data linking the percentage of the requested funding to the percentage of impacts associated with particular casinos (include the data source).

The linkage between the casinos and increased vehicular traffic along the Highway 76/Valley Center Road transportation corridor is well established. Traffic accidents generally increase as a function of total miles travelled; thus, the accident statistics provided by CalFire (attached), combined with previously calculated casino traffic impacts, illustrate the nexus between the casinos and accident frequency, which is directly tied statistically to the need for the "jaws of life" (source: CalFire).

3) An explanation of how the proposed project will mitigate impacts of casino(s).

The "jaws of life" have been demonstrated in many past studies to reduce the rates of mortality in certain categories of vehicular accidents. Since one of the impacts of casinos is a significant increase in total traffic, and since vehicular accidents are a function of total miles driven, the availability of the "jaws of life" will directly mitigate the effects of the casinos traffic-inducement effects by directly reducing fatalities.

Item M

Upon receipt of the grant funds and purchase of the equipment Yuima, Cal Fire, representatives from of our local tribes and casinos will host a press conference and pictures will be submitted to our local newspapers stating that the equipment purchased was funded from the Indian Gaming Special Distribution Fund with identification of the Tribal Casino Account from which the grant derives. There will be special emphasis on the needed equipment .
