INVITATION - FEE PROPOSAL WORKSHOPS
Price Accuracy and Requested Device Inspections

The County of San Diego Department of Agriculture, Weights and Measures (AWM) is committed to continue providing important services that support consumer confidence and fair business competition for the San Diego region.

We are cognizant of the recent economic impacts on regulated businesses, and have contained costs where possible through business process improvements and technology to improve customer service, support regulatory compliance, and enhance operational efficiency. The improvements include using a new mobile inspection application, holding additional virtual outreach to promote industry engagement, and streamlining the submeter inventory tracking. We applied the resulting cost savings where applicable to mitigate the cost increases. This resulted in an annual savings of about \$2,400, without which fees would increase on average an additional \$2 or 0.5%.

This Fee Proposal also demonstrates AWM’s commitment to the Board of Supervisors (Board) that cost recovery is a regular part of business by ensuring compliance with Board B-29 - *Fees, Grants, Revenue Contracts - Department Responsibility for Cost Recovery*. This policy directs departments to recover the cost of services from individuals or entities that receive and benefit from the services provided; any exception to these requires the Board’s approval. This Fee Proposal aligns the needed resources with quality service for customers and represents cost recovery as a regular part of AWM’s fiscal management.

You are invited to attend one of the workshops below so we may provide you additional information and answer your questions. The workshops’ content provided will be the same and two different dates listed below are to accommodate your schedule.

When:	Wednesday, April 3, 2024
Time:	5 PM – 6 PM
Meeting Location:	https://us06web.zoom.us/j/89852760134?pwd=WPeCIGtsybCofbAZinKpbNx1FIAGpG.1
Website	https://www.sandiegocounty.gov/awm/
RSVP:	(858) 694-2778 or sdcawm@sdcounty.ca.gov
When:	Thursday, April 4, 2024
Time:	4 PM – 5 PM
Meeting Location:	5530 Overland Dr. Room 124 San Diego, CA 92123
Website:	https://www.sandiegocounty.gov/awm/
RSVP:	(858) 694-2778 or sdcawm@sdcounty.ca.gov

The link to the virtual workshop will be available at AWM’s website, <https://www.sandiegocounty.gov/awm/>, where you will be able to access the meeting on the specified dates and times.

The last Fee Proposal was approved by the Board on May 24, 2023, for the current Fiscal Year (FY) 2023-24. The fees proposed for FY 2024-25 will be necessary to address cost increases based on retirement costs and negotiated labor agreements.

Based on this year’s cost review, AWM is proposing increases to 6 fees, while leaving 39 fees unchanged due to these being capped by the State. This Proposal is applicable to fees associated with the registration fees and re-inspection hourly rates for Price Verification and the hourly rate for the requested inspection of water submeters and non-commercial devices. On average, the increase for Price Accuracy fees is \$2 for an overall adjustment of approximately 1.3%. The request device inspection fees will increase by \$8 for an overall adjustment of approximately 4.8%.

We will present the following fee adjustments for the programs below to the County Board of Supervisors on May 1 and May 22, 2024, for approval to be effective July 1, 2024. The fee adjustments are as follows:

Price Accuracy Annual Registration	Current Fee	New Fee	Change
Tier 1 Registration (1-3 Point-of-Sale Stations)	\$160	\$162	\$2
Tier 2 Registration (4-9 Point-of-Sale Stations)	\$218	\$220	\$2
Tier 3 Registration (10 or more Point-of-Sale Stations)	\$272	\$274	\$2
Re-inspection Hourly Rate for Non-compliance	\$168	\$172	\$4
Commercial Weights & Measure Devices			
Non-Commercial Device Inspection Hourly Rate	\$168	\$176	\$8
Non-Registered Water Submeter Fee Hourly Rate	\$168	\$176	\$8

The Frequently Asked Questions are on the next page.

Frequently Asked Questions

1. Why is AWM proposing fee adjustments when businesses are impacted by COVID?

We are cognizant of the recent economic impacts on regulated businesses, and as we continue to support your business continuity and the regional economic recovery, we need the resources to provide quality services to you and the other members of the regulated industry. In addition, our customers had stated their preference for annual fee updates to allow them to plan for fee adjustments. This Proposal also demonstrates AWM's commitment to the Board that cost recovery is a regular part of business to ensure compliance with Board Policy B-29 *Fees, Grants, Revenue Contracts - Department Responsibility for Cost Recovery*. This policy directs departments to recover the cost of services from individuals or entities that receive and benefit from the services provided; any exception requires the Board's approval. This Fee Proposal aligns the needed resources with quality service level and represents cost recovery as a regular part of AWM's fiscal management.

The last Fee Proposal was approved by the Board on May 24, 2024, for Fiscal Year 2023-24. The fees proposed for FY 2024-25 will be necessary to address cost increases based on retirement costs, negotiated labor agreements, and to ensure compliance with Board Policy B-29. The fees proposed listed on page 2 are for Fiscal Year 2024-25 and address cost increases based on negotiated labor agreements, and the County's standard assumptions.

2. What has AWM done to contain costs?

The practice of focusing on continuous improvement, implementing operational efficiencies, and prioritizing resources in key areas has positioned AWM to respond to customer needs and regulatory changes. AWM is committed to continuous improvement and partners with stakeholders to identify opportunities and areas for improvement. AWM strives to enhance program effectiveness and efficiency to achieve positive outcomes and a collective impact. Since the last Fee Proposal, AWM has improved operational efficiency by leveraging technology and streamlining processes. Innovations include apps for mobile field inspection, customer service, and submeter inventory tracking.  This resulted in an annual savings of \$2,424 without which fees would increase an additional 0.5% on average.

3. How was the Fee Proposal developed?

AWM conducts an annual analysis of its programs including a review of State mandates, program operations, inspection frequencies, service levels, and benchmarking to obtain a comprehensive understanding of how our fees compare to similar counties. We considered the projected program costs for Fiscal Year 2024-25 and applied projected cost savings due to operational efficiencies to determine the proposed fee adjustments. This Fee Proposal addresses cost increases based on negotiated labor agreements. The County Auditor and Controller will review the supporting documentation and the methodology in this proposal to ensure compliance with County policies.
