TEMPORARY FOOD FACILITY
EVENT ORGANIZER APPLICATION PACKET

This packet outlines steps for event Organizers and participating food vendors to follow when applying for a Temporary Food Facility (TFF) permit in San Diego County. Follow all instructions carefully and ensure all forms are complete before submitting to a Department of Environmental Health office.

Who must have a TFF Event Organizer Permit? In accordance with the Health and Safety Code, Section 114381.1, an Organizer Permit is required of the person or organization responsible for facilities that are shared by two or more Temporary Food Facilities (TFF).

Who must have a TFF Vendor permit? Any person or organization that stores, prepares, packages, serves, vends, or otherwise provides food or beverage for human consumption at the retail level, regardless of whether there is a charge for the food, operating in a fixed location at an approved community event (H&SC 113789, 113930). Examples of a community event include street fairs and festivals, musical and artistic presentations, sports events, ethnic celebrations, trade shows and product introductions involving food. This applies to **all** retail food and beverage, including prepackaged items like chips or candy bars, and soft drinks, etc.

A TFF permit is valid for one single food booth only. If a vendor is operating more than one booth at an event, a permit must be obtained for each booth location. Separate applications must be submitted. The **original permit** must be posted in the booth at all times, photocopies will not be accepted. If a vendor will be operating at more than one event in San Diego County on the same day, each location must also be permitted separately. This applies to all TFF permit types, including single event and yearly.

Permit fees are required of all event Organizers and vendors. Nonprofit Charitable organizations may operate at **two** events per calendar year with no permit fees. Standard permit fees will apply to the organization's third and subsequent events. Proof of nonprofit status must be received with the application to qualify for fee exemption (Federal IRS 501(c)(3) is the standard letter). A **Late Submittal Fee** will be charged if permit applications are received less than 14 days prior to the event start date. Nonprofit organizations **are not** exempt from late submittal fees.

Event Organizers are responsible for ensuring that all vendors have adequate access to a safe water supply, 3-compartment sink with hot/cold running water, trash and wastewater disposal, and restrooms. Vendors found operating without valid permits will be closed until the fees are paid to the event Organizer. All vendors selling unpackaged foods must operate from an enclosed booth with an approved hand-washing station (see sample diagram in this packet). **Vendor applications will not be accepted for an event unless there is an Organizer Permit on file.**

Please allow 30 days to process the applications for most events. The Event Organizers are the key contacts for our department and are held responsible for vendor compliance with the applicable regulations. We hope your event is successful and we thank you for your cooperation. If you have further questions, please call (858) 505-6809.

TEMPORARY FOOD FACILITY EVENT ORGANIZER RESPONSIBILITIES

1. Maintain an open line of communication and work closely with the Department of Environmental Health to assure a safe and successful event.
2. Be familiar with your vendor operations and know the Temporary Food Facility rules and guidelines, including key food safety practices.
3. Provide the Department with the following (**must be submitted 30 days prior to the event**):
 - a. Complete the **Temporary Food Facility Event Organizer Application**
 - b. **Food Vendor List** including:
 - 1) Name of Booth
 - 2) Name, address, & phone number of person in charge of booth
 - 3) Food type & menu items
 - 4) Business Type & Permit Number (Nonprofit or Licensed Business)
 - c. **Restaurant Vendor List** for any facilities operating DIRECTLY OUTSIDE of their restaurant:
 - 1) Name of restaurant
 - 2) Name, address, & phone number of person in charge
 - 3) Provide SOP (Standard operating procedures) for each restaurant participating, at least 30 days prior to the event for review
 - d. **Site Map** including the location of:
 - 1) Each food booth
 - 2) Potable and non-potable water supply
 - 3) Waste water disposal
 - 4) Trash Dumpsters
 - 5) Refrigerated trucks (if applicable)
 - 6) Warewashing sinks (3-compartment minimum within 100ft)
 - 7) Handwashing facilities
 - 8) Restrooms within 200 feet of food booths
4. Provide all food vendors with an Application for Temporary Food Facility Permit and notify applicants that they must return applications to this Department no later than 30 days prior to the event. Each separate booth is considered an independent Temporary Food Facility and must apply for and obtain a separate permit. The event Organizer is responsible for ensuring that all participating TFF's are permitted.
5. Permit applications received less than 14 days prior to the event start date will be considered past due and a **penalty fee will be assessed**. Food vendors without valid permits will not be allowed to operate.

TEMPORARY FOOD FACILITY PERMIT INSTRUCTIONS TO FOOD VENDORS

BACKGROUND

The California Health and Safety Code, Sec. 114387 requires a Temporary Food Facility (TFF) Permit of any person or organization that is providing food at a public event. All food vendors, including existing restaurants, are required to apply for a Temporary Food Facility Permit when participating in a temporary event.

A TFF permit is valid for one single food booth only. If a vendor is operating more than one booth at an event, a permit must be obtained for each booth location. Separate applications must be submitted. The **original** permit must be posted in the booth at all times, photocopies will not be accepted. If a vendor will be operating at more than one event in San Diego County on the same day, each location must also be permitted separately. This applies to all TFF permit types, including single and multi-event.

REQUIREMENTS

Refer to the California Retail Food Code (CalCode), Chapter 11 (Health & Safety Code, Sections 114335 to 114363) for Temporary Food Facility requirements. **Temporary Food Facilities must also meet all applicable requirements in CalCode Chapters 1 to 8, inclusive, Chapter 12.6, and Chapter 13, unless specifically exempted.**

NEW PERMITS

- Submit a complete "Application for Temporary Food Facility Permit" and applicable fees.
- Applications and fees can be mailed or submitted in person to any Department of Environmental Health Office. Make checks payable to County of San Diego.
- Applications for Multi-Event Permits (Annual) must include a Commissary Agreement Letter (attached) and evidence of a Food Safety Certificate.
- If approved, the "Temporary Food Facility Permit" will be issued by the Environmental Health Specialist on the day of the event, or issued through your Event Organizer/Organizer.
- The **original** permit must be posted in the booth when open for business.

EXISTING PERMIT HOLDERS

If you already have a valid "Temporary Food Facility Permit" issued by this department, please do the following:

- Provide the Event Organizer with a photocopy of your permit.
- The **original** permit must be posted in the booth when open for business, photocopies will not be accepted.

NON-PROFIT CHARITABLE ORGANIZATIONS

- A permit application is required.
- Non-profit vendors are exempt from permit fees for two (2) events per calendar year. A late fee will be assessed if the application is submitted less than 14 days prior to the event start.
- Submit proof of nonprofit status: Federal IRS 501 (c)(3) is the standard letter.

MOBILE FOOD FACILITY VENDORS

- Permitted mobile food facility vendors may operate at Temporary Events without additional permits if operating within mobile unit.
- **If a booth is set up and a mobile food facility vendor is operating within a booth instead of within the mobile unit, an additional Temporary Event Vendor Permit must be obtained.**
- Provide the Event Organizer with a photocopy of your valid permit; keep original permit onsite when open for business.

SUBMITTING A TFF PERMIT APPLICATION

Submit your permit application to any Department of Environmental Health office at the following locations:

North County Office	San Diego Office
151 E. Carmel St. San Marcos, CA 92078 (760) 471-0730 Hrs. 8am to 4pm M-F	5500 Overland Ave 1 st floor San Diego, CA 92123 (858) 505-6900 Hrs. 8am to 4:30pm M-F

QUESTIONS:

If you have questions regarding Temporary Events, contact the Information Specialist on Duty at (858) 505-6900 or the Temporary Event (Special Events) Permit Coordinator at (858) 505-6809. You may also send an e-mail to fh dutyeh@sdcounty.ca.gov.

Roof: _____

Sides (required for most booths): _____

FOOD SAMPLING / DEMONSTRATOR (SDCC SEC 65.107 (4))

- Portioning of food is made at an approved permitted/registered kitchen.
- Annual Sampling / Demonstrator permit owners are also required to operate with an approved commissary or other approved food operation and food safety certification if portioning potentially hazardous foods.

DEMONSTRATION OF KNOWLEDGE for FOOD HANDLERS (SDCC 61.114)

A Food Handler is a person who prepares, handles, packages, serves or stores food or handles utensils, or assists another person in any of these tasks. Owners and operators of temporary food facilities that prepare, handle, or serve non-prepackaged food are to ensure that their Food Handlers demonstrate adequate knowledge of food safety principles. This can be accomplished by either of the following:

1. Employing a food handler who has a current food handler certificate or food handler test within the last three years **or**
2. Have an owner or a PERSON IN CHARGE who can demonstrate that he or she has an adequate knowledge of food safety principles as they relate to the specific food facility operation and the food handler is able to demonstrate adequate knowledge of food safety principles related to the operation of the temporary food facility.

If a temporary food facility operator has passed the approved and accredited food safety certification examination specified in H & SC 113947.2 and 113947.3 the temporary food facility may apply for an annual temporary food facility permit rather than having to obtain a temporary event permit for each temporary event the facility participates in.

Certified Food Safety Manager: _____

Exp. Date: _____

How will you ensure proper demonstration of knowledge? **Explain:**

Application must be returned at least 14 days prior to event. Once the application is approved, **no** changes can be made without approval by the Department of Environment Health. Unauthorized changes may result in denial or revocation of your temporary food facility permit.

*****To Be Completed by DEH Only*****

Application approved: **Yes** ☐ **No** ☐ Specialist: _____ Date: _____

FOOD VENDOR GUIDELINES

The Department of Environmental Health works to keep San Diego County residents and guests healthy by regulating the food sold at Community Events, and ensuring that all foods are handled in a safe manner. Through the use of risk based food safety guidelines and inspections, we work with you to reduce the risk of foodborne illness among event participants.

Guidelines were developed to uphold state law and allow vendors to prepare food in a nontraditional food preparation setting. The following points follow the California Retail Food Code (CalCode), Chapter 11 for requirements specific to Temporary Food Facilities. Please be aware that **Temporary Food Facilities must also meet all applicable requirements in CalCode Chapters 1 to 8, inclusive, and Chapter 13, unless specifically exempted.** You are responsible for compliance to all CalCode requirements.

IDENTIFICATION OF OPERATOR (H&SC 114337)

- The name of the facility, city, state, ZIP Code, and name of the operator shall be legible and clearly visible to patrons.
- The facility name shall be in letters at least three inches high, and shall be of a color contrasting with the surface on which it is posted.
- Letters and numbers for the city, state, and ZIP Code, may not be less than one inch in height.

APPROVED SOURCE (H&SC 114339)

Foods stored, handled or prepared at home are prohibited within a Temporary Food Facility unless the product is non-potentially hazardous and approved to be prepared at a registered or permitted Cottage Food Operation (CFO). All foods must be purchased from an approved source and prepared in a permitted food facility. For Nonprofits, non-perishable bakery items are exempted from this restriction (H&SC 114339, 114332.3). Additionally, nonprofit charitable organizations are allowed to offer only non-potentially hazardous beverages and baked goods for fundraising purposes at Community Events.

FOOD PREPARATION AT COMMUNITY EVENTS (H&SC 114341)

- All food preparation must be conducted within the TFF or other approved facility.
- BBQ's, grills or other equipment approved for outdoor cooking may be located adjacent to the TFF, and must be separated from public access by using ropes or other methods suitable to protect food from contamination and public from injury.
- Barbecues are allowed for cooking foods only. Any further processing (slicing, portioning, serving etc.) must be done from inside the booth enclosure.
- **Contact fire and building departments** for other restrictions on types of cooking equipment allowed inside booth.

HOLDING TEMPERATURES FOR POTENTIALLY HAZARDOUS FOODS (H&SC 114343)

Potentially hazardous foods (PHF) consist of animal products including milk products, eggs, meat, poultry, fish or shellfish, cooked vegetables, soups, potato salad, cut melon, cream pies, etc.

- Proper holding temperatures require cold foods to be kept at 41°F or less, and hot foods must be kept at 135°F or above.
- PHF may be held at 45°F for up to 12 hours in any 24-hour period during operating hours of the TFF, and then discarded at the end of the operating day.
- PHF hot held at 135°F or above must be discarded at the end of the operating day.

BOOTH DESIGN

- **Floors** (H&SC 114347)
 - TFF's handling open foods must provide floors constructed of concrete, asphalt, tight wood, or other similar cleanable material kept in good repair (plywood or tarp).
- **Ceilings** (H&SC 114349)
 - All TFF's must be equipped with overhead protection for food storage, food preparation, and warewashing areas.

- Overhead protection must be made of wood, canvas, or other materials that protect the facility from precipitation, dust, bird and insect droppings, and other contaminants.
- **Sides** (H&SC 114349)
 - TFF's handling open foods must enclose the food facility with 16 mesh per square inch screens and limit display and handling of open foods in food compartments.
 - Upon prior approval by this Department, TFF's approved for limited food preparation are not required to have sides if flying insects, vermin, birds, and other pests are absent due to the location of the facility or other limiting conditions.
 - Doors and food service openings should **close tightly** to prevent insects and rodents from entering the food preparation area. Food service windows not to exceed 216 sq. inches and should be covered when not in use.
 - Food operations that have adjoining B-B-Q (barbecue) units should have a pass through window or door at rear or side of booth.

TYPICAL BOOTH DESIGN

- Clear PLASTIC or light colored screening on sides and 12"x18" food service openings.
- Construction materials, such as plywood, canvas, plastic, and fine mesh screening may be used if approved by DEH.

WAREWASHING FACILITIES

- Booths that prepare open foods must have access to a stainless steel utensil sink with three compartments and integral drain boards for cleaning equipment, utensils, and for general cleaning purposes. The first compartment shall hold soapy water, the second shall hold rinse water, and the third shall hold a sanitizing water solution (H&SC 114097 to 114099.2).
- A warewashing sink must be centrally located and may be shared by no more than four TFF's that handle open foods or based on the number and types of utensils used, DEH may allow up to eight temporary food facilities to share a warewashing sink when easily accessible and located within 100 feet.
- A single centralized approved 3-compartment sink may be acceptable by the Department of Environmental Health (DEH) for events operating less than 4 hours if adequate spare utensils are available for each vendor.

MINIMUM COMPARTMENT SIZE 18" X 18" X 12" D

CONSUMER UTENSILS (H&SC 114353)

- Provide only single-use utensils for customer use.

EQUIPMENT (H&SC 114354)

- All food and utensil related equipment must be approved by DEH.
- Provide adequate cold and hot holding equipment to ensure proper temperatures are maintained during transportation to the event, storage, and during operation at the event. You must have enough space to properly store all food items.
- Equipment must be situated in a manner to prevent food contamination.

ICE (H&SC 114355)

- Ice used for refrigeration purposes cannot be used for consumption in food or beverages.

STORAGE OF FOOD, UTENSILS AND RELATED ITEMS (H&SC 114356)

- Store all foods and utensils at least 6 inches off the ground (H&SC 114047).
- During periods of operation, supplies and Non-Potentially Hazardous Foods, in unopened containers may be stored adjacent to the TFF or in unopened containers in an approved nearby temporary storage unit. (An "unopened container" means a factory sealed container that has not been previously opened and that is suitably constructed to be resistant to contamination from moisture, dust, insects, and rodents.)
- When not in operation, food must be stored within a fully enclosed TFF, within a permanent food facility or other location approved by DEH, or in approved food compartments where the food is protected at all times from contamination, exposure to the elements, rodents and other vermin, and temperature abuse.

ALTERNATE HANDWASHING FACILITIES (H&SC 114358)

- Handwashing facilities must be provided in each food booth.
- TFF's that operate for three days or less may include:
 - A minimum five (5) gallon insulated container capable of providing a continuous stream of warm water at a temperature of 100°F from an approved source that leaves both hands free to allow vigorous rubbing with soap and warm water for 20 seconds.
 - Provide a catch basin to collect wastewater, and properly dispose of all wastewater.
 - Provide soap in a pump and single-use sanitary towels.
 - Provide a separate trash can for towel waste.

TOILET FACILITIES (H&SC 114359)

- There must be at least one toilet facility per 15 employees within 200 feet of the TFF.
- Toilet facility must have approved handwashing facilities.

CLEANING & SERVICING (H&SC 114361)

- If your TFF is operating for more than one day, it must be adequately cleaned and serviced in a method approved by DEH.

ENFORCEMENT OFFICER DISCRETION (H&SC 114363)

The Environmental Health Specialist may establish additional structural or operational requirements, or both, as necessary to ensure that foods are prepared and maintained safe.

CONDIMENTS (H&SC 114077)

Condiment containers (ketchup, mustard, onions, and relish) shall be a pump type, squeeze container, or have covers/lids to protect the contents. Single service packets are recommended.

FOOD HANDLING & DEMONSTRATION OF KNOWLEDGE

- A Food Handler is a person who prepares, handles, packages, serves or stores food or handles utensils, or assists another person in any of these tasks. Owners and operators of temporary food facilities that prepare, handle, or serve non-prepackaged food are to ensure that their Food Handlers demonstrate adequate knowledge of food safety principles. This can be accomplished by either of the following:
 1. Employing a food handler who has a current food handler certificate or food handler test within the last three years **or**
 2. Have an owner or a PERSON IN CHARGE who can demonstrate that he or she has an adequate knowledge of food safety principles as they relate to the specific food facility operation and the food handler is able to demonstrate adequate knowledge of food safety principles related to the operation of the temporary food facility.
- If a temporary food facility operator has passed the approved and accredited food safety certification examination specified in H & SC 113947.2 and 113947.3 the temporary food facility may apply for an annual temporary food facility permit rather than having to obtain a temporary event permit for each temporary event the facility participates in.
- Safe food handling methods **must be followed at all times.**
- Avoid unnecessary direct handling of food, and use utensils whenever possible.
- **Eating is not allowed inside** a food preparation booth. A food employee may drink from a closed BEVERAGE container if the container is handled to prevent contamination of the employee's hands, the container, open food, and food contact surfaces (H&SC 113977).
- **Smoking is prohibited** in food booths.

WATER SUPPLY AND WASTE DISPOSAL

- An approved toilet facility must be within 200 feet of the booth.
- The water supply to all sinks for food preparation and utensil washing must be from an approved, potable source provided under pressure via a mixing faucet. Each sink must have hot and cold running water.
- At least 20 gallons of clean potable water shall be available per food booth per day of operation. Potable water supply shall be protected with a backflow protection device.
- The liquid waste must drain to sewer or by means approved by DEH and the local utility department. No wastewater may be discharged to ground or storm drains.
- If waste tanks are used, tanks shall have a minimum capacity that is 50% greater than the potable water tank.
- There must be sufficient trash and garbage containers for each booth and for the public eating areas. The containers must be rodent and fly-proof and be kept clean.

BRING THIS PAGE TO THE EVENT AS A GUIDE TO SETTING UP YOUR HAND WASH STATION.

ELEMENTS OF AN ACCEPTABLE HANDWASH STATION

- Handwashing facilities must be provided in each food booth
- A minimum five (5) gallon insulated container
