HOW THE PROPERTY TAX SYSTEM WORKS

Overview

Property tax administration is the responsibility of three departments of the County of San Diego:

- The County Assessor is responsible for determining the taxable value of real and personal property and for preparing the annual assessment roll.
- The County Auditor computes tax rates and applies them to the properties’ taxable value to generate the tax roll and tax bills; and is also responsible for allocating and distributing property tax revenues collected to local taxing agencies.
- The County Tax Collector is responsible for billing and collection activities, including the mailing of tax bills, processing of tax bill payments, and maintenance of taxpayer accounts.

Figure 2

~County of San Diego~
GENERAL INFORMATION FOR PROPERTY OWNERS

The property tax administration cycle begins with the determination of the taxable value of property. Each year the County Assessor and the State Board of Equalization determine the assessed value of real and personal property located throughout the County. The property value is assessed to the persons owning, claiming, possessing, or controlling the property on the lien date. Revenue and Taxation (R&T) Code Section (§) 2192 mandates the County levy property taxes for each fiscal year. Tax liens attach annually as of 12:01 a.m. on January 1st preceding the fiscal year for which taxes are levied. Property owners should notify the County Assessor immediately of any change of address to ensure that owners receive important notifications and tax bills.

Filing requirements for new property owners
New property owners must file a signed Change in Ownership Statement with the County Assessor/Recorder/County Clerk within a specified period of time (R&T § 480). Failure to file the required statement will result in penalties added to the property tax bill. In addition to annual property tax bills, new property owners will receive one or two supplemental tax bills. Refer to Supplemental Tax Bills section for additional information.

Filing requirements for personal property owners
The tax code requires each person owning taxable personal property with an aggregate cost of one hundred thousand dollars ($100,000) or more for an assessment year to file a signed property statement with the County Assessor (R&T § 441(a)) between January 1st and April 1st. Property owners who fail to file the required statement by May 7 will incur a penalty of ten percent (10%) of the assessed value of the unreported taxable property.

Tax Exemption Programs
The Constitution of the State of California and certain California Laws contain provisions granting exemption from taxation to certain individuals and entities that meet specified criteria. The County Assessor administers the homeowner tax exemption program, which allows homeowners to claim a $7,000 exemption from the full value of a property used as the homeowner’s primary residence; and other programs applicable to properties owned by disabled veterans, religious organizations, public schools, colleges, and cemeteries. The County Assessor also administers programs for lessors, historical property, and four percent (4%) documented vessel exemptions. Additionally, the County Assessor and the State Board of Equalization jointly administer the welfare exemption program. To receive an exemption, a property owner must file a claim for the exemption with the County Assessor. Exemptions may not apply to the taxes of certain special districts or to fixed charges collected with property taxes.
Assessment Appeals
If property owners feel that the assessed value of their property as determined by the County Assessor is incorrect, they should contact the County Assessor’s office to discuss the matter. If the dispute cannot be resolved, the property owner may file an appeal with the Assessment Appeals Board. An appeal is filed with the Clerk of the Assessment Appeals Boards. The filing period is July 2nd through November 30th of each year.

You may visit the County Assessor’s website at http://arcc.sdcounty.ca.gov or contact one of the County Assessor’s branch offices for additional information regarding filing requirements for property owners, change of address, assessed valuation, tax exemption programs, assessment appeals, or supplemental assessments.

GENERATION OF TAX BILLS

Tax Rate Area
Properties are subject to taxation by a number of taxing agencies, including the County, cities, school districts, and various special districts. The County Auditor, in coordination with the County Assessor and the State Board of Equalization, groups properties taxed by the same combination of taxing agencies into a distinct Tax Rate Area (TRA). The County Assessor numbers TRAs that appear on the property tax bills. There are 5,144 such TRAs in the County. The Auditor uses TRAs in the administration of tax rates and the distribution of property tax revenue. The full list of current year TRAs and tax rates are in Table 27 beginning on page 114.

Annual Secured Taxes
In preparing the secured tax roll, the County Auditor applies tax rates to the assessed valuation rolls prepared by the County Assessor and the State Board of Equalization. Proposition 13 of 1978 limits the maximum ad valorem (according to value) tax to one percent (1%) of the full cash value of property. In addition to this one percent (1%) ad valorem tax rate established by Proposition 13, a typical annual secured tax bill includes tax rates for voter approved debt of school districts and special districts. The Auditor computes these tax rates based on the amount needed to make annual payments for the interest and principal on general obligation bonds or other indebtedness approved by the voters prior to July 1, 1978. The tax rates levied by special districts are computed by the districts and transmitted to the County Auditor for inclusion in the tax roll. The one percent (1%) tax rate applies to all taxable property values including land, improvements, and personal property. Debt service tax rates may apply to all property values, land only, or land and improvements only. Specific tax statutes determine the taxable base value for the various debt service rates. The Assessed Valuation tables starting on page 24 describe the taxable base value applicable to each debt service tax rate included in the current year tax roll.

Special Assessments
State law allows for the collection of special assessments levied by local government entities through the property tax bills. Examples of these assessments include special taxes such as Mello-Roos, and fees or charges assessed by a variety of special districts to pay for specific additional services or benefits to properties located within the districts’ boundaries.
Table 14 beginning on page 70 provides a complete listing of fixed charge special assessments added to the tax roll. By law, special assessments cannot be based on property value. Instead, the assessment amount is based on other property characteristics, or on the specific benefit a property receives from the services or improvements provided by the districts. Special assessments are administered by the entities levying them. All questions regarding special assessments must be directed to them by contacting the telephone number provided on the tax bill or in Table 14.

Unsecured Taxes
Unsecured taxes are not a lien on real property. Examples of unsecured property include boats, leasehold interests, and mining claims. In accordance with State law, tax rates for unsecured property are the secured tax rates levied for the preceding fiscal year (R&T § 2905). Since we know tax rates applicable to unsecured property at the lien date, billing for unsecured taxes starts in January.

Supplemental Taxes
Supplemental taxes are determined in accordance with Article XIII A of the California Constitution which generally requires reappraisal of property whenever a change in ownership occurs or property has new construction. The County Assessor transmits supplemental assessments to the County Auditor for inclusion in the tax rolls. The value prorate factor determines the amount of tax that will be owed from the date of change in ownership or completion of construction.

PROPERTY TAX PAYMENTS
The County mails annual (secured) property tax bills in October. These bills include property taxes and assessments, fees, or charges collected with County taxes. It is the taxpayer’s responsibility to obtain a tax bill and pay the taxes on their property. Failure to receive or obtain a bill does not justify the waiver of delinquent penalties. If a taxpayer does not receive a tax bill by November 1st, he or she should make a request for it to the County Tax Collector. Property tax bills may be paid in person at any of the County Tax Collector’s branch offices, by mail, or online. The property tax bills and the County Tax Collector’s website provide detailed information on the various options available for payment. A property owner may pay annual property tax bills in two equal installments by the dates indicated in the following Important Tax Dates section (R&T § 2700.1).

Defaulted Taxes
Annually, on or before September 8, the County Tax Collector publishes a list of property tax parcels that have not been paid and are in the second year of default.

Unsecured Taxes
Unsecured property taxes become delinquent if unpaid by August 31st. Unsecured taxes are due on the lien date, are payable on demand, and are subject to a delinquent penalty of ten percent (10%).

GENERAL INFORMATION FOR TAXING AGENCIES

PREPARING THE TAX ROLL

To generate the annual secured tax roll, the County Auditor applies the one percent (1%) tax rate set by Proposition 13 and other tax rates for voter approved debt to the combined assessed valuation roll. Additionally, the County Auditor compiles the fixed charge special assessments to be included in the tax roll on behalf of local governmental entities.

Combined Assessed Valuation Reports
The County Auditor combines the assessed values (AV) from the local assessed valuation roll prepared by the County Assessor and the State roll prepared by the State Board of Equalization into a combined AV roll. The Auditor prepares and distributes combined AV reports for each taxing agency in July. Taxing agencies that have voter approved debt must use the combined AV reports provided by the County Auditor for their tax rate computations.

Tax Rates, Fees and Assessments
The County Auditor computes the tax rates for voter approved debt of school districts. School districts that have recently issued general obligation bonds or plan on issuing new bonds in the coming year must notify the County Auditor by early July. Districts submit the actual or estimated debt service schedule for the new bonds by early July to ensure that a tax rate for the new bonds is included in the tax roll. Tax rates must be approved by the County Board of Supervisors on or before October 3rd. Additionally, special districts that compute their own rates must submit a resolution and other supporting documentation to the County Auditor no later than August 31st to ensure that the rate is included in the tax roll. Governmental entities who wish to bill and collect their fees, special taxes, or assessments through the property tax roll must submit a list of parcels and the assessment amount for each parcel to the County Auditor by this date. In addition to the list of parcels and charges, the County Auditor also must receive a copy of the governing body’s ordinance approving the assessments, and a signed statement certifying the accuracy of the assessment information provided to the County Auditor. The deadline for submitting Fixed Charge Special Assessments is August 10th. After all tax rates and fixed charge special assessments are compiled, the tax roll is generated.

The tax roll then generates the annual tax bills and determines the county-wide taxes receivable. The total receivable amount is then allocated to taxing agencies using the allocation formula established by Assembly Bill 8 in 1979. Refer to Figure 1 on page 4 for the current year revenue allocation. However, before this process takes place, the County Auditor must update the master Tax Rate Area Index (TRAI) and compute the Tax Rate Area (TRA) allocation factors.

Tax Rate Area Index
Each year, the County Auditor updates the TRAI to reflect changes to the TRA structure approved by the State Board of Equalization. In coordination with the County Assessor and the State Board of Equalization, the County Auditor assigns
properties with the same combination of taxing agencies serving them into distinct TRAs. TRAs are a key component in the allocation of property tax revenues. After California voters approved Proposition 13 in 1978 limiting the ad valorem tax to one percent (1%) of a property’s full market value, the state legislature had to establish a means to allocate the reduced amount of tax revenue to the taxing agencies entitled to receive a share of the tax. The revenue allocation formula was initially defined by Assembly Bill 8 (AB8) and supplemented later on by various bills.

**AB8 Tax Revenue Allocation Formula**
This bill in 1979 determined the tax base for each taxing agency. It also established that during each subsequent year after the tax base was determined, each agency is entitled to receive this tax base plus a proportional share of revenues resulting from the assessed value growth above the base. The combined base and growth for the current year would then become the following year’s base. The Auditor measures annual growth at the TRA level resulting from annual changes of property values and other factors, including jurisdictional changes and new legislation.

**Jurisdictional Changes and TRA allocation factors**
A jurisdictional change occurs when a taxing entity’s boundaries change. The change may be due to annexation or detachment of properties from a taxing entity or reorganization of existing taxing entities. A taxing entity frequently initiates the process through the Local Agency Formation Commission (LAFCO), and the change also is submitted to the State Board of Equalization (SBE). The SBE maintains an official list of taxing entities within a TRA. These jurisdictional changes often result in changes to the TRA allocation factors. Each TRA has a set of factors equaling one hundred percent (100%). The Auditor uses these factors to allocate TRA incremental increase or decrease from growth in the tax levy. These factors generally do not change without a jurisdictional change negotiated agreement initiated by LAFCO and/or the affected jurisdictions, by mandated legislative tax shifts, or TRA consolidations.

**PROPERTY TAX REVENUE APPORTIONMENT**

The County Auditor allocates and distributes taxes on a monthly basis according to a preliminary schedule prepared by the County Auditor and distributed to taxing agencies in July. The County Tax Collector transmits on a monthly basis the taxes collected to the County Auditor along with detailed certified reports listing taxes collected by revenue category (e.g. current year secured taxes, current year unsecured taxes, prior year secured taxes, etc).

Property tax revenue from tax rates for voter approved debt plus fixed charge special assessments (FCSAs) get allocated and distributed to specific funds set up for each tax rate or FCSA. The Auditor allocates 1% revenue to the taxing agencies entitled to receive a portion of this tax utilizing each agency’s AB8 apportionment factor. The Auditor allocates the one percent (1%) general tax revenue from the following property types using different apportionment factors or special
formulas prescribed by various sections of the California Revenue and Taxation (R&T) Code:

- 1% Unitary Tax (R&T § 100)
- 1% Unitary-Qualified Electric (R&T § 100.95(a)(3))
- 1% Unitary Regulated Railway Companies (R&T § 100.11(a)(1)(B) & 100.11(a)(2)(C))
- 1% Supplemental Tax Revenue (R&T § 75.60)
- 1% Unsecured Tax from Aircraft (R&T § 4701)

Alternative Method of Apportionment (Teeter Plan)
The County of San Diego implemented the alternative method of apportionment commonly referred to as the Teeter Plan in fiscal year 1993-94. Under the Teeter Plan, the County buys out the estimated outstanding current year delinquent secured and secured supplemental tax receivables as of June 30th. The Teeter Plan buy out is processed before June 30th.

*R&T = Revenue and Taxation*
| **Lien Date** | The time when taxes for any fiscal year become a lien on property, 12:01 a.m. on January 1 preceding the fiscal year for which taxes are levied. (R&T Code 117 & 2192)* |
| **Mello-Roos** | A comprehensive regional government financing and administrative system by which the constituency is empowered through the electoral process to incur debt supported by taxation for the purpose of providing the facilities and services which are necessary to the region due to new development. Also known as Community Facilities District (CFD). |
| **Personal Property** | Includes all property except real estate, i.e., movable property. (R&T Code 106)* |
| **Possessory Interest** | Possession of, claim to, or right to the possession of land or improvements that is independent, durable, and exclusive of rights held by others in the property, except when coupled with ownership of the land or improvements in the same person; such interests are taxable to the lessee. (R&T Code 107)* |
| **Property Tax Rate** | "...Any rate of tax or assessment which is levied per unit of assessed value of property...includes any rate or assessment which is levied on the value of the land only, as well as any rate or assessment which is levied on the value of land and improvements." (R&T Code 2213)* |
| **Property Tax Revenue** | A specific term added to the Revenue and Taxation Code effective July 24, 1979. This term refers to revenue from property taxation including state reimbursement for homeowner’s exemptions, but excludes certain items such as property tax levied for the redemption of general obligation bonds or other voter approved indebtedness. (R&T Code 95)* |
| **Proposition 13, 1978** | Limits tax rate to one percent of full cash value plus voter approved debt service tax rate. (Constitution XIXA and R&T Code 93)* |
| **Qualified Facility of a Regulated Railway Company** | Means a building, auto or container loading and unloading facility, or transload facility that meets both of the following criteria:  
(a) The original cost of the completed facility, including land, but not including, track and track materials, is equal to or exceeds one hundred million dollars ($100,000,000).  
(b) The facility is completely constructed and placed in service after January 1, 2007. |

*R&T = Revenue and Taxation
**Qualified Public Utility Property**

Means all plant and associated equipment, including substation facilities and fee-owned land and easements, placed in service by the public utility on or after January 1, 2007, and related to the following:

(a) Electrical substation facilities that meet either of the following conditions:
   (i) The high-side voltage of the facility’s transformer is 50,000 volts or more.
   (ii) The substation facilities are operated at 50,000 volts or more.
(b) Electric generation facilities that have a nameplate generating capacity of 50 megawatts or more.
(c) Electrical transmission line facilities of 200,000 volts or more.

**Real Estate or Real Property**

“...(a) The possession of, claim to, ownership of, or right to the possession of land. (b) All mines, minerals, and quarries in the land, all standing timber whether or not belonging to the owner of the land, and all rights and privileges appertaining thereto. (c) Improvements.”

(R&T Code 104)*

**Recognized Obligation Payment Schedule (ROPS)**

The document setting forth the minimum payment amounts and due dates of payments required by enforceable obligations for each fiscal year.
(Health & Safety Code §34171(h))

**Redevelopment Property Tax Trust Fund (RPTTF)**

A fund required to be established in the County Treasury for the property tax revenue related to former redevelopment agencies.
(Health & Safety Code §34170.5(b))

**Redevelopment Successor Agency (RSA)**

The successor entity to the former redevelopment agency responsible for winding down the activities of the dissolved redevelopment agencies.
(Health & Safety Code §34171(j))

**Secured Roll**

That part of the assessment roll containing real property, the taxes on which are adequately secured by a lien.

**Secured Tax Rate**

The rate per $100 of full value at which property on the secured roll must be taxed in order to yield the budgeted receipts from taxes on this roll. For 1981/82 and thereafter (the date when the legislative definition of full cash value of property was changed from 25% to full market value), the maximum tax rate is 1.00% plus the tax rates for voter approved indebtedness.
(Constitution XIII(A))
