CBHDA 2025-26 Legislative Bill Matrix - Watch and Under Review

As of 9/23/2026

Bill Author	Description	Position
AB 96 Jackson D	**Mental health services: peer support specialist certification. (Enrolled: 9/3/2026)** Current law establishes a schedule of benefits under the Medi-Cal program and provides for various services, including behavioral and mental health services that are rendered by Medi-Cal enrolled providers. Current law authorizes a county, or an agency representing the county, to develop a peer support specialist certification program, subject to department approval. Current law imposes specified requirements on applicants for certification as a peer support specialist, including that the applicant be at least 18 years of age and possess a high school diploma or equivalent degree. This bill would remove the requirement of possessing a high school diploma or equivalent degree from the requirements necessary for an applicant to receive certification. **Status:** 9/3/2026 - Enrolled and presented to the Governor at 4 p.m.	1. (Enrolled: 9/4/2026)** Existing law authorizes the Department of Housing and Community Development, upon appropriation, to make loans or grants, or both loans and grants, to rehabilitate, capitalize operating subsidy reserves for, and extend the long-term affordability of department-funded housing projects that have an affordability restriction that has expired, that have an affordability restriction with a remaining term of less than 10 years, or are otherwise at risk of conversion to market-rate housing. This bill would also authorize the department to make those loans and grants to rehabilitate, capitalize operating subsidy reserves for, and extend the long-term affordability of housing projects that qualify as a challenged development, as defined. The bill would require the department to grant priority for these loans and grants to housing projects that are department funded and have an affordability restriction that has expired or have a remaining term of less than 10 years, or are otherwise at risk for conversion, as defined. The bill would authorize the department to establish separate selection and underwriting standards for these projects and projects that are challenged developments. **Status:** 9/4/2026 - Enrolled and presented to the Governor at 4 p.m.	8. AB 1126 Patterson R	**Medi-Cal managed care plans: enrollees with other health care coverage. (Chaptered: 9/15/2026)** Current law establishes the Medi-Cal program, which is administered by the State Department of Health Care Services and under which qualified low-income individuals receive health care services, under fee-for-	Internal Watch

	service or managed care delivery systems. The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions. Under current federal law, in accordance with third-party liability rules, Medicaid is generally the payer of last resort if a beneficiary has another source of health care coverage in addition to Medicaid coverage. This bill would require the department, in the case of a Medi-Cal managed care plan enrollee who also has other health care coverage and for whom the Medi-Cal program is a payer of last resort, to ensure that a provider that is not contracted with the plan and that is billing the plan for Medi-Cal allowable costs not paid by the other health care coverage does not face administrative requirements significantly in excess of the administrative requirements for billing those same costs to the Medi-Cal fee-for-service delivery system. Under the bill, in the case of an enrollee who meets those coverage criteria, except as specified, a Medi-Cal fee-for-service provider would not be required to contract as an in-network provider with the Medi-Cal managed care plan in order to bill the plan for Medi-Cal allowable costs for covered health care services. The bill would authorize a Medi-Cal managed care plan to require a letter of agreement, or a similar agreement, under specified circumstances, including if a covered service requires prior authorization, or if a service is not covered by the other health care coverage but is a covered service under the plan, as specified. **Status:** 9/15/2026 - Approved by the Governor. AB 1165 Gipson D	**California Housing Justice Act of 2026. (Enrolled: 9/4/2026)** Existing law establishes the Department of Housing and Community Development in the California Housing and Homelessness Agency and makes the department responsible for administering various housing programs throughout the state, including, among others, the Multifamily Housing Program, the Housing for a Healthy California Program, and the California Emergency Solutions Grants Program. Existing law also establishes the Homeless Housing, Assistance, and Prevention Program, administered by the department, for the purpose of providing jurisdictions, as defined, with one-time grant funds to support regional coordination and expand or develop local capacity to address homelessness challenges, as specified. This bill would enact the California Housing Justice Act of 2026, which would require the department to create, by August 1, 2030, finance plans to solve homelessness and to solve the housing unaffordability crisis, and related statewide performance metrics. The bill would also require the department to seek public consult in developing those finance plans. **Status:** 9/4/2026 - Enrolled and presented to the Governor at 4 p.m.	Internal Watch
AB 1556 Haney D	**Recovery housing: funding. (Enrolled: 9/8/2026)** Existing law requires a state agency or department that funds, implements, or administers a state program that provides housing or housing-related services to people experiencing homelessness or who are at risk of homelessness to revise or adopt guidelines and regulations to include enumerated Housing First policies. Existing law specifies the core components of Housing First, including services that are informed by a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of tenants' lives and where tenants are engaged in nonjudgmental communication regarding drug and alcohol use. This bill would require applicants for state homelessness funding for recovery housing, as defined, to demonstrate the availability of a range of interventions, as specified. The bill would require a program that provides recovery housing to meet specified requirements in order to be eligible for state funding, including that the program satisfies the core components of Housing First, relapse is not, unless there is another lease violation, grounds for eviction and residents receive relapse support, the program provides emergency preparedness and overdose prevention and response training to staff and residents and makes overdose reversal medication available and readily accessible to staff and residents onsite, and the program adopts and maintains a written return-to-use policy, as specified. **Status:** 9/8/2026 - Enrolled and presented to the Governor at 3:30 p.m.	5. AB 1579 Valencia D	**Tribal gaming: compact ratification. (Chaptered: 8/31/2026)** Existing federal law, the Indian Gaming Regulatory Act of 1988, provides for the negotiation and execution of tribal-state gaming compacts for the purpose of authorizing certain types of gaming on Indian lands within a state. The California Constitution authorizes the Governor to negotiate and conclude tribal-state gaming compacts, subject to ratification by the Legislature. Existing law expressly ratifies a number of tribal-state gaming compacts, and amendments of tribal-state gaming compacts, between the State of California and specified Indian tribes. The California Environmental Quality Act (CEQA) requires a lead agency to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project, as defined, that it proposes to carry out or approve that may have a significant effect on the environment, as defined, or to adopt a negative declaration if it finds that the project will not have that effect. This bill would ratify the amendment to the tribal-state gaming compact entered into between the State of California and the Yuhaaviatam of San Manuel Nation executed on June 23, 2026. The bill would provide that, in deference to tribal sovereignty, certain actions related to that amended compact are not projects for purposes of CEQA. This bill would declare that it is to take effect immediately as an urgency statute. **Status:** 8/31/2026 - Approved by the Governor. Chaptered by Secretary of State - Chapter 166, Statutes of 2026. (Chaptered: 9/18/2026)** Existing law authorizes a school district, county office of education, and charter school to provide emergency naloxone hydrochloride or another opioid antagonist to school nurses and trained personnel who have volunteered, and authorizes school nurses and trained personnel to use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose. This bill, to be known as the School Safety and Opioid Overdose Prevention Act, and commencing with the 2027–28 school year, would require a school resource officer, as defined, to (1) upon assignment to a schoolsite, and at least every 2 years thereafter, complete an opioid overdose recognition and response training, as specified, and (2) report, on or before July 1, 2028, and annually thereafter until July 1, 2030, to the State Department of Public Health, among other things, the number of times the school resource officer administered an opioid antagonist, and the types of opioid antagonist received and administered, while serving at a schoolsite. **Status:** 9/18/2026 - Approved by the Governor. Existing law requires every high school sports coach to complete, at their own expense, a coaching education program that meets the guidelines established by the California High School Coaching Education and Training Program. This bill would require specified trainings for coaches described in AB 1665 of the 2025–26 Regular Session to cover specified mental-health related topics, including, among other topics, trauma-informed care, as provided, and strategies of creating a positive team culture, as provided. The bill would require the department, on or before September 1, 2027, to identify existing training or develop a model youth athletics behavioral and mental health training, as specified, for persons who serve as coaches in youth sports organizations, both for recreational leagues and competitive or club leagues. AB 1660 Schiavo D	**Public guardians and public administrators. (Chaptered: 9/20/2026)** Existing law requires a public guardian to apply for appointment as a guardian or conservator of the person, the estate, or the person and estate if there is an imminent threat to a person's health or safety or the person's estate, there is no one else who is qualified and willing to act, as specified, the appointment would be in the best interests of the person, and the person is domiciled in the county. Existing law similarly requires a court to order a public guardian of a county to apply for appointment as a guardian or conservator if it appears that there is no one else who is qualified and willing to act. Existing law grants a public guardian a variety of powers, including the right to take control of real or personal property, issue written certification of this fact, and restrain a person from transferring, encumbering, or disposing of real or personal property held in a trust. A written certification issued by a public guardian and public conservator for these purposes is valid for 30 days after its issuance. Existing law requires a financial institution or other person, without inquiring into the truth of the written certification and without court order or letters being issued, to provide the public guardian or public conservator with specified information, including, among other things, property held in the sole name of the proposed ward or conservatee, and to take specified actions. Existing law establishes the public administrator as an officer of a county. Existing law regulates the administration of estates of decedents and permits the public administrator to be appointed to administer these estates under certain circumstances. Under existing law, a written certification issued by a public administrator for these purposes is valid for 30 days after its issuance. Existing law requires a financial institution, governmental or private agency, retirement fund administrator, insurance company, licensed securities dealer, or other person, without inquiring into the truth of the written certification, without requiring a death certificate, without charge, and without court order or letters being issued, to perform specified functions, including providing the public administrator complete information concerning property held in the sole name of the decedent, including names and addresses of beneficiaries or joint owners, and granting the public administrator access to a safe-deposit box rented in the sole name of the decedent, as specified. This bill would remove the requirement that the property be held, or the safe-deposit box be rented, in the sole name of the decedent. **Status:** 9/20/2026 - Approved by the Governor. Existing law requires every high school sports coach to complete, at their own expense, a coaching education program that meets the guidelines established by the California High School Coaching Education and Training Program. This bill would add a component on mental health training, as specified, to the list of components to be emphasized by the 1998 California High School Coaching Education and Training Program. The bill, commencing with the 2027–28 school year, would require a person who serves as a coach in an interscholastic athletic program at a high school, including a private school, that is a member of the California Interscholastic Federation to complete an initial training, and a subsequent training every 2 years, on mental health, as provided. The bill, commencing with the 2027–28 school year, would also require a school district, county office of education, or charter school that elects to offer an athletic program, other than an interscholastic athletic program, to ensure that the athletic program's coaches complete an initial training, and a subsequent training every 2 years, that covers sudden cardiac arrest, as provided, and youth athletics behavioral and mental health training, as provided. AB 1801 Lee D	**Public agencies: approval: detention facilities. (Enrolled: 8/31/2026)** Existing law prohibits a city, county, city and county, or public agency from approving or signing a deed, instrument, or other document related to a conveyance of land or issuing a permit for the building or reuse of existing buildings by any private corporation, contractor, or vendor to house or detain noncitizens for purposes of civil immigration proceedings, unless the city, county, city and county, or public agency has given notice to the public of the proposed conveyance or permitting action at least 180 days before execution of the conveyance or permit and solicited and heard public comments on the proposed conveyance or permit action in at least 2 separate meetings open to the public. This bill would revise and recast those provisions to prohibit a city, county, city and county, or public agency from approving or executing, among other documents, any document signifying the public entity's approval for the building or reuse of existing buildings by any private corporation, contractor, or vendor to house or detain a person for purposes of civil immigration custody before the public entity has given notice to the public of the proposed action 180 days before execution or approval of the proposed action, promptly provided access to any documents related to the proposed action, as provided, and solicited and heard public comments on the proposed action in at least 2 separate meetings open to the public. AB 1876 Addis D	**Health care coverage: nondiscrimination. (Enrolled: 8/31/2026)** Existing law requires health care service plans and health insurers, as specified, within 6 months after the relevant department issues specified guidance, or no later than March 1, 2025, to require all of their staff who are in direct contact with enrollees or insureds in the delivery of care or enrollee or insured services to complete evidence-based cultural competency training for the purpose of providing trans-inclusive health care for individuals who identify as transgender, gender diverse, or intersex. This bill would prohibit a subscriber, enrollee, policyholder, or insured from being excluded from enrollment or participation in, being denied the benefits of, or being subjected to discrimination by, any health care service plan or health insurer licensed in this state, on the basis of race, color, national origin, age, disability, or sex. The bill would define discrimination on the basis of sex for those purposes to include, among other things, sex characteristics, including intersex traits, pregnancy, and gender identity. The bill would prohibit a health care service plan or health insurer from taking specified actions relating to providing access to health programs and activities, including, but not limited to, denying or limiting health care services to an individual based upon the individual's sex assigned at birth, gender identity, or gender otherwise recorded. The bill would prohibit a health care service plan or health insurer, in specified circumstances, from taking various actions, including, but not limited to, denying, canceling, limiting, or refusing to issue or renew health care service plan enrollment, health insurance coverage, or other health-related coverage, or denying or limiting coverage of a claim, or imposing additional cost sharing or other limitations or restrictions on coverage, on the basis of race, color, national origin, sex, age, disability, as specified. **Status:** 8/31/2026 - Enrolled and presented to the Governor at 4 p.m.	5. Existing law authorizes a prisoner who disagrees with the determination of the Board of Parole Hearings to file a petition in court in the county in which they are incarcerated or are being treated for a hearing on whether they met the criteria. This bill would require a psychiatrist or psychologist, when determining whether a prisoner represents a substantial danger of physical harm to others, to consider, among other things, the prisoner's history of violence that was related to their severe mental health disorder. **Status:** 9/8/2026 - Enrolled and presented to the Governor at 3:30 p.m.	
AB 1902 Pellerin D	**Secure youth treatment facilities. (Enrolled: 9/10/2026)** Existing law requires a probation department to request that the prosecuting attorney petition the committing court for an order directing that a person confined in a secure youth treatment facility remain subject to the control of the department at the time of discharge if the person confined is determined to be physically dangerous to the public because of the person's mental or physical condition, disorder, or other problem that causes the person to have serious difficulty controlling their dangerous behavior. Existing law establishes the process for the petition, probable cause hearing, trial, continued detention, and appeal pursuant to this provision. Under existing law, if an order for continued detention is made pursuant to these provisions, the probation department has continued control over the person, except as specified, and existing law requires the department to, within 2 years after the date of the order made by a juvenile court or after conviction in criminal proceedings, file a new application for continued detention if continued detention is deemed necessary. This bill would require, if a petition is filed pursuant to these provisions, that the person who is the subject of the petition remain in custody in a secure youth treatment facility until the conclusion of the proceedings. The bill would prohibit a probable cause hearing pursuant to these provisions from being continued, except upon a showing of good cause by the party requesting the continuance. The bill would also authorize the court to base the finding of probable cause on certain hearsay statements, as specified. The bill would require the person be brought to trial within 60 days from the probable cause determination, unless good cause to the contrary is shown, the person enters a waiver, or the person requests or consents to the setting of the trial date beyond the 60-day period. The bill would require the court, if the court or jury finds that the person has a mental condition or disorder, to determine a period of continued detention, as specified. **Status:** 9/10/2026 - Enrolled and presented to the Governor at 3 p.m.	Internal Watch

AB 2011 Hart D	**Nonquantitative treatment limitations. (Enrolled: 8/28/2026)** Existing federal law, the federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), requires group health plans and health insurance issuers that provide both medical and surgical benefits and mental health or substance use disorder benefits to ensure that financial requirements and treatment limitations applicable to mental health or substance use disorder benefits are no more restrictive than the predominant requirements or limitations applied to substantially all medical and surgical benefits. Existing state law requires an individual, small group, or large group health care service plan contract or health insurance policy to provide covered mental health and substance use disorder benefits in compliance with the MHPAEA and specified federal rules, regulations, and guidance. This bill would require the above-described contracts and policies to provide covered mental health and substance use disorder benefits in compliance with specified federal rules, regulations, and guidance as they existed on January 1, 2025. Existing law prohibits mental health personnel from instructing a peace officer to take a person to, or keep the person at, a jail, solely because of the unavailability of an acute bed. This bill would require a peace officer who is transporting the above-described person to a designated facility for assessment to transport the person to the closest appropriate designated facility, either	8. If a person is being transported by a peace officer to a designated facility for assessment, the bill would authorize the person to affirmatively express their preference to the peace officer regarding the facility that they would prefer the peace officer to take them. **Status:** 9/4/2026 - Enrolled and presented to the Governor at 4 p.m.	
AB 2429 Rubio, Blanca D	**Childcare: mental health consultation services. (Chaptered: 9/20/2026)** The Child Care and Development Services Act, administered by the State Department of Social Services, establishes a system of childcare and development services for children up to 13 years of age. The Early Education Act requires the Superintendent of Public Instruction, to, among other things, provide an inclusive and cost-effective preschool program. Under both acts, the cost to a provider agency of providing an early childhood mental health consultation service is reimbursable if certain requirements are met, including that the consultation service uses a relationship-based model that includes specified components, including, among others, that, at least twice per program year, early care- and education setting-based mental health assessments are conducted and that there is, with the consent of parents or legal guardians, at least one screening of each enrolled child for adverse childhood experiences and screening for buffering factors. This bill would remove the requirement that the consultation service use a relationship-based model that includes those components in order to be reimbursable and would instead require that, in order to be reimbursable, the consultation service, among other things, uses a relationship-based model that incorporates, at least once per school or program year, an early care and education classroom observation tool that includes measures on the classroom environment, social-emotional learning climate, and teacher and child interactions to guide the specific activities and support the consultant will provide. **Status:** 9/20/2026 - Approved by the Governor. SB 329 Blakespear D	**Alcohol and drug recovery: licensed treatment facilities and certified programs: investigations. (Enrolled: 9/4/2026)** Existing law provides for the licensure and regulation of alcohol or other drug recovery or treatment facilities by the State Department of Health Care Services. Existing law prohibits operating an alcohol or other drug recovery or treatment facility to provide recovery, treatment, or detoxification services within this state without first obtaining a current valid license. If a facility is alleged to be providing those services without a license, existing law requires the department to conduct a site visit to investigate the allegation. Existing law also authorizes the department to conduct announced or unannounced site visits to licensed facilities for the purpose of reviewing them for compliance, as specified. Existing law requires alcohol or other drug programs to be certified by the department, except as specified. Existing law prohibits those programs from operating without a certification. If a program is alleged to be providing services without a certification, existing law requires the department to conduct a site visit to investigate the allegation. Existing law also authorizes the department to conduct announced or unannounced site visits to certified programs for the purpose of reviewing them for compliance, as specified. This bill would require the department to assign a complaint under its jurisdiction regarding a licensed alcohol or other drug recovery or treatment facility or a certified alcohol or other drug program to an analyst for investigation within 10 days of receiving the complaint. If the department receives a complaint that does not fall under its jurisdiction, the bill would require the department, to the extent feasible, to notify the complainant, in writing, that it does not investigate that type of complaint. **Status:** 9/4/2026 - Enrolled and presented to the Governor at 2 p.m.	2. Existing law also authorizes the issuance of bonds in specified amounts pursuant to the State General Obligation Bond Law and requires that proceeds from the sale of these bonds be used to finance various existing housing programs, capital outlay related to infill development, brownfield cleanup that promotes infill development, and housing-related parks. Existing law, the Veterans and Affordable Housing Bond Act of 2018, authorized, the issuance of bonds in the amount of $4,000,000,000 to finance various existing housing programs, as well as infill infrastructure financing and affordable housing matching grant programs, as well as financing for a specified program for farm, home, and mobilehome purchase assistance for veterans, pursuant to the State General Obligation Bond Law. This bill would enact the Veterans and Affordable Housing Bond Act of 2026, which, if adopted, would authorize the issuance of bonds in the amount of $11,250,000,000, pursuant to the State General Obligation Bond Law. Of the proceeds from the sale of these bonds, $10,000,000,000 would be used to finance programs to fund affordable rental housing and home ownership programs, including, among others, the Multifamily Housing Program, the CalHome Program, and the Joe Serna, Jr. Farmworker Housing Grant Program, and $1,250,000,000 would be used to provide additional funding for the above-described program for farm, home, and mobilehome purchase assistance for veterans, as provided. **Status:** 6/25/2026 - Approved by the Governor. Existing law requires the department, if a facility is alleged to be in violation of that prohibition, to conduct a site visit to investigate the allegation. Existing law requires, if the department’s employee or agent finds evidence that the facility is providing services without a license, the employee or agent to take specified actions, including, among others, submitting the findings of the investigation to the department and issuing a written notice to the facility that includes the date by which the facility is required to cease providing services. This bill would require the department, if it determines it has jurisdiction over the allegation, to assign the complaint to an analyst within 10 days of receiving the allegation and, except as specified, complete the investigation within 120 days of assigning the complaint. The bill would require the department, if it receives a complaint that does not fall under its jurisdiction, to notify, to the extent feasible, the complainant that it does not investigate that type of complaint. The bill would require the employee or agent to provide their findings to the department and would require the department to issue the notice described above within 10 days of the employee or agency submitting their findings and to conduct a followup site visit to determine whether the facility has ceased providing services as required. The bill would authorize, in counties that elect to administer the Drug Medi-Cal organized delivery system and that provide optional recovery housing services, the county behavioral health agency to request approval from the department to conduct a site visit of a recovery residence that the county contracts with that is alleged to be operating without a license. The bill would permit the department to approve that request in certain circumstances, including that the department has sufficient evidence to substantiate the allegation. Existing law similarly requires a court to order a public guardian of a county to apply for appointment as a guardian or conservator if it appears that there is no one else who is qualified and willing to act, that the appointment as guardian or conservator appears to be in the best interests of the person, and the person is domiciled in the county. Existing law requires the public guardian to begin an investigation within 2 business days of receiving a referral for conservatorship or guardianship. This bill would require the public guardian to also acknowledge receipt of the referral within 2 business days and conclude the investigation within a reasonable period of time. For referrals for conservatorship, the bill would require the investigation to include a determination of whether or not a temporary or general conservatorship is warranted and would require the public guardian to inform the referring party of the investigation status upon request. **Status:** 9/8/2026 - Enrolled and presented to the Governor at 4 p.m.	Neutral SB 561 Joint Opposition to Asm. (Enrolled: 9/4/2026)** The State Aeronautics Act establishes the Aeronautics Account in the State Transportation Fund, and continuously appropriates the moneys in the account for expenditure for airport purposes by the Division of Aeronautics within the Department of Transportation and the California Transportation Commission. Existing sales and use tax laws impose taxes on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state, including taxes imposed on the sale, storage, use, or other consumption of jet fuels. Existing law requires revenues from these taxes to be transmitted to the Treasurer and deposited into the Retail Sales Tax Fund. Existing federal law requires that any revenue from sales and use taxes imposed on aviation fuel be used for the operation costs of airports, the local airport system, or other local facilities that are directly and substantially related to the air transportation of passengers or property, except as provided. This bill would require the Controller, on or before September 1 of each year, to transfer an amount calculated to represent the sales and use tax revenues derived with respect to the sale, storage, use, or other consumption of jet fuel, as provided, from the Retail Sales Tax Fund to the account for allocation to airports and aviation-related purposes, as provided. The bill would require all public and private use airports where jet fuel is sold or consumed to report fuel flowage statistics to the Division of Aeronautics, as provided, and would require the division to determine the revenue allocation for each airport that reports fuel flowage statistics.
