

**COUNTY OF SAN DIEGO  
AIR POLLUTION CONTROL DISTRICT**

**NOTICE OF PUBLIC HEARING**

**NOTICE**, pursuant to the State of California Health and Safety Code Section 40725, is hereby given of a public hearing on January 29, 2020, at 9:00 a.m., before the Air Pollution Control Board of the County of San Diego, in Room 310, County Administration Center, 1600 Pacific Highway, San Diego, California, for the purpose of receiving public comments on and considering proposed amendments to Regulation X – Standards of Performance for New Stationary Sources.

The proposed amended Regulation X will repeal 16 outdated rules of the San Diego County Air Pollution Control District (District) and adopt by reference the current federal versions of the following 31 Subparts of Title 40, Chapter 1, Part 60, of the Code of Federal Regulations (40 CFR Part 60): A (General Provisions), D (Fossil-Fuel-Fired Steam Generators), Da (Electric Utility Steam Generating Units), Db (Industrial-Commercial-Institutional Steam Generating Units), Dc (Small Industrial-Commercial-Institutional Steam Generating Units), E (Incinerators), Ec (Hospital/Medical/Infectious Waste Incinerators), I (Hot Mix Asphalt Facilities), J (Petroleum Refineries), L (Secondary Lead Smelters), M (Secondary Brass and Bronze Production Plants), O (Sewage Treatment Plants), DD (Grain Elevators), EE (Surface Coating of Metal Furniture), GG (Stationary Gas Turbines), QQ (Graphic Arts Industry: Publication Rotogravure Printing), RR (Pressure Sensitive Tape and Label Surface Coating Operations), SS (Industrial Surface Coating: Large Appliances), TT (Metal Coil Surface Coating), AAA (New Residential Wood Heaters), BBB (Rubber Tire Manufacturing Industry), FFF (Flexible Vinyl and Urethane Coating and Printing), JJJ (Petroleum Dry Cleaners), OOO (Nonmetallic Mineral Processing Plants), WWW (Municipal Solid Waste Landfills), CCCC (Commercial and Industrial Solid Waste Incineration Units), IIII (Stationary Compression Ignition Internal Combustion Engines), JJJJ (Stationary Spark Ignition Internal Combustion Engines), KKKK (Stationary Combustion Turbines), QQQQ (New Residential Hydronic Heaters and Forced-Air Furnaces), and TTTT (Greenhouse Gas Emissions for Electric Generating Units).

In addition, the procedure for locally adopting any subsequent federal amendments to a Subpart previously adopted by the Air Pollution Control Board is proposed for amendment. As proposed, any subsequent federal amendments to a previously locally adopted Subpart will be automatically incorporated by reference into Regulation X after the District conducts outreach to affected sources and the Board and completes a public notice process. This action will simplify the local adoption of amended federal Subparts while maintaining the District's commitment to transparency and outreach.

The Board may consider modifications to the proposal, which may be deemed appropriate. Written comments are also invited. Comments should be addressed to:
