GENERAL

Executive Summary

Program Year 4 Action Plan Executive Summary:

Beginning in fiscal year 1995, the U.S. Department of Housing and Urban Development (HUD) required local communities and states to prepare a Consolidated Plan in order to receive federal housing and community development funding. A Consolidated Plan is required of any city, county or state that receives federal block grant funding for housing and community development, including the Community Development Block Grants (CDBG), Emergency Solutions Grant (ESG), HOME Investment Partnerships Program, and Housing Opportunities for Persons with AIDS (HOPWA) Program. Consolidated Plans are required to be prepared every three to five years; updates are required annually.

The purpose of the Consolidated Plan is:

1. **To identify a city's, county's or state's housing and community development (including neighborhood and economic development) needs, priorities, goals and strategies; and**
2. To stipulate how funds will be allocated to housing and community development activities.

This report is the FY 2010–2015 Five-year Consolidated Plan FY 2013-14 Action Plan for the County of San Diego (County). The County is a recipient of federal CDBG, HOME and ESG funding. HOPWA funds are granted to the largest jurisdiction within a County (in this case, the City of San Diego). The City of San Diego and County have agreed that the County will administer the HOPWA Program for the region.

Compliance with Consolidated Plan Regulations

The County of San Diego's FY 2010–2015 Consolidated Plan was prepared in accordance with Sections 91.100 through 91.230 of the U.S. Department of Housing and Urban Development's Consolidated Plan Code of Federal Regulations.

Lead and Participating Organizations

The County of San Diego, Department of Housing and Community Development (HCD), is the lead agency for the completion of the County's Five-year Consolidated Plan, Annual Action Plan and the Consolidated Annual Performance and Evaluation Report (CAPER).

Jurisdiction: County of San Diego

HCD receives and administers the following HUD formula grant programs:

- **CDBG.** The Community Development Block Grant (CDBG) is both the oldest and largest of the HUD programs for housing and community development. CDBG funds can be used for a variety of activities including:
 - Construction and rehabilitation of community facilities including those that help specific needs populations (e.g., community centers, homeless shelters);
 - Removal of accessibility barriers from public buildings;
 - Loans or grants to businesses for job training and hiring of lower income workers;
 - Demolition of property;
 - Public services;
 - Public infrastructure improvements (streets, sidewalks); and
 - Assistance for homeownership.
- **HOME.** The HOME Investment Partnerships Program was created in 1990. This program provides federal funds for a variety of housing activities including construction of affordable housing; rehabilitation of affordable housing; acquisition of buildings for affordable housing; owner-occupied housing rehabilitation; homebuyer assistance and counseling; and tenant-based rental assistance.
- **ESG.** The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act), enacted into law on May 20, 2009, consolidates three of the separate homeless assistance programs administered by HUD under the McKinney-Vento Homeless Assistance Act into a single grant program, and revises the Emergency Shelter Grant program and renames it as the Emergency Solutions Grant (ESG) program. The HEARTH Act also codifies into law the Continuum of Care planning process, a longstanding part **of HUD's application process** for funds to assist homeless persons by providing greater coordination in responding to their needs. The change in the **program's name**, from Emergency Shelter Grant to Emergency Solutions Grant, **reflects the change in the program's focus from addressing the needs** of homeless people in emergency or transitional shelters to assisting people to quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness.
- **HOPWA.** The Housing Opportunities for Persons with AIDS Program assists organizations that serve persons with HIV/AIDS with: acquisition, rehabilitation or construction of affordable housing units, assistance with

Jurisdiction: County of San Diego

operating costs of housing facilities; the issuance of short term rent, mortgage or utility payments, project-based or tenant-based rental assistance, and related referral and supportive services to prevent homelessness. The City of San Diego has contracted with the County to administer the HOPWA funds for the region.

Top Housing and Community Development Needs

The research to identify the top housing and community development needs for the County of San Diego Five-year Consolidated Plan included:

- A review of the demographic changes that have occurred since 2000;
- An analysis of the housing market and determination of housing affordability for low income and special needs populations;
- Focus groups with stakeholders who spoke to the needs of special populations;
- Interviews with representatives of a sample of communities in the County; and
- A written and electronic survey of stakeholders and residents.

Common themes. Several common themes emerged from the research. They were:

- Creation and preservation of affordable rental housing, especially for special needs populations, should be a top priority of the County. Special populations with the greatest needs include: persons who are homeless, at-risk youth, seniors, individuals with developmental disabilities, and survivors of domestic violence.
- Job creation and small business retention are very important in this economic climate.
- Residents want street/alley improvements, street lighting, graffiti removal, and cleanup of abandoned lots and buildings.

Specifically, the research revealed the following:

San Diego County experienced steady population growth during the first decade of the century, averaging 1.5 percent per year. The **County's new residents** and the aging of current residents shifted the **County's demographics slightly toward a more ethnically diverse, older population**. During the next 20 years, the percentage of seniors in the County is expected to double, which will mean an increase in smaller households and single residents who prefer low maintenance living and some of whom may require supportive services.

Jurisdiction: County of San Diego

San Diego County has always been a desirable place to live and the demand for a residence in the region rose during the first decade of the century leading to significant price increases.

Although housing prices have dropped since 2009, prices increased so much during the earlier part of the decade that affordability has worsened. The median value of an owner-occupied home in San Diego County was \$539,700 in 2008. Although in 2012, the median price of a home in San Diego County was just over \$300,000, this price range is still not affordable to many potential homebuyers.

In contrast to many areas in the country, rental prices in San Diego County have risen dramatically during the last decade. The two-bedroom Fair Market Rent (FMR) for San Diego County, as calculated by HUD, rose from \$805 in 2000 to \$1,278 in 2012.

Professionals in the housing and community development industries expressed a high need for affordable rental housing and housing to assist special needs populations. Expanding affordable senior housing options, adding new permanent homeless shelters and developing more housing for survivors of domestic violence were noted. With respect to community development, public services, sidewalks, community services, and centers for youth and seniors were priorities. Economic development priorities were small business development and job creation. Residents communicated their top housing and community development priorities through a survey conducted for the Consolidated Plan, which showed the following:

- Top community service priorities are health care centers and services, youth programs, childcare centers and services as well as services for neglected and abused children.
- Top economic development priorities are job creation/retention, employment training, and, to a lesser extent, small business loans.
- Top infrastructure and neighborhood improvement rankings are street/alley improvements, street lighting, graffiti removal, and cleanup of abandoned lots and buildings.

Five-Year Strategic Plan and Year-Four (2013-14) Action Plan

The County of San Diego has established the following housing and community development goals, objectives and outcomes to guide the use of funds for the 2010-2015 program years.

HUD block grant funds are the primary resources used to fulfill the goals of the Five-year Strategic Plan and the Year-Four Action Plan. The County will leverage and combine additional funding sources as much as possible. Potential sources include those available through State Road Tax, special assessments, tax credits and private funds.

The 2013-14 final entitlement grant funding amounts are as follows:

- CDBG — \$3,513,491 plus an estimated \$325,000 program income;
- HOME — \$2,175,851 plus an estimated \$300,000 program income;
- ESG — \$245,444

Jurisdiction: County of San Diego

- HOPWA — \$2,726,216.

HUD requires that 25 percent of the HOME entitlement and 100 percent of the ESG entitlement be matched by local sources.

Allocation of funds. The County divides its CDBG allocation into two parts: 1) The first portion is used for affordable housing and homeless assistance activities; 2) The second portion is used for community development improvement projects. During the 2013-14 program year, the County will allocate \$1,079,338 for housing and homeless assistance activities, and \$2,133,202 to community development improvement projects. The awards for housing and homeless activities are generally issued through a competitive Notice of Funding Availability (NOFA) process. Through the NOFA process, the Board of Supervisors awards funds to project sponsors in the form of loans for development, acquisition and rehabilitation of affordable housing for lower income households and emergency shelters for homeless persons in the Urban County.

The County provides community development improvement CDBG dollars to the unincorporated areas within the County and the cities of Coronado, Del Mar, Imperial Beach, Lemon Grove, Poway and Solana Beach for a wide variety of housing and community development activities. The dollars are allocated to the cities based on a formula that accounts for population levels, overcrowding and poverty. The cities receiving the funding manage the completion of their projects.

The County also applies a similar formula for the allocation of HOME dollars to the HOME Consortium cities of Carlsbad, Encinitas, La Mesa, San Marcos, Santee, and Vista. The HOME allocation for the Urban County and a portion of CDBG funds are placed in a County Housing Development Fund.

The Goals below will guide how the County intends to allocate and prioritize HUD block grant funding during the next five program years. In establishing the Five-year Goals, the County considered the existing countywide Strategic Initiatives, which are summarized below.

The Five-year Goals established by the County for the Consolidated Plan are:

- Goal 1.** Increase rental housing opportunities in San Diego County.
- Goal 2.** Increase affordable homeownership opportunities in San Diego County.
- Goal 3.** Fund public improvements and services to maintain the quality and safety of the County's neighborhoods.
- Goal 4.** Encourage development practices that encourage energy efficiency and self sufficiency.
- Goal 5.** Increase affordability and availability of housing for special needs populations.
- Goal 6.** Provide funding to service providers for housing and supportive services assistance for persons with special needs and low income residents.
- Goal 7.** Fund Americans with Disabilities Act (ADA) improvements to improve the accessibility and safety of the County's neighborhoods for persons with disabilities.
- Goal 8.** As applications are received and the need is demonstrated, fund new programs— including acquisition, rehabilitation and rental assistance— targeted to persons with disabilities such as veterans, at-risk youth, survivors of domestic violence, persons with disabilities, seniors, etc.
- Goal 9.** Increase and maintain housing opportunities for persons who are homeless.

Jurisdiction: County of San Diego

The **Objectives** and **Outcomes** refer to the 2013-14, Year-Four Action Plan. Each objective and outcome relates to the Five-year Goals. The objectives detail what the County intends to accomplish with the identified funding sources to meet housing and community development needs.

HUD's Community Planning and Development Performance Measurement System uses a numbering system to tie outcomes and objectives with each planned activity.

The outcome/objective numbers are as follows:

	Availability/ Accessibility	Affordability	Sustainability
Decent Housing	DH-1	DH-2	DH-3
Suitable Living Environment	SL-1	SL-2	SL-3
Economic Opportunity	EO-1	EO-2	EO-3

Specific annual objectives and priority needs that will be addressed by activities using formula grant funds, including proposed accomplishments and outcomes, are discussed in the Strategic Plan section of the Consolidated Plan. The activities that will take place during the program year to address the priority needs and specific objectives were presented to the Board of Supervisors for approval on April 9, 2013. Please see Appendix B for tables listing the projects to be funded during the program year.

Evaluation of past performance. Over the years, the formula grant programs have helped solve various neighborhood and community problems. The CDBG Program has funded community development projects in 13 locally designated Neighborhood Revitalization Areas (NRAs) to direct funds in geographic areas with concentrations of lower-income people, where there is evidence of unsightly conditions, and where there are deficiencies in public improvements and facilities. Because each community has a unique set of conditions and priorities, recommendations for funding are based on each **community's needs. The County Annual Action Plan emphasizes the physical revitalization of lower-income communities, and, therefore, there is a visible improvement in the NRAs each year. Physical revitalization also improves the quality of life for residents in the targeted communities. In addition, over the years, the HCD Notice of Funding Availability (NOFA) process has funded several projects that further the development of affordable housing. Such projects included acquisition, rehabilitation, and new construction of housing partially financed under the HOME and CDBG programs. HCD's NOFA projects have made visible improvements to various communities in the County's jurisdiction, as well as surrounding areas.**

Year Three (FY 2012-13) of the five-year consolidated plan is currently underway. Therefore, accomplishments of Year Three will be reported in the FY 2012-13 Consolidated Annual Performance and Evaluation Report (CAPER) to be submitted to HUD in September 2013.

The accomplishments of Year Two of the 2010-15 consolidated plan that were reported in the FY 2011-12 CAPER are summarized below:

- The Urban County Home Repair program funded thirty loans which assisted low income homeowners address deferred maintenance and enhance energy efficiency.

Jurisdiction: County of San Diego

- CDBG funds totaling \$109,880 were disbursed for five ADA public improvement projects.

General Questions

1. Describe the geographic areas of the jurisdiction (including areas of low income families and/or racial/minority concentration) in which assistance will be directed during the next year. Where appropriate, the jurisdiction should estimate the percentage of funds the jurisdiction plans to dedicate to target areas.
2. Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) (91.215(a)(1)) during the next year and the rationale for assigning the priorities.
3. Describe actions that will take place during the next year to address obstacles to meeting underserved needs.
4. Identify the federal, state, and local resources expected to be made available to address the needs identified in the plan. Federal resources should include Section 8 funds made available to the jurisdiction, Low-Income Housing Tax Credits, and competitive McKinney-Vento Homeless Assistance Act funds expected to be available to address priority needs and specific objectives identified in the strategic plan.

Program Year 3 Action Plan General Questions response:

1. The County of San Diego administers the CDBG and ESG Programs within the San Diego "Urban County," which includes the unincorporated area of the County and the cities of Coronado, Del Mar, Imperial Beach, Lemon Grove, Poway, and Solana Beach.

The County of San Diego and the cities of San Diego, Chula Vista, and Oceanside are the only recipients of ESG entitlement funding within the County. The County of San Diego also administers the HOME Program for the County HOME Consortium, which includes the Urban County (as described above), as well as the cities of Carlsbad, Encinitas, La Mesa, San Marcos, Santee, and Vista.

The City of San Diego receives the allocation of HOPWA funds on behalf of the entire County region. By agreement with the City, the County of San Diego administers the HOPWA Program for the entire County region.

2. Selected communities within the unincorporated area of San Diego County have been **locally designated as the County's "Neighborhood Revitalization Areas"** (NRAs) in order to channel CDBG funds where they are most needed. Projects located within an NRA receive prioritization over those that are not.

NRAs have also been designated in the six participating cities for the same purpose. The criteria for selection of the NRAs include primary benefit to lower-income households, occurrence of unsightly neighborhoods, inadequacy of public facilities and services, condition of housing, lack of lower-income employment opportunities, health, welfare and safety needs, social indicators, compatibility with the County General Plan, cost/benefit potential of providing assistance in the area, and community interest.

The County has identified six CDBG Neighborhood Revitalization Areas (NRAs) located in the following communities: Casa De Oro, Fallbrook, Lakeside, Lincoln Acres, Ramona, and Spring Valley (north and south). The seventh NRA includes the large and sparsely populated rural portion of the County unincorporated area, outside the County Water Authority, which is known as the Rural Revitalization Area. NRAs were also identified by the six participating cities of Coronado, Del Mar, Imperial Beach, Lemon Grove, Poway, and Solana Beach.

Jurisdiction: County of San Diego

3. Recognizing that state resources are currently limited to help underserved and unserved residents in San Diego, the County targets CDBG, HOME and ESG to meet the gaps in service and housing. To this end, CDBG funds will be used next year primarily for public facility deficiencies in low income neighborhoods, in addition to providing supportive services and housing to very-low income and special needs populations.

As demonstrated in the rental gaps analysis conducted for the Consolidated Plan, the County has a significant unmet need in the provision of affordable rental units to extremely low, very low and special needs populations. To supplement the Section 8 program in the County, HCD offers tenant-based rental assistance (TBRA) to help reduce the gap between those who need deeply subsidized units and what the private market provides.

4. Leveraging CPD Funds:

In addition to CPD funds, the following are other resources available to residents of the County of San Diego in pursuit of affordable housing:

Federal Programs

Rental Assistance Program (Section 8): The Section 8 Rental Assistance Program provides rent subsidy payments for very low income households in privately owned rental housing units. The program offers very low income households the opportunity to obtain affordable, privately-owned rental housing and to increase their housing choices. Section 8 participants typically, upon initial approval of a lease, pay 30 to 40 percent of their income for rent and utilities. The Housing Authority of the County of San Diego (HACSD) administers the program and pays **the difference between the tenant's contribution and the actual rent and utility costs**, up to the payment standard established by HACSD, based on HUD-established Fair Market Rents.

It is anticipated that just over \$115 million in Section 8 funds will be used to assist 11,015 households during FY 2013-14. Of these 11,015 households, approximately 9,406 will be small-related households, 1,376 will be large-related households, and 2,907 will be elderly households that may be either small-related or large-related households. This estimate is based on a 98% voucher utilization rate.

Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH): **The HEARTH Act of 2009 amended the McKinney-Vento Homeless Assistance Act. The HEARTH Act consolidates the three separate McKinney-Vento homeless assistance programs (Supportive Housing Program, Shelter Plus Care program, and Section 8 Moderate Rehabilitation SRO program) into a single grant program known as the Continuum of Care (CoC) Program.** The CoC program is designed to assist individuals and families experiencing homelessness and to provide the services needed to help such individuals move into transitional and permanent housing, with the goal of long-term stability. In the current 2012 CoC Program competition, 29 organizations in the County's jurisdiction are applying for \$4.9 million in renewal funds. In addition, one new project application for permanent housing was submitted for \$650,000.

Mortgage Credit Certificate (MCC) Program: HCD operates the San Diego Regional MCC Program for the entire County except in the City of San Diego and the City of Oceanside. The program provides assistance to homebuyers in the purchase of their first homes. Homebuyers are issued mortgage credit certificates, which may be used to reduce their Federal income tax liability by up to 20 percent of the annual interest paid on the mortgage loan. This credit reduces the amount of Federal income taxes paid,

Jurisdiction: County of San Diego

resulting in an increase in the homebuyer's net earnings. The increase in income enables the homebuyer to more easily qualify for a mortgage loan. It is estimated that approximately 60 households will receive these benefits in FY 2013-14, with approximately 40 households earning less than or equal to 80% of the area median income. Of the 60 households, it is estimated that 14 will be issued MCCs in the San Diego Urban County, with approximately 7 households earning less than or equal to 80% of the area median income.

The Federal Housing Authority (FHA): FHA insures mortgages given through conventional lenders for first-time homebuyers. These loans are available for new or resale homes. The debt-to-income ratio requirements are more favorable than could be obtained from non-FHA conventional lenders.

Section 811 Handicapped: This Federal program provides loans, grants and rental subsidies to support housing for persons with disabilities.

Capital Fund: This is a grant program for Housing Authorities that own or operate public housing units. The grant is based on a physical needs assessment of the agency's public housing. Funds are available for use on non-routine needed repairs and replacement of physical systems, improvements to meet HUD modernization, energy conservation, or to achieve the long-term viability of the public housing units. HCD expects to receive \$140,150 in Capital Funds in FY 2013-14 for the modernization of four public housing developments (121 units) in the City of Chula Vista.

State Programs

California Department of Housing and Community Development (State HCD): State HCD administers a number of programs that provide funds that can be combined with other Federal and local funds to support affordable housing.

Low Income Housing Tax Credits (LIHTC): Federal and state tax credits are used by developers of multi-family housing in return for reserving a portion of the development for moderate, low and very low income households at affordable rents. These Federal and state tax credits are allocated by the State based on a priority scoring system. Over the years, several nonprofit organizations, assisted with County HUD Program funds, have received LIHTC funds. The County will continue to accept LIHTCs as a leveraging source of funds.

CalHome Program: This State program awards grants through a competitive application process, to provide funds for mortgage assistance loans to assist low income first-time homebuyers. As participants pay-off current loans, a revolving account is funded with the loan proceeds and used to assist future CalHome Program participants. These funds will supplement HOME funds and will be disbursed in conjunction with the County Down Payment and Closing Costs Assistance Program.

The California Housing Finance Agency (CalHFA): Provides below-market interest-rate financing for the development of affordable, multi-family housing units. In addition, CalHFA makes loans to Californians who are first-time homebuyers.

State of California Multifamily Housing Program (MHP): This program provides permanent financing for affordable multi-family housing development in the form of low interest loans to developers for new construction, acquisition and/or rehabilitation, or conversion of nonresidential structures. The MHP Notice of Funding Availability schedule and guidelines can be accessed through the State Department of Housing and Community Development website.

Jurisdiction: County of San Diego

State of California Emergency Housing Assistance Program (EHAP): This program funds emergency shelters, transitional housing, and services for homeless individuals and families. EHAP funds operating costs and support services through grants. Capital development funding is structured as forgivable loans. Twenty percent of the total allocation is available to non-urban counties. Further information can be obtained from the State Department of Housing and Community Development website.

State of California Mental Health Services Act (MHSA): In November 2004, the voters of the State of California approved Proposition 63, the MHSA. This Act instituted a 1% income tax on personal income over \$1 million to be used for mental health care. The Act provides a dedicated source of funds to reduce the long-term impact of untreated serious mental illness and expand service programs. The MHSA recognizes that a lack of housing for individuals with mental health issues is a barrier to wellness and recovery. Further information can be obtained from the California Housing Finance Agency and the State Department of Mental Health.

Local Programs

Redevelopment Low Income Housing Set Aside Funds: Redevelopment agencies were dissolved pursuant to AB26 . No new redevelopment funds are expected to become available during FY 2013-14.

County Density Bonus Programs: There are three density bonus programs which are administered by the County Department of Planning and Development Services: Board of Supervisors' Policy I-79, Section 4120 of the Zoning Ordinance, and Board of Supervisors' Policy I-102 of the Mobile Home Park Development Density Bonus and Land Use Element 3.8. HCD administers the occupancy requirements of existing projects as they relate to eligible income and rent requirements for units developed under these programs.

These programs establish provisions by which densities may exceed those set by the County General Plan if the developer reserves some or all of the proposed units for various periods of time for low income families, seniors, and households with disabled persons.

San Diego County Fire Authority:

The Fire Authority has a goal to unify the administrative support, communications and training of 15 rural fire agencies, and to extend "around the clock" protection to 1.5 million acres of the **unincorporated county**. **The Fire Authority's vision is to provide regional fire protection leadership with local control through collaboration across boundaries.** With an annual budget of \$15.5 million, the County leverages local resources with grant funding, and since 2003, the County has invested more than \$200 million in improved fire service delivery and readiness. This includes new equipment purchases, facility repairs and upgrades to support the program.

Private Resources/Financing Programs

Conventional Lending Industry: Banks have participated in providing conventional loans to mobile home owners in the conversion to resident ownership of mobile home parks, as well as the development of affordable rental units. The banking industry is also active in providing first-time homebuyer assistance in conjunction with State and Federal programs.

Local Initiatives Support Corporation (LISC): The LISC is dedicated to helping community residents transform distressed neighborhoods into healthy and sustainable communities of choice and opportunity — good places to work, do business and raise

Jurisdiction: County of San Diego

children. LISC mobilizes corporate, government and philanthropic support to provide local community development organizations with:

- loans, grants and equity investments
- local, statewide and national policy support
- technical and management assistance

LISC is a national organization with a community focus. Program staff is based in every city and many of the rural areas where LISC-supported community development takes shape. In collaboration with local community development groups, LISC staff help identify priorities and challenges, delivering the most appropriate support to meet local needs.

LISC is *Building Sustainable Communities* by achieving five goals:

- Expanding Investment in Housing and Other Real Estate
- Increasing Family Income and Wealth
- Stimulating Economic Development
- Improving Access to Quality Education
- Supporting Healthy Environments and Lifestyles

Federal Home Loan Bank Community Investment Program (CIP): Each Federal Home Loan Bank operates a CIP that offers below-market-rate loans to members for long-term financing for housing and economic development that benefits low- and moderate-income families and neighborhoods. The program is designed to be a catalyst for economic development because it supports projects that create and preserve jobs and help build infrastructure to support growth. Lenders have used CIP to fund owner-occupied and rental housing, construct roads, bridges, retail stores, sewage treatment plants and provide small business loans. The program is especially appreciated in rural areas where resources are limited. Since 1990, CIP has lent over \$64 billion for a variety of projects, resulting in 745,000 housing units and an estimated 223,000 jobs.

California Community Reinvestment Corporation (CCRC): CCRC provides both long-term mortgage and bond financing for new construction, acquisition and rehabilitation as well as direct equity investment funds to acquire housing at risk of going to market-rate rents. These programs are available for family and senior housing, mixed-use projects and special needs housing for Californians. CCRC pioneered mortgages for Low Income Housing Tax Credit projects in 1989, and they developed the Tax Exempt Private Placement Bond Program in 2001.

Independent Cities Finance Authority (ICFA): The ICFA provides local government, nonprofits and other agencies the clout they need to finance important projects that help address California's housing crisis. Since its inception 20 years ago, The ICFA has helped fund over \$413 million in critical community projects. Yet, member cities pay no enrollment fees to join or ongoing dues to participate. All underwriting and operational costs are borne by the beneficiary of the funds. The ICFA offers member cities many more benefits. Through bond funding, they help create homebuyer assistance programs, generate funds for capital improvements and aid communities in economic development.

Managing the Process

1. Identify the lead agency, entity, and agencies responsible for administering programs covered by the consolidated plan.
2. Identify the significant aspects of the process by which the plan was developed, and the agencies, groups, organizations, and others who participated in the process.

Jurisdiction: County of San Diego

3. Describe actions that will take place during the next year to enhance coordination between public and private housing, health, and social service agencies.

Program Year 3 Action Plan Managing the Process response:

1. The County of San Diego, Department of Housing and Community Development (HCD) is the lead agency for the completion of the County's Five-year Consolidated Plan, Annual Action Plan and the Consolidated Annual Performance and Evaluation Report (CAPER). HCD receives and administers CDBG, HOME and ESG.

HOPWA funds are granted to the largest jurisdiction within a County (in this case, the City of San Diego). The City of San Diego has contracted with the County to administer HOPWA funds.

2. **The County's Five-year Consolidated Plan** was prepared by HCD, in conjunction with BBC Research & Consulting (BBC). The County and BBC met regularly throughout the development of the Plan to discuss research findings and the results of the public and stakeholder participation plan; to review draft materials and discuss the needs that were identified in the planning process.

As part of the five-year planning process, the County held 10 public meetings throughout its unincorporated area, a meeting at its offices located at 3989 Ruffin Rd., San Diego, and two web-meetings.

The top findings from the public participation process are detailed in Section IV of the Consolidated Plan.

3. County HCD expects to implement the County of San Diego Action Plan strategy through collaborative partnerships with various public, nonprofit and private agencies. These partnerships are vital in addressing the wide range of affordable housing, homelessness prevention, and other community development needs. HCD will continue to participate in a variety of coalitions made up of affordable housing and community development coordinators from all 18 incorporated cities and various nonprofit organizations in the San Diego region. These result in coordination of activities, sharing of information, and joint operation of certain HUD programs. The coalitions include: CDBG Coordinators Group; HOME Consortium; Regional Continuum of Care Council; Mortgage Credit Counselors; Participating Cities in the First-Time Homebuyer Program; Housing Authorities within San Diego County; and Participating Cities in the County Rehabilitation Program. Also included in this effort, is the San Diego Housing Federation, made up of affordable housing organizations and lenders that sponsor programs and activities in partnership with the County and cities in the region.

Citizen Participation

1. Provide a summary of the citizen participation process.
2. Provide a summary of citizen comments or views on the plan.
3. Provide a summary of efforts made to broaden public participation in the development of the consolidated plan, including outreach to minorities and non-English speaking persons, as well as persons with disabilities.
4. Provide a written explanation of comments not accepted and the reasons why these comments were not accepted.

*Please note that Citizen Comments and Responses may be included as additional files within the CPMP Tool.

Program Year 4 Action Plan Citizen Participation response:

1. The County of San Diego, Department of Housing and Community Development, took a number of actions in order to maximize citizen participation in the development of the FY 2013-14 Action Plan (Annual Funding Plan). After public notification through electronic and written mailings, Facebook announcements, a web-site email notification (web-blast), and a press release, 4 citizen participation meetings were held within the CDBG NRAs in the unincorporated communities, and through one scheduled web-meeting. In addition, the participating cities held their own citizen participation activities. Citizens and stakeholders had the opportunity to comment on the draft Annual Funding Plan from March 22 through April 21, 2013. Notices about the draft Annual Funding Plan were published in the Union Tribune and La Prensa on March 22, 2013. In addition, HCD consulted with staff of the Urban County participating cities and HOME Consortium cities to discuss program policies, grant funding levels and proposals.
2. A summary of all comments received, including those comments or views not accepted and reasons why they were not accepted will be included as Appendix C after the public comment period ends on April 21, 2013.
3. Please review the above statement. Notices were issued in English and Spanish languages and the social media was utilized to reach non-English-speaking persons.
4. Refer to Appendix C for any comments not accepted and why.

Institutional Structure

1. Describe actions that will take place during the next year to develop institutional structure.

Program Year 4 Action Plan Institutional Structure response:

The institutional structure through which the Annual Action Plan will be implemented includes various agencies of local government, nonprofit, and private entities, which include:

Health and Human Services Agency (HHSA): Principal services administered by the Health and Human Services Agency include:

- Adult and Employment Services Bureau
- Adult Services Division
- Alcohol and Drug Services
- Child and Adolescent Services
- Children's Services Bureau and Child Abuse Hotline
- Community Action Partnership Bureau
- Emergency Medical Services
- Emergency Psychiatric Services
- Foster Home Services
- Homeless Support Services
- Mental Health Services
- Office of AIDS Coordination
- Public Health Services
- Seniors Counseling and Training Program

Municipal Government Agencies for Participating Cities

Each municipal government within the Consortium adopts a General Plan that includes a Housing Element. The Housing Element contains housing policies, programs, and quantified objectives, which are incorporated in the County Consolidated Plan by reference.

Nonprofit Organizations

Nonprofit organizations play a vital role in implementing the Consolidated Plan. HCD has worked diligently to develop a positive working relationship with local nonprofits, which are actively involved in affordable housing development and provision of support services.

HCD also attempts to strengthen local nonprofit organizations through technical assistance to the nonprofit sector. HCD provides regional leadership by convening the Regional Continuum of Care Council which consists of over 65 nonprofit organizations, local jurisdictions and stakeholders to develop programs and address issues regarding the regional homeless. As the Collaborative Applicant for the 2012 CoC Program competition, HCD serves as the entity designated by the CoC to submit the registration and application on behalf of the CoC. The Collaborative Applicant is responsible for the coordination and oversight of the CoC planning efforts. HCD staff is also available for individual consultation with nonprofit and private developers regarding grant proposals, funding guidelines, and for review of ideas that could lead to project development.

Private Industry

The Building Industry Association of San Diego County (BIA) represents member firms and employees who earn their livelihoods in the residential and commercial building/development industries. BIA lobbies against excess government regulation and policies that make it harder or more expensive to build in the region. BIA also advances positive legislative solutions built around the private sector expertise of its members. BIA advances the need for housing and places of business, and informs the media and civic leaders of the ways the construction industry contributes positively to society.

Monitoring

1. Describe actions that will take place during the next year to monitor its housing and community development projects and ensure long-term compliance with program requirements and comprehensive planning requirements.

Program Year 4 Action Plan Monitoring:

HCD monitors entitlement grant activities to ensure long-term compliance with the requirements of the four **entitlement programs and to ensure the Consolidated Plan's** goals and objectives are met. During the Five-year Consolidated Planning period, HCD expects to conduct an average of approximately 55 annual onsite monitoring visits and desk reviews of the **subrecipients' project files that were funded by the four entitlement programs**. These are carried out in conformance with HUD monitoring guidelines for each program. In addition, County departments, participating cities, and subrecipients submit reports that detail the project accomplishments, progress, expenditure status, and projected completion. Affordable housing projects are monitored to ensure compliance with CDBG, HOME, and HOPWA requirements, including appropriate income and rent restrictions. Annual Performance Reports are required for all outstanding affordable housing loans, and are carefully reviewed by staff for compliance with loan documents and program requirements.

Lead-based Paint

1. Describe the actions that will take place during the next year to evaluate and reduce the number of housing units containing lead-based paint hazards in order to increase

Jurisdiction: County of San Diego

the inventory of lead-safe housing available to extremely low-income, low-income, and moderate-income families, and how the plan for the reduction of lead-based hazards is related to the extent of lead poisoning and hazards.

Program Year 4 Action Plan Lead-based Paint response:

Lead-Based Paint Hazard Reduction is provided in conjunction with the owner-occupied Home Repair Program. A Lead Paint Inspection/Risk Assessment is provided with a grant utilizing CDBG funding for all units built prior to 1978. If the Risk Assessment determines that there are lead paint hazards, a grant is provided to mitigate those lead paint hazards. Once the lead hazard control is complete, a lead assessment contractor conducts a clearance test on the property to ensure that the property is free of lead paint hazards. All associated lead hazard control work is provided as a grant to the homeowner.

HOUSING

Specific Housing Objectives

*Please also refer to the Housing Needs Table in the Needs.xls workbook.

1. Describe the priorities and specific objectives the jurisdiction hopes to achieve during the next year.
2. Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by this Action Plan.

Program Year 4 Action Plan Specific Objectives response:

1. **The County's Five-year housing goals and objectives for the FY 2010-2015 Consolidated Plan are:**

Goal 1. Increase rental housing opportunities in San Diego County.

Objective DH-2.1. Produce an annual Notice of Funding Availability (NOFA) and provide funds to organizations for the production of new affordable rental units and rehabilitation of existing affordable rental housing.

Objective DH-2.2. Provide rental assistance to special needs populations to help them meet their rent payments and avoid homelessness.

Goal 2. Increase affordable homeownership opportunities in San Diego County.

Objective DH-2.4. Assist owner households with needed improvements.

Objective DH-2.5. Provide homebuyer assistance to low and moderate income families wanting to purchase a home.

Jurisdiction: County of San Diego

Objective DH-2.6. Provide funding to participating cities to fund their respective homeownership assistance programs.

Objective DH-1.3. Fund HCD's homebuyer education and counseling program.

2. The HUD entitlement grants are the primary resources the County has available to address housing needs and these grants will be used to meet the goals and objectives outlined above. State and local funds are very limited in this current economic climate. The PHA also brings funding resources to meet needs. Excluding HOME and HOPWA funds, the PHA has an annual estimate of \$100 million in resources to meet housing needs in the County.

Needs of Public Housing

1. Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake during the next year to encourage public housing residents to become more involved in management and participate in homeownership.
2. If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation during the next year.

Program Year 4 Action Plan Public Housing Strategy response:

The Housing Authority of the County of San Diego (HACSD) and the County of San Diego Department of Housing and Community Development (HCD) work very closely together to achieve the goals of the Strategic Plan, fulfill the objectives of the Annual Action Plan and to meet the needs of low-income and special needs residents in the County.

Administratively, the Board of Commissioners for the HACSD consists of the Board of Supervisors of the County of San Diego, and two recipients of housing assistance who are appointed by the Board of Supervisors. In this capacity, HCD is responsible for hiring, contracting, procurement, service provision, policy development, review and decisions about capital improvements and developments, and demolition and disposition of public housing developments.

HACSD established a Public Housing Resident Advisory Board (RAB) for the four conventional Public Housing developments and Section 8 Housing Choice Voucher Program participants. The RAB meets twice a year to discuss program issues and recommendations for the Agency and Capital Plans. The RAB, comprised of Public Housing and/or Section 8 Housing Choice Voucher Program participants, has a revolving membership. Applications to become a member of the RAB are included with annual eligibility packets. In addition to the RAB meetings, a special Capital Plan meeting open to all Public Housing residents is held once a year. The HACSD currently has two tenant commissioners who are participants of the Section 8 Housing Choice Voucher Program. The two tenant commissioners each serve at least one two-year term on the HACSD Board of Commissioners.

The County's first-time homebuyer program outreach efforts will target residents of public and manufactured housing, and other families assisted by public agencies. HOME funds that are used for this program are intended to provide homeownership assistance

Jurisdiction: County of San Diego

for such residents, tenants and families. The homebuyer education component of the program will help assisted families to attain and maintain homeownership.

Barriers to Affordable Housing

1. Describe the actions that will take place during the next year to remove barriers to affordable housing.

Program Year 4 Action Plan Barriers to Affordable Housing response:

The County will collaborate with nonprofit organizations in the development of affordable housing. In order to achieve this objective, County Housing Element policies have been recommended to make financial resources available to nonprofit entities. The 2005–12 County of San Diego Housing Element was prepared in conjunction with the comprehensive General Plan update. The goals and policies contained in this Housing Element are designed to be consistent with other elements of the General Plan. The 2005-12 Housing Element can be obtained from the County Department of Planning and Development Services, 5510 Overland Avenue San Diego, CA 92123. Planning is currently underway for the next Housing Element cycle.

HOME/ American Dream Down Payment Initiative (ADDI)

1. Describe other forms of investment not described in § 92.205(b).
2. If the participating jurisdiction (PJ) will use HOME or ADDI funds for homebuyers, it must state the guidelines for resale or recapture, as required in § 92.254 of the HOME rule.
3. If the PJ will use HOME funds to refinance existing debt secured by multifamily housing that is that is being rehabilitated with HOME funds, it must state its refinancing guidelines required under § 92.206(b). The guidelines shall describe the conditions under which the PJ will refinance existing debt. At a minimum these guidelines must:
 - a. Demonstrate that rehabilitation is the primary eligible activity and ensure that this requirement is met by establishing a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing.
 - b. Require a review of management practices to demonstrate that disinvestments in the property have not occurred; that the long-term needs of the project can be met; and that the feasibility of serving the targeted population over an extended affordability period can be demonstrated.
 - c. State whether the new investment is being made to maintain current affordable units, create additional affordable units, or both.
 - d. Specify the required period of affordability, whether it is the minimum 15 years or longer.
 - e. Specify whether the investment of HOME funds may be jurisdiction-wide or limited to a specific geographic area, such as a neighborhood identified in a neighborhood revitalization strategy under 24 CFR 91.215(e)(2) or a Federally designated Empowerment Zone or Enterprise Community.
 - f. State that HOME funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG.

Jurisdiction: County of San Diego

4. If the PJ is going to receive American Dream Down payment Initiative (ADDI) funds, please complete the following narratives:
 - a. Describe the planned use of the ADDI funds.
 - b. Describe the PJ's plan for conducting targeted outreach to residents and tenants of public housing and manufactured housing and to other families assisted by public housing agencies, for the purposes of ensuring that the ADDI funds are used to provide down payment assistance for such residents, tenants, and families.
 - c. Describe the actions to be taken to ensure the suitability of families receiving ADDI funds to undertake and maintain homeownership, such as provision of housing counseling to homebuyers.

Program Year 4 Action Plan HOME/ADDI response:

The County of San Diego has not received ADDI funding since FY 2008-09 and does not anticipate receiving any ADDI funds in the near future.

Resale and Recapture Provisions Both resale and recapture options are available to County HOME Consortium members to use in their homeownership programs. Consortium members may limit the homeownership options to either resale or recapture, or may make both available, depending on the specific program goals, to retain housing affordability.

In order to ensure affordability, the County Consortium has established the following resale and recapture requirements for HOME-funded homeownership activities, in accordance with 24 CFR 92.254 of the HOME regulations. Homeownership programs assisted with Consortium HOME funds may limit homeowner options to either resale or recapture, or may make both available, depending on the specific program goals, to retain housing affordability.

Resale Requirements: If housing does not continue to be the principal residence of the family for the duration of the period of affordability, the housing must be made available for subsequent purchase only to a buyer whose family qualifies as low-income and who will use the property as their principal residence. The price at resale must provide the original HOME-assisted owner a fair return on investment and ensure that the housing will remain affordable to a reasonable range of low-income homebuyers. The period of affordability is based on the total amount of HOME funds invested in the housing. All resale provisions of 24 CFR 92.254 apply to HOME-funded homeownership activities.

Recapture Requirements: If the housing does not continue to be the principal residence of the family for the duration of the period of affordability, the County HOME Consortium must recoup all or a portion of the HOME assistance to the homebuyers. The structure of the recapture provisions will be based on the particular activity design and market conditions. The period of affordability is based upon the total amount of HOME funds subject to recapture provisions described in 24 CFR 92.254 of the HOME regulations. Options for recapture may include those described in 24 CFR 92.254, or other recapture provisions adopted, modified, or developed by the County and subject to HUD approval.

HOME Tenant-Based Rental Assistance The use of HOME funds for tenant-based rental assistance is an element of the Consortium Consolidated Plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing. Due to the competitive rental housing market in San Diego and the significant reduction in HOME funds, new construction or acquisition of rental housing is not always an option for increasing the supply of rental housing for lower income families. Some of the HOME TBRA's assist low income households who are on the Section 8 waiting list. Whereas,

Jurisdiction: County of San Diego

other TBRA's are targeted to specific needs groups, including mentally ill youth, emancipated foster youth, persons with tuberculosis, and families attempting **reunification through participation in the Dependency Court's Substance Abuse Recovery Management System**. Generally, the specific needs groups are referred to these TBRA Programs by the County Health and Human Services Agency or their contracted service providers.

Refinancing The following are conditions under which the County Consortium will refinance existing debt secured by multifamily housing that is being rehabilitated with HOME funds:

- a. Residential rehabilitation shall be the primary eligible activity. The required minimum ratio between rehabilitation and refinancing is 1.05.
- b. Management practices shall be reviewed to demonstrate that disinvestments in the property have not occurred, that the long-term needs of the project can be met, and that the feasibility of serving the targeted population over an extended affordability period can be demonstrated.
- c. New investment shall be made to maintain current affordable units or to create additional affordable units.
- d. The period of affordability shall be a minimum of 55 years.
- e. The investment of HOME funds shall be within the geographic area of the San Diego County Consortium. However, HOME funds could be used outside the geographic area of the Consortium if it can be demonstrated that there is a regional benefit to residents of the Consortium.
- f. HOME funds cannot be used to refinance multifamily loans made or insured by any Federal program, including the Community Development Block Grant Program.

HOMELESS

Specific Homeless Prevention Elements

*Please also refer to the Homeless Needs Table in the Needs.xls workbook.

1. Sources of Funds—Identify the private and public resources that the jurisdiction expects to receive during the next year to address homeless needs and to prevent homelessness. These include the HEARTH Act programs, other special federal, state and local and private funds targeted to homeless individuals and families with children, especially the chronically homeless, the HUD formula programs, and any publicly-owned land or property. **Please describe, briefly, the jurisdiction's plan for the investment and use of funds directed toward homelessness.**
2. Homelessness—In a narrative, describe how the action plan will address the specific objectives of the Strategic Plan and, ultimately, the priority needs identified. Please also identify potential obstacles to completing these action steps.
3. Chronic homelessness—The jurisdiction must describe the specific planned action steps it will take over the next year aimed at eliminating chronic homelessness by

Jurisdiction: County of San Diego

2012. Again, please identify barriers to achieving this.

4. Homelessness Prevention—The jurisdiction must describe its planned action steps over the next year to address the individual and families with children at imminent risk of becoming homeless.
5. Discharge Coordination Policy—Explain planned activities to implement a cohesive, community-wide Discharge Coordination Policy, and how, in the coming year, the community will move toward such a policy.

Program Year 4 Action Plan Special Needs response:

Specific Homeless Prevention Elements

Sources of Funds: The sources of funds the County expects to receive during the 2012 program year include: Federal sources such as HEARTH Act Assistance, Emergency Solutions Grant, Veterans Administration, and Department of Labor funds specifically from the Workforce Investment Act. Further written commitments in support of County projects include State and local funds, including grant funds from foundations and private donors. Project sponsors use funds as leverage or as the required cash match for programs that target homeless individuals and families with children and the chronically homeless.

Homelessness: The San Diego Region has envisioned an integrated system and inclusive strategy between Home Again, formerly known as the Plan to End Chronic Homelessness (PTECH), Keys to Housing for Families, the Mental Health Services Action Plan; and the Regional Continuum of Care Strategy, formerly known as the Blueprint to End Homelessness (Blueprint) which addresses other homeless groups. All jurisdictions are represented in these planning efforts. The Regional Continuum of Care Council (RCCC) is the entity recognized by HUD to head planning efforts and to apply for available federal funding. The RCCC leadership structure includes formal lines of communication and collaboration between special interest groups, community forums and local consolidated plans. The RCCC participates in the national Annual Homeless Assessment Report (AHAR).

The Regional Task Force on the Homeless (RTFH) has been selected by the RCCC to **manage the region's homeless management information system (HMIS). This system coordinates the region's AHAR efforts and is working** to combine data from multiple consortium area systems into one data warehouse. The HMIS produces quarterly and annual reports that assist in monitoring key indicators to assess needs and progress on strategic goals pertaining to homelessness. In 2010, a Data Advisory Committee was created to provide community-based oversight, system evaluation, and comprehensive HMIS planning.

There are three major obstacles that hinder the goal of ending homelessness in the San Diego region: (1) the cost of the local permitting process, the cost of land, lack of incentives as barriers to developing affordable housing in general, and lack of permanent supportive housing in particular; (2) the lack of coordination between governmental agencies administering programs, particularly evident in discharge planning from medical and penal institutions; and, (3) barriers to the access of mainstream resources, which include the eligibility process. A protracted eligibility process with strict documentation requirements, combined with limited resources, continue to be identified as major barriers in the annual survey of consumers and by service providers. Lack of access to specialized services is particularly evident with the major health programs such as, Medicare, Medicaid/Medi-Cal and with some housing programs where local priorities prevail. Although most chronically homeless qualify for some form of disability income,

Jurisdiction: County of San Diego

those attempting to access benefits generally fail three times before successfully receiving the benefits. General Relief is very limited and does not include homelessness as eligibility criteria.

The regional planning efforts include recommendations to address and overcome these obstacles.

Chronic Homelessness: In the San Diego Region, the current chronic homelessness strategy is determined and guided by *Home Again*, funded and supported by the United Way in coordination with the County of San Diego, the City of San Diego, homeless services providers, and the community. The *Home Again* Board, consisting of more than two dozen prominent leaders representing business, academic, health care, law enforcement, government, and housing communities, galvanizes public opinion to maximize funding resources and political support. Home Again accomplishes the goals of the Plan to End Chronic Homelessness (PTECH) through established subcommittees, including: An Executive Committee, a Resources Committee, a Justice and Conservatorship Reform Committee, the Building Opportunities Committee, the Education/Public Relations Committee, and the Implementation Committee.

In accord with the approved PTECH, *Home Again* implements critical strategies through several program initiatives:

- Recuperative Care Program that links homeless persons exiting hospital emergency care with housing and essential health services to ensure successful healing and stability.
- Street Outreach to chronic persons in outlying communities in East and North Inland County.
- **Project 25**, a program serving the most frequent users of emergency health and justice system services.
- Permanent Housing HIV-AIDS Project designed to incorporate a full service partnership with permanent affordable housing.
- Emergency and Interim Shelter Access to move chronic persons from the street into housing assistance promoting a Housing First model.

The plan also includes the development of sub-regional intervention centers, use of the 211 Information Line (INFO LINE) system for referrals, and expansion of the Serial Inebriate Program and Homeless Outreach Team (HOT) programs.

The Prevention Strategies Committee, with four subcommittees, has several goals:

- The Discharge Policies Subcommittee is identifying services and structuring communication among all forms of institutional care including hospitals, nursing facilities, foster care, treatment programs, and correctional facilities to ensure that the homeless will be discharged into appropriate housing, services, and treatment rather than to the streets.
- The Employment Subcommittee is focusing on that small percentage of the chronic homeless who, with training, can be employable and is linking these individuals to training, housing, and services to gain and retain jobs.
- The Mainstream Resources Subcommittee is proposing a computerized inventory to improve access to mainstream resources and has identified and described the use of more than 70 sources of mainstream services from health care to housing, to income supports, and to substance abuse treatment.
- The Program and Services Subcommittee is developing a matrix whereby existing shelters, treatment, and services can be better coordinated to meet the needs of the chronic homeless.
- The Creative Housing Solutions Committee has set a goal of 350 new or converted units annually for the chronic population by using such methods as rehab, master

Jurisdiction: County of San Diego

leasing, adapting non-traditional buildings for housing, and addressing permitting requirements.

- The Justice Systems Task Group has recommended modifications to current judicial and prison procedures to decrease chronic homelessness. These include providing mainstream benefits at release from custody, as well as housing and employment plans as part of probation and parole reports.

Implementation strategies will continue to be led by the Leadership Council with participation by stakeholders from throughout the region. Using the Plan, the Leadership Council will focus on overcoming the barriers to implementation as well as political and financial obstacles. The goal is to reduce the number of chronic homeless from approximately 1,500 incrementally over a five-year time frame until the San Diego region has eliminated chronic homelessness per the national initiative.

Homelessness Prevention: Viable employment opportunities are central to the prevention of homelessness. Local agencies, government resources, and higher education institutions coordinate job training and employment placement services including services for the general homeless, veterans, youth, and disabled citizens. Many entities provide employment-related training and job search assistance. Geographically dispersed one-stop career centers offer free training and job placement. Many agencies provide job assistance to homeless participants through coordinated case management. In addition, **the County continues to promote a “Work First” model, which links individuals to appropriate resources for securing employment and to foster career building.**

Housing Authorities in the region play a pivotal role in assisting individuals with housing challenges by providing rental assistance, first-time homebuyer programs, and housing rehabilitation programs. Additionally, each authority administers HUD monies related to Shelter Plus Care and Section 8, and links individuals to various programs and resources related to housing obtainment.

The Regional Task Force on the Homeless, Inc. serves as a clearinghouse for information on homeless resources. This source is also used to maintain and disseminate an updated annual user-friendly manual that describes, in detail, facilities and services for homeless persons throughout San Diego County. In addition, several organizations provide rental and mortgage assistance for families experiencing a financial emergency that could jeopardize their housing stability.

Providers in San Diego County’s Continuum of Care maintain coordination and collaborative efforts within the region, to improve communication and provide updated and accurate information on services and resources available for at-risk families and individuals. Liaisons to a variety of community forums assist in coordinating the efforts of the RCCC with other local efforts. The RCCC advises local providers of available resources, and engages in efforts to preserve affordable housing units in the community.

Discharge Coordination Policy: Regional activities related to formalizing the implementation of a cohesive protocol for a community-wide Discharge Coordination & Policy address transition from four types of institutions: Foster Care, Health Care entities, Mental Health facilities, and Correctional institutions.

Foster Care System:

The County of San Diego’s Foster Care System discharge planning protocol includes the following information and/or steps:

- Written information about the youth’s dependency case, including family and placement histories and the whereabouts of any siblings who are under the jurisdiction of the juvenile court;
- Anticipated date court jurisdiction is expected to be terminated;
- Health plans (if not already covered by Medi-Cal);
- Legal document portfolio that includes: Social Security Card, Certified Birth Certificate, Driver’s License and/or DMV identification card, copies of parent(s) death certificate(s), proof of citizenship/residence status;
- Housing plans, including referral to transitional housing or assistance in securing other housing;
- Independent Living Skills and subsidized housing programs for Transition Age Youth Employment or other financial support plans; and,
- Educational/vocational plans including financial aid, where appropriate.

Health Care System:

Local policies work cooperatively with state policy efforts to address special needs of homeless persons. The County strategy leverages joint planning efforts of the Hospital Association of San Diego and Imperial Counties (HASDIC), the Regional Continuum of Care Council, and the Plan to End Chronic Homelessness (PTECH, Home Again) to implement projects for hospital discharge, recuperative care, and clinic services for homeless persons. A strategy to increase community awareness has been initiated. PATH Connections Housing (opening 1/2013), a CoC program applicant, co-locates affordable short-term and long-term housing with onsite healthcare access and case management. A plan to implement a frequent-users alternative in discharge protocols is part of the community plan which also encourages co-location of housing and health services. Factors, such as those included on the National Vulnerability Scale, help identify persons at high risk prior to release and result in referrals to health maintenance or recuperative care settings.

Mental Health System:

County Health & Human Services Mental Health Services Policies and Procedures No.01-06-117 addresses discharge planning for special needs clients, with particular reference to persons with co-occurring disorders or who are homeless. County Mental Health Case Management protocol includes discharge planning assessment HHSA- 860(6/2002) that addresses adequate living arrangements. The San Diego County "Network of Care" program described in prior SHP applications continues to offer specific services for homeless persons in multiple languages. The region established priorities for services to homeless persons who are frequent users of mental health and institutional services funded by the state Mental Health Services Act (MHSA). New MHSA and early intervention units have been added to the non-homeless restricted network of care.

The Mental Care System in San Diego County has formalized plans and protocol for low income and no-income individuals. At the present time, homeless persons are eligible for a series of services through referral on release from inpatient or emergency medical facilities. After release, access to service information remains available through the San Diego Center and the Network of Care Program.

- Mental Health Care System Services include:

Jurisdiction: County of San Diego

- Health Insurance Counseling and Advocacy Program (HICAP);
- NeedyMeds Program; and,
- Mobile Units that provide access to care in remote locations. The Network of Care Program offers specific information for homeless persons. The Center reduces barriers to care by providing information in seven languages. Resources are updated through the United Way 211 INFO LINE to ensure regular updates.

Funding from the State Mental Health Services Act has enabled the County of San Diego to implement the approved plan and protocol for housing and services of homeless mentally ill persons, frequent users of emergency health care, and persons exiting correctional facilities with mental health issues.

Corrections System:

The Jail Discharge protocols are included in the "Public Guidebook" published by the Department of the Sheriff for the County of San Diego. The protocol includes a special needs assessment, a resource plan and the distribution of a referral list for medical and mental health services. The County Sheriff's Department has designated staff positions as homeless liaisons, mental health specialists, and an Americans with Disabilities Act Coordinator to assist with individual discharge plans for inmates who have received health or mental health intervention while in custody. A homeless-screening element has been added to the jail booking process and cooperative data collection systems are in process. A list of community non-profits, state-supported, or supervised housing settings is provided at discharge.

Services and discharge planning for individuals released from County correctional facilities are found in the Public Information Handbook prepared by the San Diego County **Sheriff's Department**. **Services are summarized in the SD Sheriff's Health & Mental Health Services Discharge Plan – form J266.**

The County Sheriff's Department has designated homeless liaisons, mental health specialists, and an Americans with Disabilities Act Coordinator to assist with individual discharge plans for inmates who have received health or mental health services while in custody.

The Mental Health Psychiatric Security units of the jail (licensed by the State Department of Mental Health) operate under the purview of the state level discharge plan. A multi-disciplinary team working with the homeless provides discharge plans and case management to ensure continuity of care upon release.

The County of San Diego Community Corrections Partnership (CCP) established in PC1230 as part of the SB678 legislation is aimed at increasing successful completion of probation and community integration. A sub-working group with HHSA, Department of Probation, HCD, Corporation for Supportive Housing and the RCCC facilitator are currently developing a housing and services plan for AB109 Prison Release Offenders (PROs). The plan aligns housing, services and probation requirements to transition PROs back into the community.

Emergency Solutions Grants (ESG)

(States only) Describe the process for awarding grants to State recipients, and a description of how the allocation will be made available to units of local government.

Program Year 4 Action Plan ESG response:

This section is not applicable to the County of San Diego's ESG grant.

COMMUNITY DEVELOPMENT

Community Development

1. Identify the jurisdiction's priority non-housing community development needs eligible for assistance by CDBG eligibility category specified in the Community Development Needs Table, public facilities, public improvements, public services and economic development.
2. Identify specific long-term and short-term community development objectives (including economic development activities that create jobs), developed in accordance with the statutory goals described in section 24 CFR 91.1 and the primary objective of the CDBG program to provide decent housing and a suitable living environment and expand economic opportunities, principally for low- and moderate-income persons.

*Note: Each specific objective developed to address a priority need, must be identified by number and contain proposed accomplishments, the time period (i.e., one, two, three, or more years), and annual program year numeric goals the jurisdiction hopes to achieve in quantitative terms, or in other measurable terms as identified and defined by the jurisdiction.

Program Year 4 Action Plan Community Development response:

1. **The County's priority non-housing community development needs for the FY2013-14 Action Plan include:**
 - Libraries;
 - Parks and recreational facilities;
 - Senior centers;
 - Youth centers;
 - Fire stations/fire equipment;
 - Water and sewer improvements;
 - Sidewalk and street improvements
2. For the Five-year Consolidated Plan period, the County intends to continue to set aside a portion of CDBG funds for needed public infrastructure improvements in the Urban County (participating cities and unincorporated areas). High priority activities include street and sidewalk improvements, including those that improve accessibility. Moderate priority community development activities include recreation/park improvements, and other public facilities improvements.

The County has established the following goals and objectives for meeting its short and long term community development needs during the five year period. These goals include provision of public service dollars to assist housing and social service organizations serve target populations.

Jurisdiction: County of San Diego

Goal 3. Fund public improvements and public services to maintain the quality and safety of the County’s neighborhoods.

Objective SL-1.1. Pursue public facility and infrastructure improvements, and public services projects.

Objective SL-1.2. Provide funding to participating cities to fund their respective public facility and infrastructure improvement, and public services projects.

Goal 4. Encourage development practices that encourage energy efficiency.

Objective SL-3.1. Promote energy efficiency in all projects whenever feasible.

Goal 7. Fund ADA improvements to improve the accessibility and safety of the County’s neighborhoods for persons with disabilities.

Objective SL-1.3. Provide funding for ADA improvements to improve the accessibility of the County’s communities to persons with disabilities.

Goal 8. As applications are received and the need is demonstrated, fund new programs—including acquisition, rehabilitation and rental assistance—targeted to persons with disabilities such as veterans, at-risk youth, survivors of domestic violence, persons with disabilities, seniors, etc.

Antipoverty Strategy

1. Describe the actions that will take place during the next year to reduce the number of poverty level families.

Program Year 4 Action Plan Antipoverty Strategy response:

The primary way HCD will work to reduce poverty during the program year is through its tenant-based rental assistance programs (TBRA). By stabilizing their housing situation, TBRA programs allow San Diego County residents the opportunity to obtain job training and education to move them more quickly toward self sufficiency.

The County maintains other programs that have a goal of reducing poverty, which will be continued during the program year. For example, the County’s Health and Human Services Agency administers the CalWORKs program, which is designed to move low income households from dependency to self sufficiency through employment and to divert potential recipients of welfare payments from dependency. The program’s goal is to identify sufficient employment opportunities with sustainable income levels for people transitioning off of federal programs. Job-related education and training are provided through the County, private industry and educational institutions.

NON-HOMELESS SPECIAL NEEDS HOUSING

Non-homeless Special Needs (91.220 (c) and (e))

*Please also refer to the Non-homeless Special Needs Table in the Needs.xls workbook.

1. Describe the priorities and specific objectives the jurisdiction hopes to achieve for the period covered by the Action Plan.
2. Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by this Action Plan.

Program Year 4 Action Plan Specific Objectives response:

Goal 5. Increase affordability and availability of housing for special needs populations.

Objective DH-2.2. Provide rental assistance to special needs populations to help them meet their rent payments and avoid homelessness.

Goal 6. Provide funding to service providers for housing and supportive services assistance for persons with HIV/AIDs.

Goal 7. Fund ADA improvements to improve the accessibility and safety of the County's neighborhoods for persons with disabilities.

Objective SL-1.3. Provide funding for ADA improvements to improve the accessibility of the County's communities to persons with disabilities.

Goal 8. As applications are received and the need is demonstrated, fund new programs—including acquisition, rehabilitation and rental assistance—targeted to persons with disabilities such as veterans, at-risk youth, survivors of domestic violence, persons with disabilities, seniors, and other special needs populations.

The HUD entitlement grants are the primary resources the County has available to address housing needs and which will be used to meet the goals and objectives outlined above. State and local funds are very limited in this current economic downturn. The PHA also brings funding resources to meet needs. Excluding HOME and HOPWA funds, the PHA has an annual estimate of \$120 million in total resources to meet housing needs in the County.

Housing Opportunities for Persons with AIDS

*Please also refer to the HOPWA Table in the Needs.xls workbook.

1. Provide a brief description of the organization, the area of service, the name of the program contacts, and a broad overview of the range/ type of housing activities to be done during the next year.
2. Report on the actions taken during the year that addressed the special needs of persons who are not homeless but require supportive housing, and assistance for persons who are homeless.
3. Evaluate the progress in meeting its specific objective of providing affordable housing, including a comparison of actual outputs and outcomes to proposed goals and progress made on the other planned actions indicated in the strategic and action plans. The evaluation can address any related program adjustments or future plans.

Jurisdiction: County of San Diego

4. Report on annual HOPWA output goals for the number of households assisted during the year in: (1) short-term rent, mortgage and utility payments to avoid homelessness; (2) rental assistance programs; and (3) in housing facilities, such as community residences and SRO dwellings, where funds are used to develop and/or operate these facilities. Include any assessment of client outcomes for achieving housing stability, reduced risks of homelessness and improved access to care.
5. Report on the use of committed leveraging from other public and private resources that helped to address needs identified in the plan.

HOPWA PROGRAM

\$2,726,216

Summary: Funding for housing assistance and supportive services for low-income persons living with HIV/AIDS.

Comments: On August 11, 1998 (54), the Board of Supervisors authorized the Director of Housing and Community Development (HCD) to execute a revenue contract with the City of San Diego that accepted the HOPWA Program administration and funds. On October 1, 1998, HCD commenced administration of the HOPWA Program.

Congress established the HOPWA Program in 1992. Administered by the U.S. Department of Housing and Urban Development (HUD), the program provides annual funding to jurisdictions, on an entitlement basis, to assist with affordable housing and service needs for persons with HIV and AIDS. Currently, legislation requires that HOPWA funds be awarded to the largest city within an eligible metropolitan area.

HOPWA funds have helped many communities establish strategic AIDS housing plans, better coordinate local and private efforts, fill gaps in local systems of care, and create new housing resources. HOPWA funds may be used for a wide array of housing, social services, and program planning and development costs. Eligible activities include, but are not limited to, acquisition, rehabilitation or new construction of housing units, costs for the operation and maintenance of facilities and community residences, rental assistance, and short-term payments to prevent homelessness. HOPWA may also be used to fund services, such as health care and mental health services, drug and alcohol abuse treatment and counseling, intensive care, nutritional services, case management, assistance in daily living, housing information and placement services.

On April 5, 2011 (03), the Board of Supervisors authorized a Housing Opportunities for Persons with HIV/AIDS (HOPWA) Request for Proposals (RFP) for FYs 2012-13, 2013-14, and 2014-15 and upon successful negotiations and determination of a fair and reasonable price, authorized the award of contracts for a term of one year with two, one-year renewal options and up to an additional six months if needed. Location: 211, 211.04 Thomas Brothers: 1298 B7
Funding Source: CDBG
Activity Eligibility: 570.202(d) Historic Preservation
County Strategy: Eligible Public Improvements
Program Benefit: *Not Eligible-Elimination of Slum and Blight

Comments: A CDBG National Objective cannot be confirmed for this project. The project is inconsistent with the Department of Housing and Urban Development's criteria for historic preservation as the proposed re-use is for a motor transport museum. Additionally, the re-roofing project would not completely eliminate the blight which exists at the site, furthering rendering the project ineligible for CDBG funding.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit.
