Independent Auditors' Report on Supplementary Information

The Board of Supervisors
County of San Diego, California:

We have audited the financial statements of the County of San Diego, California (the County) as of and for the year ended June 30, 2001, and have issued our report thereon, dated December 28, 2001. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2001 on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was made for the purpose of forming an opinion on the financial statements of the County of San Diego, California, taken as a whole. The accompanying Schedule of Expenditures of Federal Awards by CFDA Number is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*, and is not a required part of the financial statements. The Schedule of Expenditures of Federal and Nonfederal Awards and the Schedule of Expenditures of the Office of Criminal Justice and Planning Awards are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly presented, in all material respects, in relation to the financial statements taken as a whole.

COUNTY OF SAN DIEGO, CALIFORNIA

Note to Schedule of Expenditures of Federal and Nonfederal Awards

Year ended June 30, 2001

Summary of Significant Accounting Policies

Basis of Presentation

The accompanying Schedule of Expenditures of Federal and Nonfederal Awards has been presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*. Therefore, some amounts presented in the schedule may differ from amounts presented in or used in the preparation of the general purpose financial statements.

Because the schedule presents only a selected portion of the activities of the County, they are not intended to and do not present either the financial position or results of operations of the County.

San Diego, CA 92101

**Report on Compliance and on Internal Control over Financial Reporting
Based on an Audit of Financial Statements Performed in Accordance
with Government Auditing Standards**

The Board of Supervisors
County of San Diego, California:

We have audited the financial statements of the County of San Diego, California (the County) as of and for the year ended June 30, 2001, and have issued our report thereon, dated December 28, 2001. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we have noted other matters involving internal control over financial reporting which we have reported to management of the County in a separate letter dated December 28, 2001.

This report is intended solely for the information and use of the Board of Supervisors and management of the County of San Diego, California and its federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance with Requirements Applicable to Each Major Program and Internal Control over Compliance in Accordance with OMB Circular A-133

The Board of Supervisors
County of San Diego, California:

Compliance

We have audited the compliance of the County of San Diego, California (the County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs as of and for the year ended June 30, 2001. The County's major federal programs are identified in the summary of auditors' results section of the Schedule of OMB A-133 Audit Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that are applicable to its major federal programs for the year ended June 30, 2001.

Internal Control over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on its major federal programs in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses. However, we noted other matters involving internal control over financial reporting that we have reported to management of the County in a separate letter dated December 28, 2001.

This report is intended solely for the information and use of the Board of Supervisors and management of the County of San Diego, California and its federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

(2) Findings Relating to the Financial Statements Reported in Accordance with *Government Auditing Standards*:

None.

(3) OMB A-133 Audit Findings and Questioned Costs:

None.

COUNTY OF SAN DIEGO, CALIFORNIA

Note to Schedule of OMB Circular A-133 Audit Findings and Questioned Costs

June 30, 2001

(4) State Office of Criminal Justice and Planning (OCJP) Audit Findings and Questioned Costs

Finding 2001-1

Programs affected:

Office of Criminal Justice and Planning

Condition:

KPMG noted that two progress reports for the Elder House (Nursing Home) Prosecution Program and three progress reports for the Juvenile Incentive Block Grant Program were submitted late.

Criteria:

Section 10120 of the OCJP Grantee Handbook, states that OCJP projects must submit progress reports to the Grants Payment Unit within 30 calendar days of the end of the report period.

Recommendations:

As timely reporting of information is an important element of maintaining compliance with grant agreements, we recommend that the OCJP departments implement a tracking system to monitor their compliance with reporting deadlines in order to ensure that required reports are submitted in a timely manner.

County of San Diego

Management's Response and Corrective Action Plan

Finding 2001-1

Contact Person

Mary Jane Kubat, Admin Analyst III
Administrative Services

The office of the District Attorney concurs with the recommendation. The Office of the District Attorney has implemented a tracking system to monitor deadlines for the processing of progress reports so compliance in reporting is achieved. The two late progress reports cited in the above finding were forwarded to the Office of Criminal Justice Planning. We will continue to monitor our department's compliance with OCJP deadlines.

Contact Person

Cynthia Griego, Chief
Probation Accounting

The Probation Department concurs with the Single Audit Finding regarding the late Progress Reports of the Juvenile Accountability Incentive Block Grant. We have identified the problems that caused the Progress Reports to be late and have put a monitoring system in place to ensure that future Progress Reports are submitted to OCJP in a timely manner. Also, OCJP was aware that the reports for the audit year would be late, as we were in constant communication with OCJP about this new grant.

County of San Diego
