---

Hi Donna,

Mark passed this email along to me as I am now the project manager for the Soitec Solar Development project.

The LanWest Major Use Permit application was withdrawn by the applicant (see attached withdraw letter). The LanWest and LanEast projects are being evaluated on a program level in the Environmental Impact Report while the Rugged and Tierra Del Sol projects are being reviewed at a project level in the EIR. The associated discretionary permits for the Rugged and Tierra Del Sol projects are being processed concurrently with the EIR.

We anticipate that the EIR for these projects may be going out for public review in the next month or so. As we near public review, I would like to coordinate with you on getting this item scheduled for a Planning Group meeting during the first week or two of the public review period. I'd like to discuss with you the format that would be most beneficial to your group and community members. I will call you in the next couple weeks to discuss.

Thank you,

Ashley

**Subject:** LanWest Solar 3300 12-002 (MUP)

Hi Mark,

Are you still the project manager for Soitec's LanWest Solar in Boulevard?

The most recent document I can find is the attached MUP Scoping Letter, dated March 7, 2012, and signed by you.

Is there updated info on LanWest of LanEast?

We are trying to prepare for the release of Soitec Solar's PEIR for all 4 projects planned in Boulevard.

Thanks!

**Withdrawal of Major Use Permit 12-002**

Dear Ms. Gungle,

LanWest Solar Farm LLC, hereby request to withdraw the Major Use Permit Application 12-002 for the LanWest solar farm project. Please close the case out and provide any monetary refund to the address listed above.

Best Regards,
