

# Quick Start Guide

BeeWhere is a new service provided by CACASA for beekeepers to fulfill their regulatory obligations to register and report colony locations to the local County Agricultural Commissioners. It is accessible through the secure CalAgPermits BeeWhere web site [beewhere.calagpermits.org](http://beewhere.calagpermits.org) and through participating software providers.

Bringing beekeepers and pesticide applicators together by tracking and safeguarding hive locations across California using innovative mapping tools.
