OVERVIEW

On January 24, 2023, the Chief Administrative Officer of the County of San Diego as Director of Emergency Services, issued a Proclamation of Local Emergency as a result of conditions of extreme peril to persons and property due to prolonged statewide severe winter storms that began on December 29th, 2022 and continued through January 17th, 2023, producing widespread flooding, mudslides, erosion, coastal storm surge, and storm debris throughout the County resulting in numerous road closures and severe damage to both public and private infrastructure. The Proclamation was issued pursuant to San Diego County Code of Regulatory Ordinances sections 31.101 et seq. and California Government Code Section 8630. The Proclamation further requested the Governor proclaim a State of Emergency in San Diego County.
