1. **SUBJECT:** NOTICED PUBLIC HEARING: SHERIFF - REQUEST TO ADOPT AN ORDINANCE TO ADD SECTION 448.1 AND AMEND SECTIONS 953 AND 441.2 OF THE COUNTY ADMINISTRATIVE CODE, AND TO AMEND SECTIONS 21.102 AND 21.1901 OF THE SAN DIEGO COUNTY CODE OF REGULATORY ORDINANCES, RELATED TO SHERIFF'S DEPARTMENT FEES (DISTRICTS: ALL)

**OVERVIEW**

This is a request that the Board of Supervisors review and adopt an ordinance for an addition and amendments to the San Diego County Administrative Code, and also to amend the San Diego County Code of Regulatory Ordinances, related to fees charged for services provided. Today's recommended actions represent a comprehensive package that seeks to support Sheriff's Department services.

The proposed addition to the San Diego County Administrative Code is for Section 448.1 (Detention Services User Fees). The proposed amendments to the Administrative Code are for Section 953 (Home Detention and Electronic Monitoring Fees) and Section 441.2 (Costs of Incarceration). The addition of Section 448.1 and amendments to Sections 953 and 441.2 will include fees associated with payment processing and electronic transfer fees for inmate accounts, and update existing fees for electronic monitoring and the costs of incarceration.

The proposed amendment to the San Diego County Code of Regulatory Ordinances is for Sections 21.102 and 21.1901, which relate to Sheriff's Department license services and fees. The revisions to Sections 21.102 and 21.1901 are based on a comprehensive analysis of services provided to the public, processing times, and corresponding costs to provide those services. The regulatory fees were last updated on November 6, 2007 (1), with the exception of medical marijuana operations certificate, added on February 1, 2011 (02).

The Auditor and Controller has reviewed and approved the supporting documentation and the methodology for all fees in this package.

2. **SUBJECT:** ACCEPTANCE OF DONATION FROM SAN DIEGO REGIONAL FIRE FOUNDATION (DISTRICTS: ALL)

**OVERVIEW**

For the past decade, this Board of Supervisors has worked diligently and successfully to improve our region’s firefighting capabilities and response. Today, our wildfire preparedness is unrivaled in the history of our county. Likewise, our day-to-day response to fire and medical emergencies in the backcountry has never been stronger.

Since our Board approved the formation of the San Diego County Fire Authority (Fire Authority) in 2008, we have teamed up with CAL Fire as our operational partner to staff 10 paramedic level stations in the unincorporated County, with five more about to come online. With more than 90 percent of the Fire
Authority’s calls involving medical emergencies, traffic collisions and rescues, a fast and capable rural emergency response is paramount.

The San Diego Regional Fire Foundation (Fire Foundation) has been a key partner in ensuring our region’s fire companies have the tools they need to serve our rural communities well. Recently, the Fire Foundation announced a continuation of its ongoing support through a donation of funds to purchase Automated External Defibrillators (AEDs) for all fire and rescue units operated by the Fire Authority and CAL Fire. These devices are a critical asset to our firefighters in the field, as they are the only effective treatment for restoring irregular heart rhythm during sudden cardiac arrest. Placing AEDs in new apparatus and replacing older models in existing vehicles will enhance our response to medical emergencies.

Today’s action will authorize the County of San Diego to accept $44,500 in donations from the Fire Foundation to purchase AEDs for all fire and rescue units operated by the Fire Authority and CAL Fire which need new or updated AEDs.

RECOMMENDATION(S)
SUPERVISOR RON ROBERTS
1. In accordance with San Diego County Administrative Code Section 66 and Board Policy A-112, accept the donation from the San Diego Regional Fire Foundation to the San Diego County Fire Authority in the amount of $44,500 for purchase of Automated External Defibrillators (AEDs).

2. Authorize the Chair of the Board of Supervisors to sign a letter of appreciation on behalf of the Board of Supervisors and the County of San Diego to the San Diego Regional Fire Foundation.

3. Establish appropriations of $44,500 in San Diego County Fire Authority, Services and Supplies, to purchase Automated External Defibrillators (AEDs) based on donations from San Diego Regional Fire and Emergency Services Foundation.

FISCAL IMPACT
The San Diego County Fire Authority received a donation of $44,500 from the San Diego Regional Fire and Emergency Services Foundation for purchase of Automated External Defibrillators (AEDs). Funds associated with the donation are not included in the Fiscal Year 2016-17 Operational Plan for the San Diego County Fire Authority. There will be no change in net General Fund costs and no additional staff years.

Annual costs and revenues for the remaining term of the contract will be included in future year Operational Plans for the Sheriff's Department. There will no change in net General Fund cost. 14. SUBJECT: COMPETITIVE PROCUREMENT OF CHILD AND FAMILY TEAM MEETING FACILITATORS FOR CHILD WELFARE SERVICES, BEHAVIORAL HEALTH SERVICES, AND PROBATION (DISTRICTS: ALL)

OVERVIEW
Child Welfare Services (CWS), Behavioral Health Services (BHS), and the Probation Department have worked together to meet the mental health and well-being needs of all system-involved youth. This is done by screening youth for mental and behavioral health concerns at the time of entry into the child welfare system, providing assessments and mental health services as needed, as well as bringing together the agencies, the youth, the family, and important people in the youth’s life - collectively known as the Child and Family Team - to make informed decisions about how to help the youth and family meet their behavioral health and well-being goals.

Continuum of Care Reform (CCR) is a continuation of California’s ongoing system efforts to improve outcomes for children in foster care. CCR is mandated through AB 403 (2015) and AB 1997 (2016) and will have ongoing legislation over coming years to support the effort. CCR integrates the positive practices identified through the implementation of Pathways to Well-Being and has made sweeping changes to all facets of the foster care system. Pathways to Well-Being seeks to positively impact all CWS children/youth by providing mental health screening, mental health assessment as warranted, and thoughtful and timely linkage to mental health and supportive services for the County’s most impacted children and youth.

Youth with the highest mental health needs, who qualify for Enhanced Services including Intensive Care Coordination and Intensive Home Based Services through the Pathways to Well-Being program, have Child and Family Teams who meet every 90 days to discuss the youth’s progress, needs, and make ongoing treatment decisions. In 2016, these services were expanded to all youth who meet the criteria, even if they are not part of the child welfare system.
One of the CCR mandates includes the formation of Child and Family Teams to collaborate and make informed decisions at integral decision-making points in each case for all CWS and Probation youth who are removed from their homes.

Due to the CCR mandates for Child and Family Team meetings for all out of home youth along specified timelines, the number of facilitated meetings is expected to increase by 800%. To accommodate this growth, CWS is requesting authorization to issue a competitive procurement for Child and Family Team Meeting Facilitators to integrate the efforts of CWS, Behavioral Health Services and Probation Department. Today’s action supports the countywide Live Well San Diego vision by providing quality care and supportive services for at-risk children and youth in the dependency and delinquency system, which promotes a healthy, safe, and thriving region.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

In accordance with Section 401, Article XXIII of the County Administrative Code, authorize the Director, Department of Purchasing and Contracting, to issue a competitive solicitation for Child and Family Team Meeting Facilitators, and upon successful negotiations and determination of a fair and reasonable price, award contracts for a term of one year, with four option years and up to an additional six months options if needed, and to amend the contract as needed to reflect changes to services and funding, subject to approval of the Agency Director, Health and Human Services Agency.

ON MOTION of Supervisor Roberts, seconded by Supervisor Horn, the Board of Supervisors took action as recommended, on Consent.

OVERVIEW
As the region’s designated Community Action Agency, the County of San Diego is eligible to receive an annual allocation of federal Community Services Block Grant (CSBG) revenue. CSBG funding supports local efforts to improve the conditions of low-income communities, including removing barriers to economic stability and promoting civic engagement of economically disadvantaged individuals. CSBG funds are available to California Community Action Agencies each year through a revenue agreement with the California Department of Community Services and Development (CSD) pending the submission of a two-year Community Action Plan. On May 12, 2015 (6), the Board of Supervisors approved the two-year Community Action Plan with CSD for calendar years 2016 and 2017. On January 26, 2016 (9) and January 24, 2017 (4), the Board authorized execution of CSBG revenue agreements with CSD to fund calendar years 2016 and 2017, respectively.

A key component of the 2016-2017 Community Action Plan was the provision of collaborative communication and conflict resolution training offered to vulnerable populations through an initiative called the *Live Well San Diego* Exchange. The Exchange is a curriculum developed by the National Conflict Resolution Center (NCRC) to build the capacity of individuals to manage conflict more successfully in their own lives. The *Live Well San Diego* Exchange was initiated in 2014 in an effort to make the training available to vulnerable populations throughout San Diego County. In 2015, the initiative expanded to include special joint sessions between residents in economically disadvantaged communities and local law enforcement in an effort to strengthen relationships and collaboration around increasing safety in low-income neighborhoods. The initiative has been administered through NCRC’s Alternative Dispute Resolution Contract, which ends Fiscal Year 17-18.
Today's action requests Board authority to approve the two-year Community Action Plan (Plan) for the calendar years 2018 and 2019 and approve and authorize the Clerk of the Board of Supervisors to execute the CSBG revenue agreements and any amendments associated with the Plan for those same years. It also requests approval for a single source contract with NCRC to provide the Live Well San Diego Exchange for a period to coincide with the Plan. Finally, it requests authority to pursue additional funding opportunities to support expansion of efforts outlined in the Plan, or to implement new programs response to the Plan's community needs assessment findings.

The programs outlined in the 2018-2019 Plan, including the Live Well San Diego Exchange, support the vision of healthy, safe and thriving communities by providing services that address barriers to achieving the vision in low-income communities.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

1. Approve and authorize submission of the 2018-2019 Community Action Plan to the State of California, Department of Community Services and Development.

2. Approve and authorize the Clerk of the Board of Supervisors to execute the Community Services Block Grant revenue agreements and any amendments in an amount of approximately $3,500,000 annually from the California Community Services and Development Department for the periods of January 1, 2018 through December 31, 2018 and January 1, 2019 through December 31, 2019.

3. In accordance with Board Policy A-87, Competitive Procurement, approve and authorize the Director, Department of Purchasing and Contracting, to enter into negotiations with the National Conflict Resolution Center for the Live Well San Diego Exchange and subject to successful negotiations and determination of fair and reasonable pricing, award a Single Source contract for the initial term of January 1, 2018 through December 31, 2018 with one option year and up to an additional six months if necessary, and to amend the contract as needed to reflect changes to services and funding, subject to the approval of the Agency Director, Health and Human Services Agency.

4. Approve and authorize staff to pursue funding opportunities in line with the Calendar Years 2018-2019 Community Action Plan.

16. SUBJECT: TARGETED CASE MANAGEMENT PROGRAM
EVERGREEN PROVIDER PARTICIPATION AGREEMENT (DISTRICTS: ALL)

OVERVIEW
The County of San Diego participates in Medi-Cal Administrative Activities (MAA) and Targeted Case Management (TCM), which are federal Medicaid revenue recovery programs. The County of San Diego has been responsible for coordinating these programs as the designated Local Government Agency (LGA) since the mid-1990s. These programs ensure accurate reimbursement for various Medi-Cal related activities that are performed by County programs and community-based providers. MAA activities help to enroll clients in Medi-Cal. TCM services are designed to allow Medi-Cal beneficiaries access to needed medical and other supportive services. This board letter focuses on TCM.

The State of California, Department of Health Care Services (DHCS) administers the disbursement of these federal funds, and the TCM Program Provider Participation Agreement (PPA) is necessary for participating County and community-based programs to be reimbursed for Medi-Cal related TCM activities. In an effort to reduce paper waste and increase operational efficiency, DHCS is transitioning to an evergreen PPA that will remain in effect indefinitely until terminated by either party.
The Board of Supervisors last approved the TCM Program PPA with the State of California on June 18, 2013 (9). Today's action requests authority to execute the TCM Program evergreen PPA with DHCS effective July 1, 2017 as the current agreement will expire June 30, 2017.

Today's action supports the Safe Communities component of the countywide Live Well San Diego vision by ensuring that participating County and community programs receive reimbursements for eligible Medi-Cal related TCM activities, which promotes a healthy, safe, and thriving region.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

Approve and authorize the Clerk of the Board to execute, and notarize upon receipt, the Targeted Case Management (TCM) Program Evergreen Provider Participation Agreement, including the Certification Form, with the State of California in an amount to be determined based on Annual Cost Reports submitted to the State of California, Department of Health Care Services, to provide reimbursement for TCM services performed by community-based organizations, County programs, and other jurisdictions for the period of July 1, 2017 in perpetuity, until either party chooses to terminate the agreement, and to execute subsequent amendments of the agreement that do not materially impact or alter the program.

OVERVIEW
Medi-Cal Administrative Activities (MAA), Targeted Case Management (TCM) and School-Based MAA (SMAA) are federal Medicaid revenue recovery programs that provide federal reimbursement for various Medi-Cal related activities performed by County programs, community-based providers and school districts. The County of San Diego has been responsible for coordinating all three programs as the designated Local Government Agency (LGA) since the mid-1990s. For the SMAA program, which is the focus of this letter, the County serves as a pass-through entity for school district funds and is reimbursed for incurred administrative costs. The Board of Supervisors last authorized the SMAA Revenue Agreement on March 11, 2014 (13); the term of this agreement will end June 30, 2017.

Today’s action requests authority to execute a Revenue Agreement with the State of California, Department of Health Care Services for SMAA activities performed by participating school districts located within San Diego County for the period of July 1, 2017 through June 30, 2020. Approval of this item will assist County program school districts to recover the administrative costs used to enroll and refer eligible children and their families in Medi-Cal and Medi-Cal covered services.

18. SUBJECT: CERTIFICATION STATEMENTS FOR CHILD HEALTH AND DISABILITY PREVENTION AND CALIFORNIA CHILDREN SERVICES PROGRAMS (DISTRICTS: ALL)

OVERVIEW
The Child Health and Disability Prevention (CHDP) program and California Children Services (CCS) program are funded by State Department of Health Care Services Children’s Medical Services (CMS), and administrated by the County through the Public Health Services (PHS) Division of Health and Human Services Agency. Vulnerable populations such as low income children, children in foster care, and children with serious medical conditions receive case management and therapy services, such as periodic health assessment, care coordination, and access to diagnostic and treatment services.

CMS requires an annual application process for the provision of services to the children of San Diego County with certification by the County Board of Supervisors. Approval of the certification statements as part of the yearly application process allows the County to receive reimbursements for services in the CHDP and CCS programs. By signing the Certification Statements, the County certifies that all CMS programs will comply with the CMS Plan and Fiscal Guidelines for the Fiscal Year 2017-2018 and subsequent four fiscal years through Fiscal Year 2021-22.
Today’s action will allow the PHS Division of Health and Human Services Agency to continue providing these services to the community and receive reimbursement from State CMS.

Today’s action supports the Building Better Health component of the countywide Live Well San Diego vision by supporting preventive health care, early intervention, and treatment programs for at-risk children and families, which promotes a healthy, safe, and thriving region.

RECOMMENDATION(S)

21. SUBJECT: INNOVATIVE HOUSING INITIATIVE - TACKLING HOMELESSNESS AND AFFORDABILITY (DISTRICTS: ALL)

OVERVIEW
As the demand for housing increases and the supply fails to keep pace, affordable housing options are shrinking. Thousands of local households are struggling to make ends meet. According to the recent 2017 Point-in-Time Count in San Diego County, more than 9,000 people live on the streets or in temporary shelters; the fourth highest homeless population in the country.

In order to address the affordable housing needs throughout San Diego County, we recommend establishing an Innovative Housing Trust Fund (Fund), to be administered by the Health and Human Services Agency, Housing and Community Development Services (HCDS). The Fund will include an initial investment of $25 million to be administered by HCDS over a five-year period.

Today's actions support the County's Live Well San Diego vision by ensuring that veterans, persons with disabilities, seniors, transitional age youth and families who are homeless and at-risk of homelessness have access to suitable living environments, thereby enhancing their quality of life and promoting a healthy, safe and thriving region.

RECOMMENDATION(S)
CHAIRWOMAN DIANNE JACOB AND SUPERVISOR RON ROBERTS
1. Find pursuant to Section 15061(b)(3) of the State of California Environmental Quality Act (CEQA) Guidelines that the recommendations below are categorically exempt from environmental review because it can be seen with certainty that there is no possibility that the activity in question will have a significant effect on the environment and is, therefore, not subject to CEQA.
2. Refer to budget the establishment of $25,000,000 of appropriations in Finance Other Countywide General Expenses based on General Fund fund balance in order to fund the Innovative Housing Trust Fund.

3. Direct the Chief Administrative Officer to return to the Board within 90 days with an Ordinance that will:
   a. Create an interest bearing Innovative Housing Trust Fund and
   b. Establish criteria for the use and distribution of the funds from the Innovative Housing Trust Fund.

FISCAL IMPACT
Funds associated with today’s recommendations are not included in the Chief Administrative Officer’s Fiscal Year 2017-19 Recommended Operational Plan. Contracts resulting from these recommendations will be executed with nonprofit and private sector entities and will be let in accordance with County procurement rules.

ACTION:

22. SUBJECT: IN SUPPORT OF COST EFFECTIVE, CREATIVE AFFORDABLE HOUSING SOLUTIONS (DISTRICTS: ALL)

OVERVIEW
San Diego County is facing an affordable housing crisis, one that was the stark back story to this year’s annual Point In Time Count which revealed the number of homeless individuals in our region has increased 5 percent to 9,116. The number of unsheltered homeless seniors, those 55 and older, rose to 1,598, a 20 percent increase from a year earlier. These increases came despite the success of non-profit and government agencies in helping thousands of our residents off the street and into housing, or finding ways to keep them in their homes or transition to a new residence. Our region’s increase in homeless is strongly influenced by a constricted supply of affordable homes that, as existing rents rise, can result in former tenants too often pushed out of their homes as the price of housing rises to exceed their income. We have witnessed veterans, seniors and seriously mentally ill individuals with government-issued housing vouchers, but no affordable front doors. Today I am transferring $500,000 in Neighborhood Reinvestment Funds into a fund for the development of creative, cost-effective affordable housing solutions for seniors and other vulnerable populations. By approving this investment through the Health and Human Services Agency, these funds will be used to conduct feasibility studies and planning activities, and to support external entities in their feasibility studies and planning activities, all designed to further the development of a region-wide solution to our critical shortage of affordable housing.
RECOMMENDATION(S)
SUPERVISOR RON ROBERTS
1. Find that Recommendations 2, 3 and 4 are exempt from review under the California Environmental Quality Act pursuant to Section 15262 of the CEQA Guidelines because they involve only feasibility and planning studies for possible future actions which the Board of Supervisors has not approved, adopted, or funded and for which environmental factors have been considered. Pursuant to Section 15262, no action will be taken that will have a legally binding effect on later activities.

2. Allocate $500,000 from the Neighborhood Reinvestment Program Budget (Org 15665) to the Health and Human Services Agency, Housing and Community Development Services (Org 46461) for its use in conducting or causing to be conducted feasibility studies and planning activities and to assist external entities with their feasibility studies and planning activities to expand San Diego County’s affordable housing opportunities.

3. Transfer appropriations of $500,000 from the Neighborhood Reinvestment Programs budget (Org 15670), Services & Supplies, to the Health and Human Services Agency, Housing and Community Development Services (Org 46461) for its use in conducting or causing to be conducted feasibility studies and planning activities and to assist not-for-profit entities with their feasibility studies and planning activities to expand San Diego County’s affordable housing opportunities. (4 VOTES)

4. Authorize the Director, Department of Purchasing and Contracting, to negotiate, and upon successful negotiations, to enter into an agreement for up to $100,000 for a feasibility study and for planning activities of all or a portion of 6950 Levant Street, San Diego (APN 427-310-16), with San Diego Kind Corporation through which San Diego Kind Corporation will assess the feasibility and planning needed for San Diego Kind Corporation to develop affordable senior housing at the site in the future.

5. Establish an ad hoc subcommittee of this Board and appoint two members to provide input on the administration of this program.

FISCAL IMPACT
The fiscal impact of these recommendations is $500,000. Funds for this request are included in the Fiscal Year 2016-2017 Operational Plan for the Neighborhood Reinvestment Program (15665). The funding source is General Fund fund balance. There will be no change in net General Fund costs and no additional staff years.
BUSINESS IMPACT STATEMENT
This recommendation will have a positive impact on the business community since contracts resulting from this recommendation will be executed with private sector entities.

23. SUBJECT: CERTIFICATION OF INITIATIVE PETITION REGARDING COUNTY SERVICE AREA 113 SPECIAL BENEFIT TAX (DISTRICTS: ALL)

OVERVIEW
The “Initiative Measure Repealing Ordinance No. 6735 Regarding Special Benefit Tax for Structural Fire Protection in County Service Area 113” was filed with the Registrar of Voters on May 8, 2017.

The Registrar examined the petition in accordance with California Elections Code, and found it contains a sufficient number of valid signatures, and is now certifying the results to the Board of Supervisors. The Board of Supervisors is required to exercise one of the following options in accordance with State law: 1) to adopt the ordinance to repeal Ordinance No. 6735 or, 2) to submit the measure to the voters at the June 5, 2018 election.

The County collects the Special Benefit Tax and uses the funds to directly support the residents who pay the tax. The taxes are used to provide services and capital projects at the San Pasqual Fire Station. Repeal of the tax could limit the County’s ability to invest in fire protection equipment and facilities in the San Pasqual area.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
1. Receive the certification from the Registrar of Voters that the initiative petition contains a sufficient number of valid signatures.
2. Provide direction on one of the following options pursuant to Elections Code Section 9311:
   - Option One: Adopt, without alteration, the Ordinance Repealing Ordinance No. 6735 Regarding Special Benefit Tax for Structural Fire Protection in County Service Area 113.

   - Option Two: Submit the measure, without alteration, to the voters at the next statewide election, which would be June 5, 2018.

Note: If additional time is needed for a staff presentation, State law requires a decision to be made within 10 days. The next regularly scheduled meeting on June 27, 2017 would meet this requirement.

FISCAL IMPACT
Funds for this request are included in the Fiscal Year 2017-18 CAO Recommended Operational Plan. If Option One is approved, this would result in a loss of approximately $52,000 in ongoing annual revenue for CSA 135 Special Revenue Fund. If Option Two is approved, this initiative measure will be placed on the June 5, 2018 ballot which would result in an increase of approximately $20,000 in the County’s share of costs for this election. The funding source for the County’s share of costs is General Purpose Revenue. There will be no change in net General Fund cost and no additional staff years.

OVERVIEW

Parks and recreation facilities help create healthy communities, protect valuable natural and cultural resources, reduce crime and vandalism, and foster civic engagement. The Department of Parks and Recreation (DPR) maintains 125 park facilities, over 360 miles of trails and nearly 50,000 acres of parkland. DPR’s existing business plan encourages creative partnerships, innovation, and best practices. Current policy constraints have limited the ability to expand the park system, resulting in a lack of recreational opportunities for some county residents.

On March 22, 2017 (12), the Board of Supervisors approved the “Green Light For County Park System” recommendations of Chairwoman Jacob and Supervisor Cox to direct the Chief Administrative Officer (CAO) to review existing policies and ordinances related to developing and maintaining County parks and facilities and return to the Board within 180 days with recommendations that encourage new park development and streamline the process for developing new parks and facilities. In addition, the Board directed the CAO to establish guidelines for using future appropriations for a trust fund or other funding mechanism to fill funding gaps for maintaining new and existing parks and facilities.

Today’s requested actions are to amend Board of Supervisors Policies F-26, Utilization of Park Lands Dedication Ordinance Fees and Interest, and I-44, Procedure for Designing New County-owned Community/Local Parks, to support new development and maintenance of parks and recreation facilities, and to approve $13.0 million in General Fund Commitment for new park and recreation projects that will help fill gaps in local park services and support implementation of the Park Lands Dedication Ordinance (PLDO). Future PLDO projects will be incorporated into the County’s Capital Improvement Needs Assessment (CINA). This request will also direct the CAO to develop an enhanced partner evaluation model in DPR.
RECOMMENDATION(S)

   a. F-26, Utilization of Park Lands Dedication Ordinance Fees and Interest
   b. I-44, Procedure for Designing New County-owned Community/Local Parks.

Ongoing annual operations and maintenance costs will be reflected in the DPR annual budget as projects are completed. There will be no additional staff years.

SUBJECT: NOTICED PUBLIC HEARING: ISSUANCE OF REVENUE BONDS BY THE CALIFORNIA STATEWIDE COMMUNITIES DEVELOPMENT AUTHORITY FOR THE BENEFIT OF FRONT PORCH COMMUNITIES AND SERVICES IN AN AGGREGATE AMOUNT NOT TO EXCEED $175,000,000 (DISTRICT: 4)

OVERVIEW
The County has received a request from the California Statewide Communities Development Authority ("CSCDA" or "Authority") to conduct a public hearing as required by the Internal Revenue Code and to approve the Authority’s issuance of one or more series of revenue bonds in an aggregate principal amount not to exceed $175,000,000 (the "Bonds"), for the benefit of Front Porch Communities and Services ("Borrower"), a nonprofit public benefit corporation and 501(c)(3) organization duly organized and existing under the laws of the State of California. The Borrower has applied for the financial assistance of the Authority. The proceeds of the Bonds will be allocated to three separate facilities: Wesley Palms (up to $60,000,000), Villa Gardens (up to $10,000,000) and Walnut Village (up to $105,000,000). The proceeds of the bonds will be used to: refinance approximately $103,000,000 of outstanding fixed rate bonds issued in 2007 and variable rate bonds issued in 2012 and 2015; help fund certain capital improvements at various Front Porch communities; and pay for costs of issuance related to the proposed Series 2017 bonds.

The Authority is authorized to assist in financing for nonprofit public benefit organizations or for-profit corporations with a public benefit project wishing to issue revenue obligations, including the Borrower. In order to initiate such a financing, the Borrower is asking the County of San Diego, a member jurisdiction in which the project resides to: (1) conduct a public hearing to satisfy the public approval requirement of Section 147(f) of the Internal Revenue Code; and (2) approve the Authority’s issuance of the Bonds. Although the Authority will be the issuer of the Bonds for the Borrower, the financing cannot proceed without the approval of an applicable legislative body.

Today’s recommendations will provide the Authority with the required authorization to pursue its determination to issue the Bonds on behalf of the Borrower for the project.
RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
1. Pursuant to Section 147(f) of the Internal Revenue Code, hold a public hearing regarding the financing of the Project.

2. Adopt a Resolution entitled:
   RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN DIEGO APPROVING THE ISSUANCE OF THE CALIFORNIA STATEWIDE COMMUNITIES DEVELOPMENT AUTHORITY REVENUE OBLIGATIONS (FRONT PORCH COMMUNITIES AND SERVICES), SERIES 2017 IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED $175,000,000 FOR THE PURPOSE OF FINANCING AND REFINANCING THE CONSTRUCTION, RENOVATION, IMPROVEMENT AND EQUIPPING OF SENIOR LIVING COMMUNITIES AND CERTAIN OTHER MATTERS RELATING THERETO.

FISCAL IMPACT
If approved, the proposal will result in approximately $1,000 of unanticipated revenue to cover one-time costs associated with this non-County financing. The Borrower will be responsible for the payment of all present and future costs in connection with issuance of the Financing. The County will incur no obligation of indebtedness as a result of these actions.

TUESDAY, JUNE 20, 2017
OVERVIEW
San Diego County currently has policies relating to the naming of County Buildings and Facilities. However, specific authority does not exist for the naming of bridges in the unincorporated areas of the County. Providing this authority through amending current County policies would allow for a community to follow a process to adopt a name for a bridge.

Each community in the unincorporated area of the County has a unique history. Amending our current policies to allow for the naming of bridges would allow communities to honor an entity or individual by naming a bridge after them. Any request to name a bridge should be a community driven process that is ultimately approved by the Board of Supervisors. This would allow our process to be consistent with how the State of California allows for the naming of bridges and highways on State property.

Therefore, today’s action will direct the CAO to amend existing policies to define the process and to develop criteria for approval by the Board of Supervisors to name bridges in the unincorporated area of the County and to return to the board within 180 days.

RECOMMENDATION(S)
CHAIRWOMAN DIANNE JACOB
Direct the CAO to amend existing County policies to define the process and to develop criteria for approval by the Board of Supervisors to name bridges in the unincorporated area of the County and to return to the board within 180 days.

33. SUBJECT: COMPETITIVE SOLICITATION FOR CONVERSION/DUPLICATION, RESTORATION AND TREATMENT OF ASSESSOR/RECORDER/COUNTY CLERK ARCHIVE FILM (DISTRICTS: ALL)

OVERVIEW
Assessor/Recorder/County Clerk (ARCC) is responsible for maintaining and preserving official records (e.g., real property, legal documents, maps, and birth, death, and marriage certificates) for the County of San Diego pursuant to Government Code Section 27322.2. All reproductions must be made in compliance with regulations adopted by the California Secretary of State, under Government Code Section 12168.7. ARCC is required to keep a true copy of the documents for archival purposes in a safe and separate place that will reasonably assure its preservation indefinitely.

ARCC is concerned with the long-term preservation of microfilm for official records. The Department is legally required to maintain copies of all recorded documents and utilizes microfilm as the main preservation media. Historically, the oldest preservation microfilm used is an acetate-based. This type of microfilm was discovered to be an unstable media and ARCC discontinued using this type of microfilm in the mid-1990s. To ensure documents are accessible into the future, all acetate microfilm must now be converted to the stable polyester-based microfilm that is currently in use. In addition, the polyester microfilm used between the mid-1990s and 2009 must be polysulfide treated to limit deterioration.
and increase life expectancy. ARCC has approximately 29,388 permanent microfilm rolls that need restoration. These microfilm rolls are decades old and many may require additional restoration attention.

Today's action will authorize the issuance of a competitive solicitation for the conversion, duplication, restoration and treatment of official record microfilm rolls. As part of the project, ARCC will improve its inventory of microfilm data by gathering information that will be included in an archive inventory database.

RECOMMENDATION(S)

ASSESSOR/RECORDER/COUNTY CLERK
In accordance with Board Policy A-87, Competitive Procurement, authorize the Director, Department of Purchasing & Contracting, to issue a competitive solicitation for the conversion, duplication, restoration and treatment of official record microfilm rolls, and upon successful negotiation and determination of a fair and reasonable price, award contract for a term of two years, with three one-year option periods, and to amend the contract as needed to reflect changes to services and funding, subject to approval of the Assessor/Recorder/County Clerk.

FISCAL IMPACT
Funds for this request are included in the Fiscal Year 2017-19 CAO Recommended Operational Plan. If approved, this request will result in costs and revenue of approximately $1,500,000 in FY2017-18 and $500,000 in FY2018-19. The funding source is Micrographics Trust Fund. There will be no change in net General Fund cost and no additional staff years.

OVERVIEW
A special bond election was duly held in the Santee School District (“District”) on November 7, 2006 whereby at least 55 percent of the voters of the District approved the issuance of $60,000,000 in general obligation bonds (the “Authorization”). Proceeds from the bonds were used to acquire, expand, modernize, and construct K-8 school facilities for the purposes authorized at the November 7, 2006 election. The bonds are payable from the levy of an ad valorem tax against the taxable property in the District.

Since the approval of the Authorization, the District has issued multiple series of bonds including the Santee School District 2008 General Obligation Bonds, 2006 Election, Series B (“Series B Bonds”) in the original aggregate amount of $12,385,077. On June 6, 2017, the District approved the issuance of not to exceed $14,000,000 of general obligation refunding bonds and wishes to authorize the issuance and sale of its 2017 General Obligation Refunding Bonds (the "Refunding Bonds") for the purpose of refunding all or a portion of the outstanding Series B Bonds.

SUBJECT: ELIMINATION OF SDCERA’S IT UNIT; ELIMINATION OF JOB CLASSIFICATION IN SDCERA’S BENEFITS DIVISION AND REDUCTION IN WORKFORCE DUE TO LACK OF WORK (DISTRICTS: ALL)

OVERVIEW
On June 20, 2017, the Board of Supervisors is scheduled to review the San Diego County Employees Retirement Association’s (SDCERA) request for an elimination of its Information Technology (IT) Unit (IT Unit), as a whole, due to outsourcing of SDCERA’s IT function and to authorize the layoff of employees in that unit for lack of work. The County’s Chief Administrative Officer has authorized SDCERA to limit the layoff of employees to the IT Unit as required by Civil Service Rule XIV, Section 14.1.2(a)(ii) [Suborganizational Layoff].

The Board of Supervisors is also scheduled to review SDCERA’s request for an elimination of the following job classification currently assigned to SDCERA’s Benefits Division: Retirement Imaging Technician, Job Code 007561. The Board of Supervisors is asked to find that it is necessary to reduce the number of SDCERA staff due to a lack of work caused by the elimination of the IT Unit and the Retirement Imaging Technician job classification.

After careful consideration, SDCERA has concluded that these actions are necessary to fulfill SDCERA’s constitutional and fiduciary obligations to prudently manage the Trust Fund and minimize costs.

Outsourcing SDCERA’s IT function will result in annual savings of approximately $1.6 million while providing improved IT services and access to discounts in procuring information technology equipment and contracted services through its contract with the outside IT provider. Outsourcing SDCERA’s IT function complies with SDCERA’s fiduciary duties under the California Constitution to defray reasonable expenses of administering the system by decreasing the administrative expenses of the system.

SDCERA also has determined that the Retirement Imaging Technician position in the SDCERA Benefits Division (Division) is no longer necessary.

The Division is currently staffed with two Retirement Imaging Technicians. The imaging duties performed by that classification are also within the Job Descriptions of the Retirement Member Services Associates and Retirement Member Services Specialists classifications. The Division recently completed a project to eliminate unnecessary and duplicative imaging of documents resulting in a significant reduction of time required to image documents. For example, the
streamlining of three processes alone eliminated more than 1,300 pages of duplicative document imaging per month. As a result, SDCERA has assessed the Division’s need for imaging technicians and has determined that, with the streamlining of processes and elimination of duplicative imaging, the imaging requirements for the Division can be performed by other, existing classifications and do not support the need for dedicated Retirement Imaging Technicians. SDCERA has concluded that the imaging duties can be included in the duties of other staff members assigned to the Division and recommends that, due to a lack of work, the Retirement Imaging Technician position be eliminated.

The elimination of the IT Unit and the Retirement Imaging Technician position complies with SDCERA’s fiduciary duties under the California Constitution to defray reasonable expenses of administering the system by decreasing the administrative expenses of the system.

RECOMMENDATION(S)
SDCERA CHIEF EXECUTIVE OFFICER
Adopt the resolution making the determination, pursuant to Section 14.1.1 of the Civil Service Rules, that (1) it is necessary to eliminate SDCERA’s IT Unit, as a whole, and find that it is necessary to reduce SDCERA’s workforce by the seven incumbent positions within that Unit due to the lack of work for incumbent staff; and, (2) it is necessary to eliminate SDCERA’s Retirement Imaging Technician job classification and find that it is necessary to reduce SDCERA’s workforce by the two incumbents in that position due to the lack of work for incumbent staff.

FISCAL IMPACT
The elimination of SDCERA’s IT Unit and resulting reduction in staff for Fiscal Year 2018, and annually thereafter, will result in a savings to SDCERA of $1.6 million in salaries and benefits as well as savings related to the procurement of IT-related equipment and other contracted services such as licenses and telecommunication. The elimination of SDCERA’s Retirement Imaging Technician job classification and reduction in staff for Fiscal Year 2018, and annually thereafter, will result in a savings to SDCERA of approximately $175,000 in salaries and benefits. The combined savings for both actions is approximately $1.8 million annually.
