NOTICE OF WORKSHOP

**FOR DISCUSSION OF
DRAFT 2018 AIR TOXICS “HOT SPOTS” PROGRAM REPORT**

The San Diego County Air Pollution Control District (District) will hold a public workshop to receive comments on its draft 2018 Air Toxics “Hot Spots” Program Report, which is scheduled as follows:

DATE: Thursday, August 15, 2019
TIME: 1:30 p.m. to 2:00 p.m.
PLACE: San Diego County Operations Center
5500 Overland Avenue, 1st Floor, Room 120
San Diego, CA 92123

The District prepares an annual report of its “Hot Spots” program in accordance with the State of California’s *Air Toxics “Hot Spots” Information and Assessment Act* (AB 2588, Connelly) enacted in 1987. This law requires facilities to quantify emissions of toxic air contaminants, conduct a public health risk assessment for emissions of concern, notify the affected public if there is an elevated risk, and reduce significant health risks to acceptable levels. The District is the implementing agency for San Diego County.

The District’s draft 2018 Air Toxics “Hot Spots” Program Report summarizes the “Hot Spots” program elements, the current status of the program in San Diego County, stationary and mobile source emissions estimates, emission reduction efforts, and current status of public notifications and risk reduction plans.

The District requests that workshop participants bring their own copy of the draft report which is available, along with the workshop’s location map, on the District’s website at http://www.sdapcd.org/content/sdc/apcd/en/Rule_Development/Workshops.html.

If you have any questions or comments concerning the draft report, the Air Toxics “Hot Spots” program, or the upcoming workshop, please contact Jim Swaney at (858) 586-2715 or jim.swaney@sdcounty.ca.gov. Comments regarding the report may be submitted at the workshop or in writing, no later than 5:00 p.m. Pacific Time, on August 29, 2019.
