CBHDA 2019-2020 Legislative Bill Matrix- Watch and Under Review As of 11/29/2023

Bill Author	Description	Position
AB 5 Gonzalez D	Worker status: employees and independent contractors. (Chaptered: 9/18/2019) Would state the intent of the Legislature to codify the decision in the Dynamex case and clarify its application. The bill would provide that for purposes of the provisions of the Labor Code, the Unemployment Insurance Code, and the wage orders of the Industrial Welfare Commission, a person providing labor or services for remuneration shall be considered an employee rather than an independent contractor unless the hiring entity demonstrates that the person is free from the control and direction of the hiring entity in connection with the performance of the work, the person performs work that is outside the usual course of the hiring entity's business, and the person is customarily engaged in an independently established trade, occupation, or business. The bill, notwithstanding this provision, would provide that any statutory exception from employment status or any extension of employer status or liability remains in effect, and that if a court rules that the 3-part test cannot be applied, then the determination of employee or independent contractor status shall be governed by the test adopted in <i>S. G. Borello & Sons, Inc. v. Department of Industrial Relations</i> (1989) 48 Cal.3d 341 (Borello). The bill would exempt specified occupations from the application of Dynamex, and would instead provide that these occupations are governed by Borello. Status: 9/18/2019 - Approved by the Governor. Chaptered by Secretary of State - Chapter 296, Statutes of 2019.	8. Watch
AB 333 Eggman D	Whistleblower protection: county patients' rights advocates. (Chaptered: 10/2/2019) Current law relating to mental health advocacy requires each local mental health director to appoint, or contract for the services of, one or more county patients' rights advocates to perform prescribed duties. Current law prohibits the knowing obstruction of a county patients' rights advocate in the performance of the advocate's duties. This bill would establish similar whistleblower protections specifically for county patients' rights specifically for county patients' rights advocates. Status: 10/2/2019 - Approved by the Governor. Chaptered by Secretary of State - Chapter 423, Statutes of 2019.	8. Watch
AB 819 Stone, Mark D	Foster care. (Chaptered: 10/12/2019) Current law requires foster family agencies to prepare a written report on an applicant's capacity to foster, adopt, and provide legal guardianship of a child based on information gathered through the resource family application and assessment processes, and requires counties and foster family agencies, when a resource family seeks approval by a subsequent foster family agency or transfer of their approval to a county, to request or provide the above-specified written report, including any updates to the report. This bill would require counties and foster family agencies, when a resource family seeks approval by a subsequent foster family agency or transfer of their approval to a county, to request or provide documents in the resource family file maintained by a county or the resource family case record maintained by a foster family agency, including any updates to the file or record. Status: 10/12/2019 - Approved by the Governor. Chaptered by Secretary of State - Chapter 777, Statutes of 2019.	8. Watch
AB 984 Lackey R	Personal income taxes: voluntary contributions: Suicide Prevention Voluntary Tax Contribution Fund. (Chaptered: 10/2/2019) Would allow a taxpayer to designate an amount in excess of personal income tax liability to be transferred into the Suicide Prevention Voluntary Contribution Fund, which the bill would create. The bill would require the Franchise Tax Board to revise the tax return to include a space for this fund when another voluntary contribution designation is removed or space becomes available, whichever occurs first. The bill would require the fund to meet an annual minimum contribution amount of \$250,000, as specified. Status: 10/2/2019 - Approved by the Governor. Chaptered by Secretary of State - Chapter 445, Statutes of 2019.	8. Watch
AB 1004 McCarthy D	Developmental screening services. (Chaptered: 9/30/2019) Would require, consistent with federal law, that screening services provided as an EPSDT benefit include developmental screening services for individuals zero to 3 years of age, inclusive, and would require Medi-Cal managed care plans to ensure that providers who contract with these plans render those services in conformity with specified standards. The bill would require the State Department of Health Care Services to ensure a Medi-Cal managed care plan's ability and readiness to perform these developmental screening services, and to adjust a Medi-Cal managed care plan's capitation rate. Status: 9/30/2019 - Approved by the Governor. Chaptered by Secretary of State - Chapter 387, Statutes of 2019.	8. Watch
AB 1085 McCarthy D	After school programs: substance use prevention: funding: cannabis revenue. (Vetoed: 10/7/2019) Current law establishes the After School Education and Safety Program under which participating public schools receive grants to operate before and after school programs serving pupils in kindergarten or any of grades 1 to 9, inclusive. The After School Education and Safety Program requires each program component to consist of an education and literacy element and an educational enrichment element, as specified. This bill would specifically authorize for inclusion within the educational enrichment element youth development activities that promote healthy choices and behaviors in order to prevent and reduce substance use and improve school retention and performance. Status: 1/21/2020 - Consideration of Governor's veto stricken from file.	8. Watch
AB 1235 Chu D	Youth homelessness prevention centers. (Chaptered: 9/26/2019) The California Community Care Facilities Act provides for the licensing and regulation of runaway and homeless youth shelters by the State Department of Social Services. Current law requires these shelters to offer short-term, 24-hour, nonmedical care and supervision and personal services to homeless youth and runaway youth, as those terms are defined, who voluntarily enter the shelter. Current law defines "short-term" to mean no more than 21 consecutive days. AB 79 Committee on Budget	Human services omnibus. (Chaptered: 6/29/2020) Current federal law provides for the allocation of federal funds through the federal Temporary Assistance for Needy Families (TANF) block grant program to eligible states.
