1. **SUBJECT:** DISTRICT ATTORNEY - REQUEST TO APPLY FOR AND ACCEPT GRANT FUNDING FROM THE CALIFORNIA GOVERNOR'S OFFICE OF EMERGENCY SERVICES TO CONTINUE THE VICTIM/WITNESS ASSISTANCE AND COUNTY VICTIM SERVICES PROGRAMS - (DISTRICTS: ALL)

**OVERVIEW**
The State Penal Code Section 13835 mandates local comprehensive centers for victim and witness assistance throughout California. In the County of San Diego, this assistance is administered through the District Attorney's Office Victim/Witness Assistance (VW) Program. For over four decades, the VW Program has been funded by California Governor's Office of Emergency Services (Cal OES). The VW Program provides critical services to crime victims and witnesses, including but not limited to crisis intervention, referrals to community resources, court accompaniment, and orientation to the criminal justice system. Historically, over 10,000 victims are served each year by the District Attorney's victim advocates.

In 2016, the Board of Supervisors (Board) authorized the District Attorney to apply for and accept a second Cal OES grant, the County Victim Services (XC) Program, that enabled counties to identify and fill gaps and needs in victim services programs. Program priorities were established through a community collaborative and multi-agency partnership. The services provided by this program have included forensic medical exams, mental health treatment, housing assistance, crisis intervention, emergency hotel stays, and case management.

If approved, today's request will authorize the District Attorney to apply for and accept revenue from Cal OES in the estimated annual amount of $3.7 million for the VW Program for the period of October 1, 2022, through September 30, 2027 and an estimated annual amount of $1.0 million for the XC Program for the period of January 1, 2023, through December 31, 2027.

This request will support the District Attorney's VW and XC Programs, which serve citizens who have been the victims or witnesses of crime.

This is also a request to authorize the District Attorney to apply for and accept grant funding and execute all required or related grant documents in subsequent years, provided there are no material changes to the grant terms and funding levels. This includes agreements for the financial administration and distribution of funds where necessary to carry out the purposes of the programs. If authorized, the District Attorney will return to the Board to appropriate any grant funding for this program as necessary.

**RECOMMENDATION(S)**
**DISTRICT ATTORNEY**
1. Waive Board Policy B-29 Fees, Grants, Revenue Contracts - Department Responsibility for Cost Recovery, which requires docketing at least 15 days in advance of the date on which the grant request must be received by the granting agency. The funding provided by California Office of Emergency Services plays a vital role in the healing process of
San Diego County victims. Providing assistance to mitigate the detrimental effects that victims of crime experience continues to be a priority. The District Attorney certifies that the activities in this request would be worthy of County funding in the absence of external funding.

2. Authorize the District Attorney to apply for and accept grant funds in the estimated annual amount of $3.7 million from the California Governor’s Office of Emergency Services for the Victim/Witness Assistance (VW) Program for the period of October 1, 2022, through September 30, 2027.

3. Authorize the District Attorney to apply for and accept grant funds for the Victim/Witness Assistance (VW) Program from the California Governor’s Office of Emergency Services in subsequent years provided there are no material changes to the grant terms or funding level.

4. Authorize the District Attorney to apply for and accept grant funds in the estimated annual amount of $1.0 million from the California Governor’s Office of Emergency Services for the County Victim Services (XC) Program for the period of January 1, 2023, through December 31, 2027.

5. Authorize the District Attorney to apply for and accept grant funds for the County Victim Services (XC) Program from the California Governor’s Office of Emergency Services in subsequent years provided there are no material changes to the grant terms or funding level.

6. Approve and authorize the District Attorney or her designees including the Chief District Attorney Administrative Officer and the District Attorney Legal Operations Administrator, in this year and subsequent years to review and execute all required or related grant documents, including agreements for the financial administration and distribution of funds where necessary to carry out the purposes of the program, and any annual extensions, grant subaward amendments, and/or revisions that do not materially impact either the program or funding levels of the Victim/Witness Assistance (VW) and County Victim Services (XC) Programs.

EQUITY IMPACT STATEMENT
The District Attorney focuses on policies and practices that ensure equal access to victim services. The District Attorney’s Victim/Witness Assistance (VW) and County Victim Services (XC) Programs provide victim services to all communities of San Diego County. District Attorney victim advocates are located regionally to ensure all victims are offered support and needed services. Approximately 23% of the County’s residents are immigrants who speak many different languages. To address language needs in serving victims, the District Attorney hires a diverse workforce with many bilingual victim advocates, utilizes contracted translation services, and launches informative digital and printed media campaigns in other languages. Victim advocates assist victims from all walks of life and experiences, regardless of age, background, and/or immigration status. Additionally, the XC grant funds support contracts with service providers that are embedded within the communities they serve, allowing for more culturally appropriate assistance. The District Attorney’s Office responds
with culturally competent, trauma informed care to individuals harmed by crime. Since victims and survivors of trauma frequently intersect with the criminal justice system, their perspective is critical to achieving racial and social equity and fair and equitable justice. The proposed action to apply for and accept grant funding from California Governor’s Office of Emergency Services supports the District Attorney’s efforts to make victim services more accessible and equitable throughout San Diego County and supports the District Attorney’s endeavor of fair and equal justice for all.

SUSTAINABILITY IMPACT STATEMENT
The provision of the California Governor’s Office of Emergency Services (Cal OES) funding for the VW and XC Programs contributes to the County of San Diego’s Sustainability initiative by supporting resiliency of victims and witnesses across the region. Through VW and XC Program grant funding, the District Attorney’s Office is prepared to respond to urgent needs of victims and witnesses of crime. Emergency assistance is provided in areas such as food, basic necessities, relocation, etc. The grant funded victim advocates provide other services which include crisis intervention, referral assistance to local community providers, and referrals for mental health counseling to respond to the emotional, psychological, or physical needs of victims/witnesses. Additionally, the VW Program grant allocates resources to the District Attorney’s Crisis Response Team who maintain readiness, refine immediate response procedures, and enhance long term recovery protocols to effectively respond to mass violence and terrorism incidents. All of the assistance and services delivered through the help of Cal OES grant funding ensures the capability of individuals and families to recover from the trauma caused by crime and crisis events. The District Attorney’s Office seeks to encourage individuals and families to stabilize their lives after victimization and strives to restore a measure of safety and security for the victim/witness.

FISCAL IMPACT
Funds for this request are included in the Fiscal Year 2022-23 Operational Plan for the District Attorney’s Office. If approved, this request will result in estimated costs and revenue of $4.7 million based on a grant award from the California Governor’s Office of Emergency Services. Funds in subsequent years will be included in future operational plans for the District Attorney’s Office. There will be no change in net General Fund cost and no additional staff years.

2. SUBJECT: SHERIFF - REQUEST FOR SINGLE SOURCE PROCUREMENT OF AN AUTOMATED LIQUID HANDLING PLATFORM FOR CRIME LAB (DISTRICTS: ALL)

OVERVIEW
On February 9, 2021 (4), the Board of Supervisors authorized the San Diego County Sheriff’s Department to apply for and accept funding from the California Highway Patrol (CHP) for the Fiscal Year 2021-22 Cannabis Tax Fund Grant Program. On May 19, 2021, the Sheriff’s Department received notice of the grant award in the amount of $2,653,500. A portion of funding from this grant will enable the San Diego County Sheriff’s Department Regional Crime Laboratory to implement an in-house toxicology program through the purchase of instrumentation, minor equipment, consumables, and upgrades to existing infrastructure which will advance the standardization of toxicology practices and phase out the outsourcing of toxicology testing.

Hamilton Robotics qualifies for a single source contract to provide an automated liquid handling platform pursuant to Board Policy A-87, Competitive Procurement:

Section D-6 Continuity: The procurement is for goods and/or services where continuity of providers will provide efficiency or critical knowledge, and other providers of the goods and/or services cannot provide similar efficiencies or critical knowledge.

Today’s action requests the Board to authorize the Director, Department of Purchasing and Contracting to enter into negotiations with Hamilton Robotics, and subject to successful negotiations and determination of a fair and reasonable price, award a contract for a Hamilton Microlab STAR automated liquid handling platform for use in implementation of an in-house drug toxicology program.

RECOMMENDATION(S)
SHERIFF
In accordance with Board Policy A-87, Competitive Procurement, approve and authorize the Director of the Department of Purchasing and Contracting to enter into negotiations with Hamilton Robotics and subject to successful negotiations and a determination of a fair and reasonable price, award a contract for an automated liquid handling platform, Hamilton Microlab STAR for the Sheriff’s Department Regional Crime Lab (Regional Crime Lab) Forensic Toxicology Section, which includes a one year warranty and six months of preventative maintenance, and to amend the contracts as needed to reflect changes to requirements and funding.

EQUITY IMPACT STATEMENT
Procuring the most advanced and industry-leading platform for the Regional Crime Lab’s in-house drug toxicology program benefits the residents in San Diego County, especially those victims of crimes where there is suspected use of, or presence of, drugs. Necessary and timely toxicology testing ensures the accountability of offenders and allows for the delivery of justice on behalf of victims. The ability to test for drugs and substances is critical in the prosecution of cases. Successful prosecution is a step in bringing healing for the victims of crimes, many of whom may have been impacted by community inequities and inequalities.
SUSTAINABILITY IMPACT STATEMENT
The proposed action to pursue a single source procurement of Hamilton Microlab STAR will allow the Regional Crime Lab to progress towards developing its in-house drug toxicology program and contribute to the County’s Sustainability Goal to provide just and equitable access. The Regional Crime Lab requires toxicology testing services on an on-going basis and the procurement of the technology for in-house toxicology will create more efficiency of time and cost, in the process.

FISCAL IMPACT
Funds for this request are included in the Fiscal Year 2022-23 Operational Plan for the Sheriff’s Department. If approved, this request will result in current year estimated costs and revenue of $325,000. The funding source is grant revenue from the California Highway Patrol Fiscal Year 2021-22 Cannabis Tax Fund Grant Program ($325,000) in the Sheriff’s Department. There will be no change in net General Fund cost and no additional staff years.

3. SUBJECT: SHERIFF - REQUEST APPROVAL TO SEEK URBAN AREAS SECURITY INITIATIVE GRANT FUNDING FOR THE PURCHASE OF THE COMPACT ARMORED TRACK VEHICLE (DISTRICTS: ALL)

OVERVIEW
The Sheriff’s Department currently has several armored vehicles used for various public safety and rescue missions. Often during the rescue missions, there are vehicles, barricaded structures, fencing, or debris blocking the path of the armored vehicles which prevents first responders from getting closer to dangerous areas to rescue persons or provide additional resources. Increased access to dangerous areas during critical incidents creates more options for first responders. The Sheriff’s Department seeks to purchase a Compact Armored Track Vehicle (CATV) that expands response capabilities by allowing for mobility, agility, safety, and multi-mission ability. The CATV is a rugged, versatile and highly maneuverable vehicle, and with the addition of armor plating, ballistic glass and variety of attachments, makes for a highly useful rescue vehicle. The ability to navigate terrain, rearrange, and remove obstacles is something that is not possible with the current fleet of armored vehicles.

Currently, no law enforcement agencies in San Diego County have this piece of equipment. By acquiring this equipment, the department would have it available for mutual aid requests. Owning this equipment in San Diego County reduces response times and increases the likelihood of a successful outcome of a critical incident in San Diego County. Considering that
this equipment will benefit the safety of the region's first responders, the Sheriff's Department is seeking funding for the purchase of this equipment through the Fiscal Year 2023 Urban Areas Security Initiative (UASI) grant for the project period September 1, 2023 to December 31, 2026.

This request is to approve and authorize the Sheriff's Department to apply for and accept Fiscal Year 2023 UASI grant funding from the Urban Area Working Group, the executive body that decides which regional projects are funded with UASI grant funds, for the purchase of a Compact Armored Track Vehicle.

RECOMMENDATION(S)
SHERIFF
1. Waive Board Policy B-29, Fees, Grants, Revenue Contracts - Department Responsibility for Cost Recovery, which requires full cost recovery for grants and revenue contracts, as these grant and revenue programs do not recover full cost.

2. Approve and authorize the Sheriff's Department to apply for and accept Fiscal Year 2023 UASI grant funding for the purchase of a Compact Armored Track Vehicle.

3. Authorize Sheriff to execute all required grant documents, including any annual extensions, amendments, and/or revisions thereto that do not materially impact or alter the services or funding level.

EQUITY IMPACT STATEMENT
Public safety encompasses more than just the enforcement of the law. Public safety includes engagement, involvement and connection to communities. The Sheriff's Department provides law enforcement services that aim to protect everyone's human right to life, liberty and security of person. The purpose and benefit to the acquisition and use of a compact armored track vehicle is public safety and the safety of first responders. This type of vehicle gives first responders access and engagement opportunities during highly critical incidents to enhance the delivery of de-escalation, negotiations, and rescue approaches.

SUSTAINABILITY IMPACT STATEMENT
The proposed action to seek grant funding to acquire specific special equipment for public safety purposes contributes to County of San Diego Sustainability Goal of providing just and equitable access. By acquiring equipment that will be available for use by any agency delivering services related to public safety, the proposed action will benefit all San Diego County residents, particularly those residing in areas affected by access constraints by law enforcement. This equipment will benefit the region's first responder safety response by increasing access to safety equipment and shortening timelines for delivery of public safety and emergency services.

FISCAL IMPACT
Funds for this request are not included in the Fiscal Year 2022-23 Operational Plan for the Sheriff's Department. If the grant is awarded, this will result in future costs and revenue of approximately up to $436,000. The funding source is the Urban Area Initiative Grant for the project period September 1, 2023 to December 31, 2026. Staff will return to the Board of Supervisors to appropriate funds in a future Operational Plan for the Sheriff's Department.
There will be no change in net General Fund cost and no additional staff. A waiver of Board Policy B-29 is requested as this revenue partially recovers Sheriff’s Department direct costs but does not reimburse all costs associated with administrative overhead and support.

ACTION:
This item was withdrawn at the request of the Chief Administrative Officer.

4. SUBJECT: EMERGENCY SERVICES - AUTHORIZE A CATEGORICAL EXEMPTION FROM COMPETITIVE PROCUREMENT FOR INFOLINE OF SAN DIEGO DOING BUSINESS AS 2-1-1 SAN DIEGO FOR AS NEEDED EMERGENCY ACTIVATION SERVICES (DISTRICTS: ALL)

OVERVIEW
In 2005, the State of California Public Utilities Commission (CPUC) designated INFOLINE of San Diego, doing business as 2-1-1 San Diego, as the comprehensive information and referral services line for San Diego County. Since then, 2-1-1 San Diego has offered reliable, personalized, quick, and free access to County public information. As a nationally recognized call center leader, 2-1-1 San Diego provides 24/7 services in compliance with CPUC and the National Alliance for Information and Referral Systems Professional Information & Referral standards.

If authorized, this request for an as needed Emergency Activation Services contract would leverage the Office of Emergency Services’ disaster preparedness, response and recovery services, regional partner support, and 2-1-1 San Diego’s comprehensive call center resources. 2-1-1 has historically served as an important partner in public communication during times of crisis, helping the County identify gaps in information needs, rumors and misinformation circulating in the community, and gaps or resource needs in disaster impacted areas. This contract will be activated in the event of a large-scale or rapidly escalating emergency requiring a public call center response. Examples include wildfire, floods, earthquakes, and other disasters when emergency services are overwhelmed, and critical public information must be disseminated quickly and directly.

Activation of this contract will rapidly expand 2-1-1 San Diego call center capacity during an emergency, reduce impacts to 911 dispatch centers, and allow 2-1-1 to serve as the County’s lead for a disaster response public call center, recovery support, and referral services. A key component of the contract’s cost-effective strategy is the utilization of a large pool of trained Disaster Response Team volunteers and County Disaster Service Workers who will respond during disasters to accept calls from the public, managed by 2-1-1 San Diego.

This contract also ensures access to 2-1-1 San Diego information services in 200 languages, supporting the cultural diversity and needs of San Diego communities.
Board Policy A-87, Competitive Procurement, Section 2 identifies certain types of procurement for goods and services to be categorically exempt from competitive procurement and utility services is one such type. Today's action authorizes the Department of Purchasing and Contracting to use a categorical exemption for a utility service to continue the Countywide 2-1-1 San Diego toll-free call center, activated as needed, during a rapidly expanding emergency response and recovery.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

In accordance with Board Policy A-87, Competitive Procurement, authorize the Director, Department Purchasing and Contracting, subject to successful negotiations and a determination of fair and reasonable price, to execute a contract with INFOLINE of San Diego doing business as 2-1-1 San Diego, for an as needed Emergency Activation Services for public outreach services when the County Emergency Operations Center (EOC) is activated for rapidly expanding emergency incidents. The contract is proposed for an initial one-year period, with four additional one-year options and an additional six months, if needed, and to amend the contract as needed to reflect changes to program, service requirements, and funding.

EQUITY IMPACT STATEMENT

San Diego County Office of Emergency Services (OES) is committed to achieving and fostering a Whole Community emergency management system that is fully inclusive of all individuals. Programs developed for emergency preparedness, mitigation, response, and recovery phases of emergency management support the health and well-being of our residents, businesses, and visitors, and address the equity needs of our County, before, during, and after disaster strikes.

Individual differences include, but are not limited to, ability, access and functional needs, age, life experience, military/veteran status, race, ethnicity, socio-economic class, marital status, parental status, gender/gender expression, sexual orientation, national origin, and religion. Through the integration of community-based organizations, partnerships with cities, special districts, tribes, service providers, government programs, and 2-1-1 San Diego referral services, OES supports and sustains an inclusive and equitable emergency management system.

This contract ensures access to disaster information in 200 languages, supporting the cultural diversity and inclusion needs of San Diego communities through sharing emergency information, aiding those with limited English proficiency, and engaging individuals with limited awareness about, or access to, vital services.

Services to be provided by 2-1-1 San Diego under this contract allow for a rapid response to unforeseen, quickly escalating emergency incidents, such as wildfires, floods, earthquakes, and other disasters.
SUSTAINABILITY IMPACT STATEMENT
Maintaining a central point of contact such as 2-1-1 San Diego for County information and support services enhances the ability to reach and aid residents and businesses to restore and sustain health and well-being. Clear, consistent, multi-lingual information speeds up the recovery process for those impacted, lessening the health, environmental, and economic impacts of disasters. Outreach efforts are planned and conducted in a sustainable way, leveraging digital, web, phone, and in-person activities, and lessening our reliance on printed documents.

Sharing information quickly and efficiently is essential in emergencies, such as clarifying what areas are evacuated, the location of emergency shelters, enhanced public understanding of life-saving emergency alert and warning messages, and disaster health and response services. The focus is proactively reaching at-risk, vulnerable, and underserved communities, enhancing equity and inclusion of impacted communities, and helping socio-economic groups historically burdened by wildfires, natural and human-caused hazards.

FISCAL IMPACT
There is no fiscal impact associated with today’s recommendation. Staff will return to the Board to appropriate funds, as necessary. There will be no change in net General Fund cost and no additional staff years.

BUSINESS IMPACT STATEMENT
A robust County 2-1-1 service contract supports the business community and economic viability of our region. Communications and referral support before, during, and after emergencies leverages business community partners, non-profit agencies, and public service providers to aid residents and businesses during incidents such as wildfires, storms, public health crises, and power outages. This contract also supports the County’s Sustainable and Thriving Environments strategic initiative by providing and promoting services that increase the well-being of our residents and increases consumer and business confidence.

ON MOTION of Supervisor Desmond, seconded by Supervisor Vargas, the Board of Supervisors took action as recommended, on Consent.

5. SUBJECT: APPROVAL OF ACTIONS RELATED TO THE SPENDING PLAN FOR THE AMERICAN RESCUE PLAN ACT PROGRAM FUNDS DIRECT STIMULUS PAYMENTS FOR POPULATIONS DISPROPORTIONATELY IMPACTED BY COVID-19 (DISTRICTS: ALL)

OVERVIEW
On June 8, 2021 (3), the San Diego County Board of Supervisors (Board) took critical action in advancing support to San Diego County residents by approving a framework for the use of American Rescue Plan Act (ARPA) funding. As part of this framework, under the Direct
Stimulus Payments component, the Board approved Direct Cash Assistance for Populations Disproportionately Impacted by COVID-19. Approval of the ARPA framework was the first step toward getting needed support and resources on the ground across the region. On August 30, 2022 (20), the Board received an update on the existing framework and projected spending levels and approved an updated allocation of ARPA funding for this component. As part of this approved reallocation $10 million was directed for Direct Cash Assistance for Populations Disproportionately Impacted by COVID-19. On October 25, 2022 (6) the Board approved a motion for County staff to return to the Board in 30 days with options to restructure the program, with a focus on one-time payments to families, senior citizens, or individuals vulnerable or at risk of becoming homeless, prioritizing the 39 Health Equity Impact zip codes.

Additional action is needed to begin to operationalize this effort to support San Diego County’s most vulnerable communities who have been disproportionately impacted by the COVID-19 pandemic. Today’s action requests the Board approve recommendations related to the spending plan for the Direct Stimulus Payments component of the approved ARPA framework. The recommendations include options to operationalize the program in accordance with the direction given by the Board on October 25, 2022 (6). Specifically, to execute a subrecipient agreement between the County of San Diego and Jewish Family Service of San Diego to administer a One-Time Direct Stimulus Payment Program.

This program will have a focus on payments to families, senior citizens, or individuals vulnerable or at risk of becoming homeless, prioritizing the 39 Health Equity Impact zip codes, and include an evaluation component to determine impact and outcome.

Additionally, today’s action requests authorization to transfer appropriations to the Health and Human Services Agency and utilize a lost revenue strategy under the final ARPA guidance, and requests authority for the Agency Director, Health and Human Services Agency, to apply for additional funding opportunities, if available, that address poverty and homelessness throughout the region.

This item supports the County of San Diego’s vision of a just, sustainable, and resilient future for all, specifically those communities and populations in San Diego County that have been historically left behind and disproportionately impacted by COVID-19, as well as our ongoing commitment to the regional Live Well San Diego vision of healthy, safe, and thriving communities. This will be accomplished by providing access to cash assistance to address the lack of means to satisfy basic needs.

**RECOMMENDATION(S)**

**CHIEF ADMINISTRATIVE OFFICER**

1. Authorize the Chief Administrative Officer, or designee, to execute a subrecipient agreement in the amount of $10 million, subject to successful negotiations, between the County of San Diego and Jewish Family Service of San Diego to administer a One-Time Direct Stimulus Payment Program for an initial term of one year with one option year and up to six additional months if needed, and to amend the subrecipient agreement as necessary.
2. Direct the Chief Administrative Officer to utilize a lost revenue strategy under the final ARPA guidance and transfer appropriations of $10 million from Finance Other, General Miscellaneous Expense, Other Charges, to the Health and Human Services Agency, Other Charges, based on American Rescue Plan Act (ARPA) Revenue. The $10M under the lost revenue strategy will replace previously allocated General-Purpose Revenue in the General Relief program which will be reallocated to fund the One-Time Direct Stimulus Payment Program.

3. Authorize the Agency Director, Health and Human Services Agency, to apply for future funding opportunities related to addressing poverty and homelessness throughout the region in the current and future fiscal years.

EQUITY IMPACT STATEMENT
In order to support the communities most impacted by COVID-19, an equity lens was used to prioritize the distribution of COVID-19 response and recovery funds. Zip codes with low employment and low household income coincide with the highest percentage of COVID-19 cases in the region. Those living within these 39 Health Equity Impact zip codes have been identified as the communities that have the highest need for support. The Direct Stimulus Payments are intended to balance equity for disproportionately impacted communities by reducing disparities and ensuring access through a fully optimized social service delivery system and upstream strategy of issuing these payments. The Direct Stimulus Payments will also create economic opportunity by dismantling barriers to expand opportunities to traditionally underserved low-income communities. The goal of the Direct Stimulus Payments is to accomplish this by providing families, senior citizens, or individuals vulnerable or at risk of becoming homeless with additional resources to help meet their basic needs as One-Time Direct Stimulus Payments can be utilized for critical components including housing, transportation, childcare, and food.

SUSTAINABILITY IMPACT STATEMENT
The proposed actions align with the County of San Diego’s Sustainability Goals of providing just and equitable access, specifically focusing on investing in chronically underserved communities. By directing ARPA funding toward addressing the most basic needs caused by poverty, such as food and housing, the Direct Stimulus Payments will help serve families, senior citizens, or individuals vulnerable or at risk of becoming homeless. By building in an evaluation component to better understand the root causes that result in such basic needs, these same dollars can contribute to building a foundation for long-term efforts that support self-sufficiency and outcomes, interrupting the cycle of poverty.

FISCAL IMPACT
Funds for this request are included in the Fiscal Year (FY) 2022-24 County of San Diego Operational Plan. If approved, this request will result in estimated total costs and revenue of $10 million starting in FY 2022-23. The funding sources for this request are American Rescue Plan Act (ARPA) funding allocated directly to the County of San Diego and existing General Purpose Revenue budgeted in the Health and Human Services Agency. The use of ARPA is based on the utilization of the lost revenue strategy as described in the U.S. Treasury Department’s final ARPA guidance. As noted in Recommendation 2, $10 million of appropriations will be transferred from Finance Other to the Health and Human Services
Agency, based on ARPA Revenue. The $10 million under the lost revenue strategy will replace previously allocated General-Purpose Revenue in the General Relief program which will be reallocated to fund the One-Time Direct Stimulus Payment Program. There will be no change in net General Fund cost and no additional staff years.

6. SUBJECT: AUTHORIZATION TO ACCEPT FUNDING TO ADDRESS SEXUALLY TRANSMITTED DISEASES AND TO APPLY FOR FUTURE FUNDING OPPORTUNITIES (DISTRICTS: ALL)

OVERVIEW
Surveillance data demonstrate that incidence of reportable bacterial sexually transmitted diseases (STDs) have been increasing in San Diego County since 2003, with significant increases in the last several years. Between 2000-2019, cases of syphilis, gonorrhea, and chlamydia have increased by 738%, 256%, and 166%, respectively. While STD cases and rates decreased in 2020, most likely due to decreases in the number of STD screenings performed due to the COVID-19 pandemic, STDs continue to be a major public health concern.

On December 10, 2019 (11), the San Diego County Board of Supervisors (Board) authorized acceptance of the California Department of Public Health (CDPH) Sexually Transmitted Diseases Control Branch State Local Assistance funding, for the period of July 1, 2019 through June 30, 2024, in the amount of $1,292,090. This funding supports STD intervention activities, prevention, outreach, education, and surveillance. On May 10, 2022 (6), the Board authorized acceptance of additional funds in the amount of $1,110,240. At the time $370,080 was confirmed for July 1, 2021 through June 30, 2022, with the same amount anticipated for the next two fiscal years through June 30, 2024 subject to revision of the formula used by CDPH STD Control Branch to determine funding allocations to local health jurisdictions. On September 22, 2022, CDPH notified the County of San Diego (County) of an updated funding allocation of $500,212 for Fiscal Year 2022-23 and Fiscal Year 2023-24, which is $260,264 higher than what had been initially communicated. A requirement of this funding is to allocate 50% of the award to one or more community-based organizations.

Additionally, on July 26, 2022, CDPH notified the County of a new funding allocation to support a Syphilis Outbreak Strategy. This funding totals $2,285,746 for the time period of July 1, 2022 through June 30, 2025. Funding is to be used to support innovative and impactful syphilis and congenital syphilis prevention and control activities, with a focus on disproportionately impacted populations.
Today’s action requests the Board authorize acceptance of $2,546,010 in additional funding to support core STD prevention and control activities in San Diego County. Additionally, today’s action requests the Board to authorize the Agency Director, Health, and Human Services Agency, to apply for additional funds for STD testing and prevention resources.

This item supports the County’s vision of a just, sustainable, and resilient future for all, specifically those communities and populations in San Diego County that have been historically left behind. In addition, because there is significant overlap between HIV and STDs, this item supports the County’s Getting to Zero initiative by linking residents who are vulnerable to HIV and STDs to testing and prevention resources, as well as ensuring that residents living with diagnosed HIV and STDs are linked to care and treatment services. This item also supports our regional Live Well San Diego vision by building better health for our residents through education, prevention, and intervention to interrupt transmission of disease.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
1. Waive Board Policy B-29, Fees, Grants, Revenue Contracts - Department Responsibility for Cost Recovery, which requires prior approval of grant applications and full-cost recovery of grants.

2. Authorize the acceptance of an additional $260,264 from the California Department of Public Health STD Control Branch for the period of July 1, 2022 through June 30, 2024, for State Local Assistance Funding, and authorize the Agency Director, Health and Human Services Agency, or designee, to execute all required grant documents, upon receipt, including any annual extension, amendments or revisions that do not materially impact or alter the services or funding level.

3. Authorize the acceptance of $2,285,746 from the California Department of Public Health STD Control Branch for the period of July 1, 2022 through June 30, 2025, for Syphilis Outbreak Strategy Funding, and authorize the Agency Director, Health and Human Services Agency, or designee, to execute all required grant documents, upon receipt, including any annual extension, amendments or revisions that do not materially impact or alter the services or funding level.

4. Authorize the Agency Director, Health and Human Services Agency, to apply for additional funding opportunity announcements, if available, for STD testing and prevention resources.

EQUITY IMPACT STATEMENT
Sexually Transmitted Diseases (STDs) disproportionately impact communities of color (particularly Black/African American residents), youth, and gay, bisexual, and other men who have sex with men. The County of San Diego (County) was a recipient of community engagement funds from the Health Resources and Services Administration from March 1, 2019 through February 28, 2021. These community engagement efforts focused on Black/African American gay and bisexual men who have sex with men, Latino gay and bisexual men who have sex with men, and transgender persons. Members of these communities, providers, and other key stakeholders were interviewed and convened in a
community advisory body to develop a three-year action plan to address STDs and HIV in these disproportionately impacted communities. Currently, the County is receiving community engagement funding that is focusing on the STD and HIV needs of women and youth of all ethnicities. A similar two-year process is occurring to fully understand the needs of these populations and to develop an action plan. If approved, today’s action will increase funding available for County programs that support persons vulnerable to or diagnosed with STDs and prevent STD complications such as congenital syphilis. Additionally, it will increase funding for community organizations to increase awareness of STDs and access to prevention, testing, and treatment services in affected communities.

SUSTAINABILITY IMPACT STATEMENT
The proposed action aligns with the County of San Diego’s (County) Sustainability Goals to strive for programs, operations, and contracts that reflect the County’s values and priorities. Specifically, today’s action contributes to providing just and equitable access to services, protecting health and wellbeing, reducing pollution and waste by lowering greenhouse gas emissions, and striving to become a zero-waste region. The STD Local Assistance Funding and the Syphilis Outreach Strategy Funding will provide funding to support the HIV, STD and Hepatitis Branch, within Public Health Services, with capacity and services aimed to prevent, detect, and treat STDs. Testing and identification will improve the overall health of communities, reduce the demand of associated care services, while increasing effectiveness of care providers and lowering operating costs of facilities, thus reducing greenhouse gas emissions and waste generated within the care sector. Since climate change and air pollution are direct threats to human health, the reduction of pollution, which can negatively impact human health, is also considered a preventative healthcare measure.

FISCAL IMPACT
Funds for this request are included in the Fiscal Year (FY) 2022-24 Operational Plan in the Health and Human Services Agency. If approved, this request will result in estimated annual costs of $896,329 and revenue of $892,047 starting in FY 2022-23 through FY 2023-24, for a total estimated cost of $2,558,230 and total revenue of approximately $2,546,010 through FY 2024-25. The funding source is the California Department of Public Health Sexually Transmitted Diseases Branch. Funds for this program will use existing appropriations and be incorporated into future Operational Plans as needed. A waiver of Board Policy B-29 is requested because the funding does not offset all costs. These costs which will not be recovered are estimated at an annual cost of $4,282 through FY 2023-24, for a total unrecovered cost of $12,220 through FY 2024-25. The funding source for these costs will be existing Health Realignment allocated for these programs. The public benefit for providing these services far outweighs these costs. There will be no change in net General Fund costs and no additional staff years.

SUBJECT: AUTHORIZATION TO ACCEPT ADDITIONAL HIV/AIDS GRANT FUNDING AND APPLY FOR FUTURE FUNDING OPPORTUNITIES (DISTRICTS: ALL)

OVERVIEW
For over 30 years, the San Diego County Board of Supervisors (Board) has authorized grants and agreements with the U.S. Department of Health and Human Services Health Resources and Services Administration (HRSA) to provide a variety of care and treatment services to persons living with HIV. Today’s action requests Board authorization to accept additional funding from HRSA awarded under Ending the HIV Epidemic: A Plan for America - Ryan White HIV/AIDS Program Parts A and B, in the amount of $1,667,400 for period of March 1, 2020 through February 28, 2025.

Ending the HIV Epidemic: A Plan for America - Ryan White HIV/AIDS Program Parts A and B was a new funding source in 2020 created by HRSA in response to the introduction of the federal End the HIV Epidemic initiative. The County of San Diego (County) was initially awarded a total of $5,000,000 on April 7, 2020 (6). The County has received notice of increases totaling $1,667,400 bringing the award to $6,667,400 for the life of the grant. This funding supports and is utilized for programs and services related to community engagement and leadership development for persons living with HIV, linkage to and retention in HIV care, low barrier medical care and HIV molecular epidemiology, also known as Enhanced Data to Care.

This item supports the County’s vision of a just, sustainable, and resilient future for all, specifically those communities and populations in San Diego County that have been historically left behind, as well as our ongoing commitment to the regional Live Well San Diego vision of healthy, safe, and thriving communities. This will be accomplished by providing access to high-quality HIV care and treatment services that lead to improved physical and behavioral health. In addition, this item supports the County’s Getting to Zero initiative by funding services that will help people living with HIV remain in care and achieve important health outcomes, including viral suppression. Research has demonstrated that persons living with HIV who have achieved viral suppression cannot transmit HIV to others sexually.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
1. Waive Board Policy B-29, Fees, Grants, Revenue Contracts - Department Responsibility for Cost Recovery, which requires prior approval of grant applications and full-cost recovery of grants.

2. Authorize the acceptance of an additional $1,667,400 in grant funds from the Health Resources and Services Administration for the period of March 1, 2020 through February 28, 2025, for Ending the HIV Epidemic: A Plan for America - Ryan White HIV/AIDS Program Parts A and B, and authorize the Clerk of the Board to execute all required grant documents, upon receipt, including any annual extensions, amendments and/or revisions thereto that do not materially impact or alter the services or funding level.
3. Authorize the Agency Director, Health and Human Services Agency, to apply for additional funding opportunity announcements, if available, for HIV service-related resources.

**EQUITY IMPACT STATEMENT**

Since the beginning of the epidemic, HIV has disproportionately impacted the most vulnerable residents. Gay, bisexual, and other men who have sex with men, for instance, are currently estimated to comprise less than 2% (LGBTQ+ Identification Rises to 5.6% in Latest U.S. Estimate, gqpp.com) of the adult population, and yet they comprise 62% of recent HIV diagnoses and 71% of persons living with HIV. Moreover, in San Diego County, like much of the rest of the United States, HIV has disproportionately impacted Black and Hispanic communities. Blacks comprise less than 5% of the county’s population but comprise 12% of recent HIV diagnoses. Hispanics comprise 34% of the population of the county yet comprise 48% of recent HIV diagnoses.

Since its inception in 1990, the Ryan White HIV/AIDS Treatment Extension Act (formerly the Ryan White CARE Act) has focused on ensuring access to treatment and support services for the most vulnerable residents. Thus far during the last grant period (March 1, 2021- February 28, 2022), a total of 3,313 clients received services funded by Ryan White Part A in San Diego County. Of those clients, 54% (1,786) were Hispanic and 13% (423) were Black.

The success in reaching residents and communities most disproportionately impacted by HIV is due in large part to the HIV Planning Group, an official advisory board to the San Diego County Board of Supervisors that also has the legislative authority to allocate Ryan White Part A funding to respond to local needs as determined by review of epidemiologic data and extensive engagement to communities. In partnership with the HIV Planning Group, the County of San Diego Health and Human Services Agency (HHSA) conducts needs assessments every three years among persons living with or those vulnerable to HIV, assessments of system capacity and capabilities every three years, and focus groups with different communities annually. During Fiscal Years 2019-20 and 2020-21, the HIV Planning Group engaged a consultant to conduct a community engagement process to identify how policy, planning, and funding changes could further close the disproportionalities among Black, Hispanic, and transgender communities. The HIV Planning Group and HHSA are currently implementing the recommendations from the final report.

**SUSTAINABILITY IMPACT STATEMENT**

The proposed actions align with the County of San Diego’s (County) Sustainability Goal #2 to provide just and equitable access and Sustainability Goal #4 to protect health and wellbeing. HIV Epidemic: A Plan for America - Ryan White HIV/AIDS Program Parts A and B funding will provide support to the HIV, STD and Hepatitis Branch of County Health and Human Services Agency, Public Health Services by increasing capacity and services aimed to prevent, identify, and treat HIV. Testing, identification, and treatment will improve the overall health of communities, reduce the demand of associated care services, while increasing effectiveness of care providers and lowering operating costs of facilities, thus reducing greenhouse gas emissions and waste generated within the care sector.
FISCAL IMPACT
Funds for this request are included in the Fiscal Year 2022-24 Operational Plan in the Health and Human Services Agency. If approved, today’s actions will result in estimated costs of $1,713,800 and revenue of $1,667,400 in Fiscal Year 2022-23. The funding source is the federal Ending the HIV Epidemic: A Plan for America - Ryan White HIV/AIDS Program Parts A and B, and Health Realignment. A waiver of Board Policy B-29 is requested because the funding does not offset all costs. These costs are estimated at $46,400 for Fiscal Year 2022-23. The funding source for these costs will be existing Health Realignment allocated for these programs. The public benefit for providing these services far outweighs these costs. There will be no change in net General Fund cost and no additional staff years.

8. SUBJECT: AUTHORIZE AN AMENDMENT TO EXTEND EXISTING CONTRACT WITH UNITED HEALTH CARE FOR ADMINISTRATIVE SERVICES ORGANIZATION, EXTEND EXISTING CONTRACTS WITH PROVIDERS OF PRIMARY CARE SERVICES, AUTHORIZE PROCUREMENT FOR NEW SERVICES, AND AUTHORIZE APPLICATION FOR ADDITIONAL FUNDING OPPORTUNITY ANNOUNCEMENTS (DISTRICTS: ALL)

OVERVIEW
The County of San Diego (County) Health and Human Services Agency (HHSA) has ongoing and evolving needs for administrative services organization (ASO) support for their healthcare services programs. Since 2005, the County has contracted for ASO services with United Health Care (dba AmeriChoice), which includes scopes of work that support HHSA Self-Sufficiency Services, Public Health Services, and Medical Care Services. Specific activities of the ASO include:
- Fund management and administration,
- Management information system design and maintenance,
- Enrollment and eligibility certification,
- Utilization management and care coordination,
- Claims adjudication, payment processing, and financial analysis and management,
- Provider network development, provider relations, and management and oversight,
- Complaints, grievances, and appeals processing, and
- Reconciliation of claims at fiscal year-end.
Approval of today’s recommended actions authorizes an extension of the existing ASO contract for one year with one option year and up to six months if needed to allow HHSA to evaluate its current and future needs to better inform a new scope(s) of work for ASO services, and authorizes issuance of a competitive solicitation for those services and to award a new contract, subject to successful negotiations and determination of fair and reasonable pricing. Today’s actions would also authorize the extensions of the existing primary care service contracts for one year with one option year and up to six months if needed to align with the ASO contract. Today’s actions would also authorize the Agency Director, Health and Human Services Agency, to apply for additional funding opportunities, if available, to support efforts to manage the day-to-day operations and administration, monitoring of contracts with private sector health care providers and to assist with third-party billing efforts.

This item supports the County’s vision of a just, sustainable, and resilient future for all, specifically those communities and populations in San Diego County that have been historically left behind, as well as our ongoing commitment to the regional Live Well San Diego vision of healthy, safe, and thriving communities by building better access to high quality medical care that leads to improved physical and behavioral health. Additionally, today’s action supports the County’s Framework for the Future by upholding practices that improve transparency and trust while maintaining good fiscal management of County resources.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

1. In accordance with Board Policy A-87, Competitive Procurement, and Administrative Code Section 401, approve and authorize the Director, Department of Purchasing and Contracting, subject to successful negotiations and a determination of a fair and reasonable price, to amend contract #507645 with United Health Care (dba AmeriChoice) to extend the contract term for one year with one option year and up to six months if needed; and amend the contracts as required in order to reflect changes to services and funding allocations, subject to the approval of the Agency Director, Health and Human Services Agency.

2. In accordance with Board Policy A-87, Competitive Procurement, and Administrative Code Section 401, approve and authorize the Director, Department of Purchasing and Contracting, subject to successful negotiations and a determination of a fair and reasonable price, to amend primary care service contracts (#556170, #556172, #563284, #556175, #556154, #556176, #556212, and #556211) to extend the contract term for one year with one option year and up to six months if needed; and amend the contracts as required in order to reflect changes to services and funding allocations, subject to the approval of the Agency Director, Health and Human Services Agency.

3. In accordance with Section 401, Article XXIII of the County Administrative Code, authorize the Director, Department of Purchasing and Contracting, to issue a competitive solicitation for an administrative services organization, and upon successful negotiations and determination of a fair and reasonable price, award contracts for a term of one initial year, with four option years, and up to an additional six months if needed, and to amend the contracts to reflect changes in program, funding, or service requirements, subject to the availability of funds and the approval of the Agency Director, Health and Human Services Agency.
4. Authorize the Agency Director, Health and Human Services Agency, to apply for additional funding opportunities, if available, to support operations, administration, and monitoring of contracts with private sector providers of health care, and to assist with third-party billing efforts.

EQUITY IMPACT STATEMENT
On July 13, 2021 (14), the San Diego County Board of Supervisors committed to a core set of values established by the Framework for the Future, which prioritizes racial justice, health equity, economic opportunity, environmental protection, government transparency, and fundamental changes to County of San Diego (County) operations. These principles drive the County’s policy approach and allocation of resources to ensure quality services are provided to address social drivers of health, and to mitigate disparities and inequities.

Health equity is a key component of the regional Live Well San Diego vision and the COVID-19 pandemic further validated health equity as an important and timely topic. The pandemic has brought to light some of the health inequities that exist in San Diego County, as well as the nation. The demand for safety net programs, such as CalFresh and Medi-Cal has continued to increase as a result of the economic impacts of the pandemic. From January 2020 to September 2022, the number of individuals receiving CalFresh has increased by approximately 37% and the number of those receiving Medi-Cal has increased by approximately 38%. These programs serve as a social safety net for low-income San Diegans allowing our most vulnerable community members to combat food insecurity and meet their health care needs. San Diego Advancing and Innovating Medi-Cal (SDAIM) aims to transform and strengthen Medi-Cal through a health equity approach with one million lives in San Diego County covered by Medi-Cal by focusing on quality care and social drivers of health between public and private sectors broadening the healthcare and social service safety net. This action supports future SDAIM efforts by ensuring HHSA has the infrastructure and capacity in place with these contracted services to manage operations, administration, and monitoring of contracts with private sector health care providers and third-party billing, as services reimbursable under CalAIM are contemplated.

SUSTAINABILITY IMPACT STATEMENT
The proposed actions align with the County of San Diego’s (County) sustainability goals to strive for County programs, operations and contracts that reflect the County’s values and priorities, including equity and sustainability. The proposed actions also support the goal to protect the health and wellbeing of everyone in the region, with a focus on collaborating with community partners.

The services provided by the administrative services organization (ASO) support the Health and Human Services Agency in providing efficient and effective services. Because operations are streamlined, service providers are able to focus on protecting health and wellbeing, in partnership with community partners, while also advancing efforts to become a zero-waste region.
Should an extension of these contracts be approved by the San Diego County Board of Supervisors, the ASO will support the HIV, STD and Hepatitis Branch of Public Health Services, Medical Care Services, and Self-Sufficiency Services departments. These departments serve to prevent, detect, and treat various diseases as well as help communities achieve self-sufficiency. Testing and identification will improve the overall health of communities, reduce the demand of associated care services, while increasing effectiveness of care providers and lowering operating costs of facilities, thus reducing greenhouse gas emissions and waste generated within the care sector. Since climate change and air pollution are direct threats to human health, the reduction of pollution, which can negatively impact human health, is also considered a preventative healthcare measure.

FISCAL IMPACT
Funds for this request are included in the Fiscal Year (FY) 2022-24 Operational Plan in the Health and Human Services Agency. If approved, today’s actions will result in costs and revenue of approximately $3 million in FY 2022-23 and costs and revenue of approximately $3 million in FY 2023-24. The funding sources are the federal Ryan White Treatment Extension Act Parts A and B from the U.S. Health Resources and Services Administration, reimbursements from Medi-Cal Managed Care Plans, American Rescue Plan Act, existing General Purpose Revenue and other applicable State and/or federal funding as available. There will be no change in net General Fund cost and no additional staff years.

9. SUBJECT: HEALTH AND HUMAN SERVICES AGENCY ADMINISTRATIVE CODES AND BOARD POLICY SUNSET REVIEW 2022 (DISTRICTS: ALL)

OVERVIEW
In accordance with San Diego County Board of Supervisors (Board) Policy A-76, Sunset Review Process, the County of San Diego (County) Health and Human Services Agency (HHSA) periodically reviews County Administrative Code and Board Policy to ensure policies reflect current Board standards and practices.

Today’s actions seek Board approval to amend the following Board Policies and extend the sunset review date for:
- E-010, Comprehensive Health and Social Services System
- E-011, The Role and Function of Edgemoor Distinct Part Skilled Nursing Facility

TUESDAY, NOVEMBER 15, 2022
Additionally, today’s actions seek Board approval to retire Board Policy A-110, Zero Tolerance of Illegal Drug Activity in Housing.

This item supports the County’s vision of a just, sustainable, and resilient future for all, specifically those communities and populations in San Diego County that have been historically underserved as well as our ongoing commitment to the regional Live Well San Diego vision of healthy, safe, and thriving communities. This will be accomplished as these County Administrative Codes and Board Policies provide a framework for a county that is healthy, safe, and thriving. Additionally, in alignment with the Board’s commitment to transparency and open government, the Sunset Review process is an opportunity for HHSA to reflect on current policies through an equity lens and recommend changes that allow for greater transparency.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

1. Approve amendments to Board Policy E-010, Comprehensive Health and Social Services System, and extend the sunset review dates to December 31, 2029.

2. Determine no change is necessary to Board Policy E-011, The Role and Function of Edgemoor Distinct Part Skilled Nursing Facility, and approve the sunset review date of December 31, 2029.

EQUITY IMPACT STATEMENT

As part of standard practice, the County of San Diego (County) Health and Human Services Agency (HHSA) performs an annual review of Board Policies and County Administrative and Regulatory Codes that are sunsetting to ensure alignment with current San Diego County Board of Supervisors (Board) values and to ensure that they are updated to reflect applicable laws and regulations. In alignment with the Board’s commitment to transparency and open government, the Sunset Review process is an opportunity for HHSA to reflect on current policies through an equity lens and recommend changes that allow for greater transparency.

The changes recommended support the Board’s framework toward achieving better outcomes for consumers. The recommended changes regarding Board Policy A-110, Zero Tolerance of Illegal Drug Activity in Housing, reflect the County’s priority in addressing disparities in housing programs and creating more equitable housing opportunities for vulnerable residents in San Diego County. In addition, the recommended changes regarding Board Policy E-010, Comprehensive Health and Social Services System, clarifies HHSA’s commitment to ensure all programs and service activities are data-informed, outcome- and evidence-based, equitable, sustainable, and culturally responsive to meet the needs and ensure inclusiveness of the residents HHSA serves.

Future Sunset Reviews will continue to utilize an equity lens and a quantitative data-driven approach. Additionally, it is anticipated that these actions will have a positive impact on equity-seeking groups including, Black, Indigenous, people of color, women, people with disabilities, immigrants, youth, and the LGBTQ+ community.
SUSTAINABILITY IMPACT STATEMENT
Today's actions strive for programs and operations that reflect the County's values and priorities. By aligning with the County of San Diego's (County) Sustainability Goals the changes reflect more equitable, sustainable, and impactful practices. Specifically, the retirement of Board Policy A-110, Zero Tolerance of Illegal Drug Activity in Housing aligns with Sustainability Goal #2, providing just and equitable access by focusing on chronically underserved communities, investing in resilience in vulnerable populations, and protecting and expanding the availability and accessibility of affordable housing. In addition, amendments to Board Policy E-010, Comprehensive Health and Social Services System, align with Sustainability Goal #4 protecting the health and wellbeing of residents in San Diego County, by ensuring all programs and service activities are data-informed, outcome- and evidence-based, equitable, sustainable, and culturally responsive to meet the needs and ensure inclusiveness of the residents the County Health and Human Services Agency serves.

FISCAL IMPACT
There is no fiscal impact associated with the recommendations. There will be no change in net general fund costs and no additional staff years.

10. SUBJECT: SOLICITING VOLUNTEERS FOR THE ANNUAL POINT-IN-TIME COUNT (DISTRICTS: ALL)

OVERVIEW
The U.S. Department of Housing and Urban Development (HUD) requires that Continuums of Care (CoC) conduct an annual count of homeless persons who are sheltered or unsheltered on a single night in January each year. In San Diego, the Regional Task Force on Homelessness (RTFH) leads a collaboration of community partners and volunteers in conducting this point-in-time count, better known as WeALLCount. Communities across the country will be conducting similar events during the last 10 days of January.

Although the figures that come out of this count are used to apply for federal funding, this survey also enables the region to gain a better understanding of the scope, impact, and potential solutions to address this issue. The numbers from this count are broken down into subpopulation categories, including counts of people who are chronically homeless, veterans, youth, persons with HIV/AIDS, and victims of domestic violence.
Each count is planned and coordinated and requires many volunteers to accurately gauge the homeless population across the San Diego region. In 2022, 1,500 volunteers participated in a point-in-time count through the RTFH that numbered a minimum of 8,427 homeless persons in our region. More than 150 County employees participated in the event.

Thankfully, County employees have always come forward in the spirit of volunteerism, whether staffing the polls during elections or in their charitable giving. These actions support the County’s Live Well San Diego vision of a region that is building better health, living safely and thriving. It is our hope that County employees will once again come forward as volunteers in this effort to identify the extent of this critical issue. The count will take place from 4 a.m. to 8 a.m. on Thursday, January 26, 2023.

RECOMMENDATION(S)
CHAIR NATHAN FLETCHER AND VICE-CHAIR NORA VARGAS
1. Authorize the Chief Administrative Officer to establish a volunteer program to allow County employees to participate in the annual point-in-time count on January 26, 2023, on paid County time.

2. Find that allowing County employees to volunteer to participate in the annual point-in-time count on paid County time serves a public benefit by ensuring the region’s homelessness can be quantified and federal funding can be secured to support the region’s homeless population.

EQUITY IMPACT STATEMENT
Establishing a program to allow County employees to participate in the annual point-in-time count on January 26, 2023, will support efforts to create effective approaches to assist those who are homeless throughout San Diego County. The count outcomes have multiple benefits, including eligibility to apply for federal funding in addition to enabling the region to gain a better understanding of the scope, impact, and potential solutions to address this issue. The numbers from this count are broken down into subpopulation categories, including counts of persons who are chronically homeless, veterans, youth, persons with HIV/AIDS, and victims of domestic violence. It is anticipated that this action will drive much-needed resources to residents who are disproportionality represented in the homeless system including justice-involved individuals as well as Black, Indigenous and People of Color (BIPOC). In general, the incidence of BIPOC individuals experiencing homelessness mirrors the disparities found at the broader community levels. These population groups are over-represented in homelessness when compared to their proportion in the general community.

SUSTAINABILITY IMPACT STATEMENT
The proposed action contributes to the County of San Diego’s Sustainability Goals to engage the community and protect health and well-being. Establishing this program for County employees to participate, while also being compensated, creates a public process that encourages people and diverse stakeholders to participate in this program that will have an impact on their community. Additionally, by encouraging employees to participate in this important annual count they will contribute to the region’s goals to secure the necessary funding for community partners to address environmental issues and communities disproportionately impacted by homelessness.
FISCAL IMPACT
Funding associated with today's recommendations is included in the Fiscal Year 2022-2023 Operational Plan. The actual costs will be determined by the classification of employees who choose to volunteer. The funding source is a combination of General Purpose Revenues and program revenues. There will be no change in net General Fund cost and no additional staff years.

**EQUITY IMPACT STATEMENT**
We recognize that the systemic impacts that inequitable policies may create for residents in San Diego County. The proposed allocation of funds is intended to improve the quality of life throughout the County by providing funds to nonprofits whose work addresses inequities by providing services to all throughout the county. Organizations are chosen for funding based on
their location or the demographics they serve with a focus on underserved communities that contain higher numbers of People of Color and LGBTQ+ people. Organizations chosen should work to promote a sense of belonging and utilize equity in their operations, outreach, and programs. Supporting documents were reviewed as well as impact reports and community testimony to verify the organization meets these goals.

SUSTAINABILITY IMPACT STATEMENT
Today's action to support these organizations supports the County of San Diego's Goals of sustainability by funding organizations that support sustainability and environmental justice.

FISCAL IMPACT
Funds for these grant allocation requests are included in the Fiscal Year 2022-2023 Operational Plan for the Community Enhancement ARPA Program (Org 12905), Community Enhancement Program (Org 12900) and the Neighborhood Reinvestment Program (Org 15665). Funding also includes one-time website upgrades such as QR code software Adobe software, website redesign costs, online support software, one-time costs for cloud storage upgrades, and e-communication software.

27. Find that all the grants serve a public purpose.

28. Authorize the Deputy Chief Administrative Officer/Chief Financial Officer to enter into agreements and make minor amendments to agreements that do not change the purpose or amount of the grant to organizations awarded funds.

29. Find that the proposed grant fund allocations to Bonita Melodrama Teatro Pastorela, Chula Vista Elementary School District, Pillars of the Community, San Diego Mountain Biking Association, Spring Valley Community Alliance are exempt from review under the California Environmental Quality Act (CEQA) by Section 15301 of the CEQA Guidelines.
EQUITY IMPACT STATEMENT
We recognize the systemic impacts that inequitable policies may create for residents in San Diego County. Find that these proposed allocations of funds are intended to improve the quality of life throughout the County by providing funds for non-profits and local agencies whose work addresses inequities, promotes quality of life and improves outcomes that align with the vision of our county. Organizations and agencies were chosen based on their location or the demographics they serve with a focus on organizations and agencies that focus on vulnerable community members, youth and seniors, and other inclusive community events. The organizations that were chosen work to promote a sense of belonging and utilize equity in their operations, outreach, and programs. Their supporting documents were reviewed as well as impact reports and community testimony.

16. SUBJECT: DELEGATION OF INVESTMENT AUTHORITY TO THE TREASURER-TAX COLLECTOR AND APPROVAL OF THE INVESTMENT POLICY (DISTRICTS: ALL)

OVERVIEW
Annually, the Board of Supervisors (Board) is requested to take several actions regarding the San Diego County Investment Pool. These actions include the annual delegation of investment authority to the Treasurer-Tax Collector and review and approval of the Investment Policy.

Today's actions will delegate investment authority to the Treasurer-Tax Collector for the calendar year 2023 and approve the amended Investment Policy.
RECOMMENDATION(S)
TREASURER-TAX COLLECTOR
1. Adopt the Resolution titled: RESOLUTION DELEGATING INVESTMENT AUTHORITY TO THE COUNTY TREASURER-TAX COLLECTOR

2. Review and approve the San Diego County Treasurer’s Pooled Money Fund Investment Policy, as amended.

EQUITY IMPACT STATEMENT
The County Treasurer follows State of California legislated parameters and exercises fiduciary authority for the investment of the funds of the county and the funds of other depositors in the county treasury. The County Treasurer must manage public monies in a way that is consistent with its objectives of safety and liquidity, prudent investment practices and not solely to maximize returns. The investment function benefits the public because the investment earnings provide incremental funding for programs and services.

SUSTAINABILITY IMPACT STATEMENT
The Treasurer-Tax Collector is committed to the County’s sustainability goals. To promote just and equitable access to the County’s investment process, the County Treasurer utilizes an approved list of brokerage firms to purchase securities. A competitive request for statement of qualifications is conducted every three years. The Treasurer’s selection process includes working with the Department of Purchasing and Contracting and a Qualification Evaluation Committee to evaluate proposals from a variety of firms with diverse backgrounds and skillsets.

FISCAL IMPACT
There is no fiscal impact associated with this request. There will be no change in net General Fund cost and no additional staff years.

SUBJECT: SAN DIEGO COUNTY EMPLOYEES RETIREMENT ASSOCIATION (SDCERA) BOARD OF RETIREMENT ELECTION - SEVENTH SAFETY MEMBER (DISTRICTS: ALL)

OVERVIEW
This item is to request the Board of Supervisors, pursuant to Resolution No. 13-135 (Resolution) to direct the Clerk of the Board to cast a unanimous ballot in favor of David L. Gilmore to fill the regular three-year term for the Seventh (Safety) Member on the Board of Retirement.

Mr. Gilmore filed the only valid nomination petition with the Registrar of Voters. Pursuant to Resolution No. 13-135, when only one sufficient petition is filed, no election will be held, and the Board of Supervisors will direct the Clerk of the Board to cast a unanimous ballot in favor of the candidate. Because there is only one candidate, the Alternate Seventh (Safety) Member seat will remain vacant.

RECOMMENDATION(S)
CHIEF EXECUTIVE OFFICER, SAN DIEGO COUNTY EMPLOYEES RETIREMENT ASSOCIATION (SDCERA)
Direct the Clerk of the Board to cast a unanimous ballot in favor of David L. Gilmore and file the certified letter from the Registrar of Voters dated October 17, 2022.

EQUITY IMPACT STATEMENT
Today’s action is to elect the Seventh (Safety) Member of the Board of Retirement of the SDCERA. There are 3,112 active Safety Members eligible to participate in the election process. The voters are entitled to elect a representative from amongst themselves to serve on the Board of Retirement. The sole candidate was nominated by the active Safety Members. The Board of Retirement makes decisions about the administration of the SDCERA Trust Fund on behalf of all SDCERA members and their beneficiaries.

TUESDAY, NOVEMBER 15, 2022
SUBJECT: GENERAL SERVICES - AUTHORIZATION TO ESTABLISH APPROPRIATIONS AND AMEND THE CONSTRUCTION MANAGER AT RISK CONTRACT FOR EAST MESA JUVENILE DETENTION SOFTENING PROJECT (DISTRICT: 1)

OVERVIEW
On May 4, 2021 (30), the Board authorized the Director, Department of Purchasing and Contracting, for a period of five years, to take any action authorized by Article XXIII, Section 401, et seq. of the Administrative Code and Public Contract Code Section 20146 to advertise and award Construction Manager at Risk contracts for various projects up to $10 million.

On June 13, 2022, after a successful RFP, the County awarded a Construction Manager at Risk Contract (#567080) to Balfour Beatty Construction, LLC. for the East Mesa Juvenile Detention Facility - Housing Softening Improvements project. The project was commenced in response to California Senate Bill 823 and includes renovating living spaces at the East Mesa Juvenile Detention Facility to be more homelike, trauma-informed, developmentally appropriate, and comfortable. At the time of the procurement and contract award the expected scope of the project was to renovate two housing units and the expected budget for the project was $5.7 million.

The Probation Department now has an opportunity to increase the scope of the project from two housing units to six. This change will impact the budget and will exceed the $10 million authority of the Director, Department of Purchasing and Contracting. It is expected that the new project budget will be approximately $14.5 million.

Today’s actions request the Board of Supervisors to establish appropriations of approximately $8.8 million and approve the amendment of construction contract #567080 for the East Mesa Juvenile Detention Facility - Housing Softening Improvement project. If approved, estimated time of construction is expected to begin in December 2022 with estimated completion in April 2024.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
1. Find that the proposed project to renovate and soften the East Mesa Juvenile Detention Facility is exempt from the California Environmental Quality Act (CEQA) review pursuant to CEQA Guidelines Section 15301.

2. Establish appropriations of $5,821,179 in the Probation Department, Services & Supplies, for the East Mesa Juvenile Detention Softening project, based on the State Juvenile Facilities Grant. (4 VOTES)

3. Establish appropriations of $8,821,179 in the Department of General Services Major Maintenance Internal Service Fund, Services & Supplies, for the East Mesa Juvenile Detention Softening project, based on charges to client departments. (4 VOTES)
4. In accordance with Board Policy A-87, Competitive Procurement and Administrative Code Section 401, authorize the Director, Department of Purchasing and Contracting, to enter into negotiations with Balfour Beatty, Inc. and upon successful negotiations and determination of a fair and reasonable price, amend Contract #567080, to increase the Budget Not-to-Exceed amount to approximately $14.5 million, subject to the availability of funds; and to amend the contract as required to reflect changes to services and funding allocation, for the Housing Softening Improvements project at East Mesa Juvenile Detention Facility.

**EQUITY IMPACT STATEMENT**
The approval to amend a construction contract for the Housing Softening Project at East Mesa Juvenile Detention Facility will have a positive effect on all juveniles at the detention facility including Black, Indigenous, and People of Color (BIPOC) communities who may be disproportionately represented in the justice system by creating a more homelike, trauma-informed setting.

**SUSTAINABILITY IMPACT STATEMENT**
The approval to amend a construction contract for the Housing Softening Project at East Mesa Juvenile Detention Facility would contribute to the County of San Diego’s Sustainability Goals of engaging the community, providing equitable access for justice-involved individuals, and protecting the health and wellbeing of vulnerable individuals as they leave custody.

**FISCAL IMPACT**
**Department of General Services**
Funds for this request are partially included in the Fiscal Year 2022-23 Operational Plan for the Department of General Services, Major Maintenance Internal Service Fund (MMISF). Existing appropriations of $5,678,821 in the MMISF are included for the East Mesa Juvenile Detention Softening project. The funding source is an internal agreement with the Probation Department. If approved, today’s actions will establish additional appropriations of $8,821,179 in the MMISF based on charges to client departments. With these additional appropriations, totals for the project will be $14,500,000. There will be no change in net General Fund cost and no additional staff years.

**Probation Department**
Funds for this request are partially included in the Fiscal Year 2022-23 Operational Plan for the Probation Department. Existing appropriations of $8,678,821 in the Probation Department include $3,000,000 of General-Purpose Revenue (GPR) included in the Fiscal Year 2022-23 Operational Plan in addition to the $5,678,821 of existing appropriations established in prior fiscal years, which is supported by GPR. If approved, this request will establish additional appropriations of $5,821,179 for the East Mesa Juvenile Detention Softening based on State Juvenile Facility Grant Funds. These additional appropriations will bring the total for the project to $14,500,000. There will be no change in net General Fund cost and no additional staff years.

**BUSINESS IMPACT STATEMENT**
Expenditures resulting from this action will create private sector jobs and economic opportunities in San Diego County.
ACTION:
ON MOTION of Supervisor Desmond, seconded by Supervisor Vargas, the Board of Supervisors took action as recommended, on Consent.

AYES: Vargas, Anderson, Fletcher, Desmond
ABSENT: Lawson-Remer

19. SUBJECT: DEPARTMENT OF GENERAL SERVICES – APPROVAL OF SECOND AMENDMENT TO LEASE AGREEMENT WITH THE BONITA HISTORICAL SOCIETY FOR THE BONITA MUSEUM AND CULTURAL CENTER (DISTRICT: 1)

OVERVIEW
The Bonita Historical Society operates the Bonita Museum and Cultural Center in a building that was constructed as part of the Bonita-Sunnyside Library and Museum Project completed in 2005. The library and museum are situated on a parcel owned by the City of Chula Vista located at 4355-4375 Bonita Road ("Property"). The Property is leased by the County of San Diego (County) pursuant to a 50-year ground lease that expires on January 1, 2054. On March 22, 2005 (3), the Board of Supervisors (Board) authorized the Director, Department of General Services to execute a ten-year lease with the Bonita Historical Society for approximately 4,000 square feet of space. On September 24, 2013 (7), the Board approved the current ten-year lease with the Bonita Historical Society ("Lease") for 4,000 square feet of space on the Property.

On October 13, 2015 (10), the Board approved and authorized the Director of General Services to execute an amendment to the Lease that added 400 square feet of space to the leasehold.

The monthly rent payment in the Lease includes the cost of internet service provided by the County to the premises. As Bonita Historical Society has acquired its own internet service since June 2022, today’s request is to approve and authorize the Director, Department of General Services to execute a second amendment to the Lease to reduce the current monthly rent in the amount of $355.00 and grant a monthly rent credit of $355.00 retroactive to June 2022.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
1. Find in accordance with section 15061(b)(3) of the California Environmental Quality Act (CEQA) Guidelines, that it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, and the project is not a project as outlined in CEQA Section 15378(b)(5).

2. Approve and authorize the Director, Department of General Services, to execute the second amendment to the lease agreement with the Bonita Historical Society.

TUESDAY, NOVEMBER 15, 2022
EQUITY IMPACT STATEMENT
Approval of the lease amendment will ensure continuation of accessible and educational experiences related to the history, culture, and identity of San Diego County residents and visitors with diverse ideas, perspectives, and backgrounds. It is anticipated that the proposed lease amendment will have a positive impact on all members of the community by providing residents and visitors an opportunity to access educational, and historical interests.

SUSTAINABILITY IMPACT STATEMENT
Implementing effective sustainability objectives is crucial to ensuring safe and healthy communities and contributing to the overall success of the region. The approval of the lease amendment is appropriate as it supports the County’s Strategic Initiative of Sustainability to align the County’s available resources with services to maintain fiscal stability and ensure long-term solvency.

FISCAL IMPACT
Funds for this request are included in the Fiscal Year 2022-23 Operational Plan for the Department of General Services. If approved, this request will result in decreased annual costs and revenues of $4,260, as the County will no longer provide internet services. There will be no change in the net General Fund costs and no additional staff years.

20. SUBJECT: AUTHORIZATION TO APPLY FOR AND ACCEPT GRANT FUNDING RELATED TO INFORMATION TECHNOLOGY AND CYBERSECURITY OPPORTUNITIES (DISTRICTS: ALL)

OVERVIEW
In response to the unprecedented number of cybersecurity threats facing local governments, an increasing number of information technology and cybersecurity grant opportunities have been established by state and federal agencies. These grant opportunities are designed to help local governments address the ever-increasing cybersecurity risks and cybersecurity threats to information systems by domestic and foreign actors.

County Technology Office staff have been researching various recently announced programs and evaluating how the potential grants can improve the County’s current and future cybersecurity posture. Today’s actions authorize the Chief Information Officer, or their designee, to apply for and accept grants that provide opportunities to improve the information technology environment and cybersecurity posture of the County of San Diego.
RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
1. Authorize the Chief Administrative Officer, or their designee, through December 31, 2027, to pursue grant funding, submit applications, and accept awarded grants that provide opportunities to improve the information technology environment and cybersecurity posture of the County of San Diego.

2. Authorize the Chief Administrative Officer, or their designee, to execute all required grant documents, including any applications, agreements, annual extensions, amendments, and/or revisions.

EQUITY IMPACT STATEMENT
Today’s actions would provide the Chief Administrative Officer, or their designee, with the authority to apply for and accept grant funding that has the potential to improve the information technology environment and cybersecurity posture of the County of San Diego. Community engagement and outreach will be paramount to the success of any program that is implemented under this authority.

SUSTAINABILITY IMPACT STATEMENT
The request to apply and accept proposals to continuously improve the County’s information technology and cybersecurity infrastructure supports the County of San Diego’s sustainability goal of providing just and equitable access to County services, policy decision-making, and resource allocation in support of sustainable communities by protecting and providing resilience to the information technology systems the County uses to deliver public services.

FISCAL IMPACT
There is no fiscal impact associated with the authority to pursue grant funding. Staff will return to the Board as necessary to establish appropriations for grants that are awarded that cannot be supported by the Operational Plan at the time of award. There will be no change in net General Fund costs and no additional staff years as a result of today’s proposed actions.

21. SUBJECT: AMENDMENTS TO THE COMPENSATION ORDINANCE (11/15/2022 - First Reading; 12/13/22 - Second Reading (DISTRICTS: ALL)

OVERVIEW
Today’s actions propose amendments to the Compensation Ordinance. These amendments include establishing a new classification and deleting two classifications that are no longer
used. In addition, today’s actions will also promote the recruitment and retention of the Project Managers, Public Works and the Water Resource Managers through premiums for holding a California Professional Engineer license. Also, as follow-up from the salary study conducted by an outside consultant, Koff & Associates, there are proposed amendments to several classifications due to compaction issues.

Today’s actions also include various amendments to the Compensation Ordinance to align with legislative changes and amendments to the Administrative Code.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
1. Approve the introduction of the Ordinance (first reading):
   AN ORDINANCE AMENDING THE COMPENSATION ORDINANCE AND ESTABLISHING COMPENSATION.
   AN ORDINANCE AMENDING ADMINISTRATIVE CODE SECTIONS 492 AND 493.1.

2. If, on November 15, 2022, the Board takes action as recommended in item 1 then, on December 13, 2022 (second reading):
   Submit ordinance for further Board consideration and adoption on December 13, 2022 (second reading).

EQUITY IMPACT STATEMENT
The Department of Human Resources is committed to assuring that equity is considered in the classification and compensation review work. Today’s recommendations provide suggested changes that will assist the County of San Diego to provide and retain a skilled, adaptable, and diverse workforce for County departments and enables the County to provide equitable services to all constituents of this County.

SUSTAINABILITY IMPACT STATEMENT
The proposed actions amending the compensation ordinance aligns with the County of San Diego’s Sustainability Goals by promoting sustainable economic growth for our community. The proposed actions included in this letter provide just, equitable wages as well as the establishment of quality job opportunities. Studies have shown that increases in wages will improve community-level economic activity and support local businesses. In addition, wage increases may also reduce the pay inequalities for certain individuals.

FISCAL IMPACT
Today’s recommendations are estimated to have ongoing costs of $0.2 million in Fiscal Year 2022-23 and $0.4 million in Fiscal Year 2023-24 tied to increases in various ongoing compensation increases and premium pay included in the compensation ordinance. Funds for this request are not included in the Fiscal Year 2022-23 Operational Plan for departments. However, if approved, these costs will be absorbed by the existing allocations of the departments. There will be no change in net General Fund cost and no additional staff years.

BUSINESS IMPACT STATEMENT

   AN ORDINANCE AMENDING DIVISION 3 OF TITLE 2 OF THE SAN DIEGO COUNTY CODE OF REGULATORY ORDINANCES RELATING TO LOBBYING ACTIVITIES

2. Approve the sunset review date of December 31, 2029 for these Ordinances.

EQUITY IMPACT STATEMENT
The County of San Diego’s (County) policies impact residents of the County. In the review of policies, staff considered and accounted for impacts to all communities. In addition, the policies and codes before the Board today were reviewed and amended to ensure use of inclusive pronouns.

SUSTAINABILITY IMPACT STATEMENT
Reviewing and, where necessary, making amendments to existing codes, policies, and program guidelines aligns with the County’s sustainability goal of providing just and equitable access by ensuring that programs and operations reflect the County’s values and priorities, including equity and sustainability. The recommendations before the Board include updates to Board Policies that include updating the Board’s policy on economic development in the region and the environmentally responsible use of copy and printing paper.

FISCAL IMPACT
There is no fiscal impact associated with the proposed action. There will be no change in net General Fund costs and no additional staff years.

EQUITY IMPACT STATEMENT
County government includes standing and special citizen boards, commissions, committees and task forces formed to advise the Board of Supervisors and County staff on issues and policies and to serve as links to the community. Boards, commissions and committees provide an inter-relationship between the residents and the government of the County and as such must provide transparent bias-free decision-making. The Board of Supervisors serves as the Code Reviewing Body for any local agency, other than city agencies, with jurisdiction wholly within the County, pursuant to Government Code Section 82011. Under the California Political Reform Act, a public official has a disqualifying conflict of interest in a governmental decision if it is foreseeable that the decision will have a financial impact on their personal finances or other financial interests. In such cases, there is a risk of biased decision-making that could sacrifice the public’s interest in favor of the official’s private financial interests. To avoid actual bias or the appearance of possible improprieties, the public official is prohibited from participating in the decision.

The recommended action would approve the submitted Conflict of Interest codes. The Conflict of Interest codes in this Board Letter enable the County of San Diego to provide transparency and accountability to individual residents, ensuring equitable operations of the government that are free from undue influence.

SUSTAINABILITY IMPACT STATEMENT
Under the Political Reform Act, all public agencies are required to adopt a Conflict of Interest code that designates positions that are required to file the Statement of Economic Interests (Form 700). Conflict of Interest codes must be maintained as updated and accurate to ensure that necessary public officials report their personal financial interests. These required filings provide public transparency about possible conflicts of interest and to ensure governmental decisions are made in the best interest of the public. This board letter supports the County of San Diego’s sustainability goal of, “Engaging the community to partner and participate in decisions that impact their lives and communities and transparently share results of outcomes.”
FISCAL IMPACT
The funding source for administration of this task is included in the Fiscal Year 2022-2023 Adopted Budget for the Clerk of the Board of Supervisors.

EQUITY IMPACT STATEMENT
County government includes standing and special citizen boards, commissions, committees and task forces formed to advise the Board of Supervisors and County staff on issues and policy and to serve as links to the community. Boards, commissions and committees provide an inter-relationship between the residents and the government of the County. The nominations in this Board Letter enable the County of San Diego to provide individual residents the opportunity to impart valuable insight and input into the operation of the government.

SUSTAINABILITY IMPACT STATEMENT
The County of San Diego has over one hundred boards, commissions, committees, and task forces that serve as voice in the County government. Advisory bodies are an essential role in resident engagement that allow citizens to participate on issues relating to the welfare and quality of life in the County. They are fundamental to the County of San Diego's ability to navigate complex and dynamic policy challenges, are a conduit to the County Bureaucracy, and a broker to community voice. This board letter supports the County of San Diego Sustainability Goal No.1 by "encourage[ing] people and diverse stakeholders to partner and participate in decisions that impact their lives and communities."

SUBJECT: NOTICED PUBLIC HEARING:
TRUTH ACT COMMUNITY FORUM REGARDING IMMIGRATION AND CUSTOMS ENFORCEMENT ACCESS TO INDIVIDUALS DURING 2021 (DISTRICTS: ALL)

OVERVIEW
In 2016, the State of California enacted the Transparent Review of Unjust Transfers and Holds Act, also known as the “TRUTH Act.” As part of the TRUTH Act, Government Code Section 7283.1(d) requires that the governing body of a county hold an annual community forum if a local law enforcement agency within that county provided federal Immigration and Customs Enforcement (ICE) access, as defined in the Act, to individuals during the previous year.

This is a request for the Board of Supervisors to hold a TRUTH Act community forum in order to provide information about ICE’s access to individuals, and to receive and consider public comment. This forum was noticed to the public on October 12, 2022.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER
1. Hold a community forum on November 15, 2022, in accordance with Government Code Section 7283.1(d).

2. Receive a report from the Sheriff’s Department regarding ICE access to individuals during 2021.
EQUITY IMPACT STATEMENT
To increase transparency and public access to information, the County will hold a community forum and solicit public comment regarding any County departments that have provided access to Immigration and Customs Enforcement (ICE) with a summary of data. Additionally, all records related to ICE access are available for public access. Information that is reported out includes the number of individuals to whom the agency has provided ICE access and their demographic characteristics, the date ICE access was provided, and how ICE access was provided, either through a hold, transfer, notification request or through other means.

SUSTAINABILITY IMPACT STATEMENT
The proposed actions to hold a public Transparent Review of Unjust Transfers and Holds Act (TRUTH) Act Community Forum and receive a report from the Sheriff’s Department regarding Immigration and Customs Enforcement access to individuals during 2021 contribute to the County of San Diego’s Sustainability Goals of engaging the community and providing just and equitable access. To engage the community in meaningful ways and solicit stakeholder input in the civic process, the County of San Diego is hosting a community forum in a publicly accessible space and with at least 30 days of public notice with the goal of designing public processes that encourage people and diverse stakeholders to participate in decisions that impact their lives and communities. Furthermore, by inviting public comment to all community members wishing to participate, and by offering translated materials and interpretation services in Arabic, Chinese (Mandarin), Korean, Persian (Farsi and Dari), Somali, Spanish, Filipino (Tagalog), and Vietnamese, the proposed TRUTH Act Community Forum furthers the County of San Diego’s vision of investing in just and equitable access to County services for all residents.

FISCAL IMPACT
There is no fiscal impact associated with the recommendations to hold a community forum and receive a report regarding ICE access to individuals. If approved, there will be no change in net General Fund cost and no additional staff years.

BUSINESS IMPACT STATEMENT

ACTION:
The Board of Supervisors held a community forum on November 15, 2022 at 5:30 p.m., in accordance with Government Code Section 7283.1 (d) and received a report from the Sheriff’s Department regarding ICE access to individuals during 2021.

27. SUBJECT: APPROVE RECOMMENDATIONS ON BUILDING PARTNERSHIPS TO PREVENT, ADDRESS AND SEEK AN END TO HOMELESSNESS AND APPROVE CALIFORNIA ENVIRONMENTAL QUALITY ACT EXEMPTION (DISTRICTS: ALL)

OVERVIEW
On October 19, 2021 (15) and February 8, 2022 (14), the San Diego County Board of Supervisors (Board) approved recommendations that set forth compassionate emergency solutions and pathways to housing for people experiencing homelessness.
To expand on the work already set forth, on October 11, 2022 (12), the Board voted to approve additional and innovative ways to expand emergency housing options. These options include exploring the feasibility of purchasing sleeping cabins or sprung shelters for partner organizations to place on their properties for use as shelters, along with conducting stakeholder input sessions to determine need, interest, and capacity of local organizations to utilize these shelter options; a plan to explore partnerships with local private companies that have new and innovative solutions to address homelessness; develop the criteria to site County of San Diego (County) funded shelter options on non-County properties and include a California Environmental Quality Act (CEQA) finding as required.

Today’s actions request acceptance of the analysis of the feasibility to purchase sleeping cabins or sprung shelters, approval of the stakeholder engagement plan, and approval of the plan to engage local private companies through a Request for Information seeking new and innovative solutions and find that today’s actions are exempt from CEQA. If approved, a report will be submitted within 120 days that includes outcomes of stakeholder engagement and information gathered through the Request for Information, including costs and potential funding sources in order to move forward.

These items support the County’s vision of a just, sustainable, and resilient future for all, specifically those communities and populations in San Diego County that have been historically left behind, as well as our ongoing commitment to the regional Live Well San Diego vision of healthy, safe, and thriving communities. This will be accomplished by improving the lives of our most vulnerable residents, specifically unsheltered people experiencing homelessness by exploring new and innovative ways to add new emergency housing resources and ensure that people experiencing homelessness have increased options when it comes to shelter. Today’s actions also align with the County of San Diego’s Framework for Ending Homelessness, particularly the Emergency/Interim Housing and Resources strategic domain, which seeks to expand emergency housing options.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

1. Find that the proposed actions are not a project pursuant to California Environmental Quality Act (CEQA) Guidelines sections 15060(c)(3) and 15378 and are exempt from CEQA pursuant to Guidelines section 15061(b)(3) because it can be seen with certainty that there is no possibility that the proposed actions may have a significant effect on the environment.

2. Accept the analysis of the feasibility to purchase sleeping cabins or sprung shelters for partner organizations to place on their properties for use as emergency shelters which finds that the more feasible approach would be to have the Department of Purchasing and Contracting select a vendor at a competitive rate for sleeping cabins or sprung shelters which qualified partner organizations could purchase directly through a County of San Diego grant program.

3. Approve the Department of Homeless Solutions and Equitable Communities plan to conduct stakeholder input sessions to determine need, interest, and capacity of local organizations to utilize sleeping cabins and engagement of stakeholders and partner organizations and return to the San Diego County Board of Supervisors (Board) with the outcomes in 120 days.
4. Approve the plan to engage local private companies through a Request for Information to be posted publicly seeking new and innovative solutions and return to the Board with the outcomes in 120 days.

**EQUITY IMPACT STATEMENT**

In 2022, the We All Count Point-in-Time Count identified 8,427 individuals as living on the streets or in shelters throughout San Diego County. Of the 4,106 who were unsheltered, 25% were 55 years of age or older, 8% were youth, and 15% reported chronic homelessness. People of color are disproportionately impacted among those experiencing homelessness, with 24% identifying as Black or African American, which is five times the proportion of African Americans in the region; 3% identify as American Indian or Alaskan Native, which is nearly three times the proportion in the region.

The cost of housing continues to increase in our region leaving many families at risk of homelessness. To address the varied needs of San Diego County residents at-risk of or experiencing homelessness, it is imperative to explore additional options to ensure a healthy, safe, and dignified environment for all. Identifying additional housing resources further emphasizes the County of San Diego’s compassionate and committed approach to addressing homelessness by exploring partnerships with organizations to increase shelter options and keep unsheltered residents safe from the dangers associated with living on the streets.

**SUSTAINABILITY IMPACT STATEMENT**

Today’s proposed actions support the County of San Diego’s (County’s) Sustainability Goal #1 to engage the community; Sustainability Goal #2 to provide just and equitable access; and Sustainability Goal #3 to protect health and wellbeing. Through the development of additional shelter options and locations the County will be engaging the community by working with private entities to site sheltering options on their properties and developing public/private partnerships to create innovative approaches to addressing homelessness. This will allow the County to provide increased shelter options and provide just and equitable access to these shelters for those experiencing homelessness. These shelter options will also protect health and wellbeing by providing supportive services connected to these new shelter options.

**FISCAL IMPACT STATEMENT**

There is no fiscal impact associated with these recommendations. There may be future fiscal impacts associated with future recommendations. Any such recommendations would return to the San Diego County Board of Supervisors for approval. There will be no change in net General Fund cost and no additional staff years.

**BUSINESS IMPACT STATEMENT**

Providing additional sheltering options and developing programmatic partnerships with private entities could beneficially impact our communities and businesses in assisting people at risk of or experiencing homelessness.

**ACTION:**

This item was withdrawn at the request of the Chief Administrative Officer.

28. SUBJECT: AUTHORIZE COMPETITIVE SOLICITATIONS AND AMENDMENTS TO EXTEND EXISTING BEHAVIORAL HEALTH SERVICES CONTRACTS (DISTRICTS: ALL)

OVERVIEW
The County of San Diego (County) Health and Human Services Agency, Behavioral Health Services provides a comprehensive array of mental health and substance use services to people of all ages. These services are delivered through County-operated programs, as well as contracts with local agencies. Those served include vulnerable populations, including individuals who are experiencing homelessness, individuals with justice involvement, and children and youth with complex behavioral health conditions.

Approval of today’s recommended actions authorizes competitive solicitations and amendments to extend existing behavioral health services contracts, including single source contracts, to sustain critical behavioral health services, with the goal of building a better behavioral health services delivery system for San Diego County communities. These recommended actions support the continuation of critical work to advance the Behavioral Health Continuum of Care.

These items support the County’s vision of a just, sustainable, and resilient future for all, specifically those communities and populations in San Diego County that have been historically left behind, as well as our ongoing commitment to the regional Live Well San Diego vision of healthy, safe, and thriving communities. This will be accomplished by upholding practices that align with community priorities and improve transparency and trust while maintaining good fiscal management. Additionally, the programs and services outlined provide critical treatment and housing services to individuals with complex behavioral health conditions, including those who are experiencing homelessness and justice involvement, aligning with the Services, Treatment and Outreach and Emergency/Interim Housing/Resources domains of the County’s Framework for Ending Homelessness.

EQUITY IMPACT STATEMENT
The County of San Diego (County) Health and Human Services Agency, Behavioral Health Services (BHS) serves as the specialty mental health plan for Medi-Cal eligible residents within San Diego County who are experiencing serious mental illness or serious emotional disturbance, and the service delivery system for Medi-Cal eligible residents with substance use
care needs. As a steward of public health for the region, BHS must ensure that the services offered through County-operated and contracted programs address the social determinants of health by being accessible, capable of meeting the needs of diverse populations, and with the intent to equitably distribute services to those most in need.

In support of these efforts, BHS utilizes a population health approach to identify need and design services that are impactful, equitable, and yield meaningful outcomes for those served. This includes facilitating ongoing engagement and input from the community, stakeholders, consumers, family members, community-based providers, and healthcare organizations through formal and informal convenings, along with cross-collaboration with other County departments and community partners. Additionally, through the establishment of the Community Experience Partnership and the recent launch of the Behavioral Health Equity Index, in collaboration with the University of California San Diego, BHS is leading the development of a tool for measuring behavioral health equity which will be used to inform program planning, siting of services, and allocation of resources in a way that supports community needs.

If approved, today's action will award contracts for services that improve access to treatment and care for populations who are underserved by social and behavioral health resources, including individuals experiencing homelessness, individuals with justice involvement, as well as children and youth with complex behavioral health needs.

SUSTAINABILITY IMPACT STATEMENT
The proposed action to provide services that improve access to treatment and care for populations who are underserved by social and behavioral health resources, will result in sustainability enhancements in terms of health/wellbeing, equity, economy, and environment. Awarding contracts for these services will contribute to County of San Diego Sustainability Goal #2 to provide just and equitable access to County services by providing a wider availability and range of supportive, inclusive, and stigma-free options. Services will first improve the overall health of communities, reducing the demand of associated care services, while then increasing effectiveness of care providers and lowering operating costs of facilities, thus reducing emissions and waste generated within the care sector.

FISCAL IMPACT
Funds for these requests are included in the Fiscal Year (F.Y) 2022-24 Operational Plan in the Health and Human Services Agency (HHSA). If approved, today’s recommendations will result in approximate costs and revenue of $5.3-7.1 million in FY 2022-23 and $131.3-$175.0 million in FY 2023-24. There will be no change in net General Fund cost and no additional staff years.

Recommendation #1: Authorization to Issue Competitive Solicitations
If approved, this request will result in estimated costs and revenue of $50-$66.7 million in FY 2023-24. The funding sources are Mental Health Services Act (MHSA), Realignment, Short Doyle Medi-Cal, and Drug Medi-Cal (DMC). There will be no change in net General Fund cost and no additional staff years.
Recommendation #2: Authorization to Amend and Extend Contracts
If approved, this request will result in estimated costs and revenues of $5.2-$6.9 million in FY 2022-23 and $31.3-$41.7 million in FY 2023-24. The funding sources are MHSA, Realignment, Short Doyle Medi-Cal, DMC, and Assembly Bill 109. There will be no change in net General Fund cost and no additional staff years.

Recommendation #3: Authorization to Amend and Extend Single Source Contracts
If approved, this request will result in estimated costs and revenues of $0.1-$0.2 million in FY 2022-23 and $50-$66.6 million in FY 2023-24. The funding sources are MHSA, Realignment, Short Doyle Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), Substance Abuse Block Grant, DMC, and Project for Assistance in Transition from Homelessness. There will be no change in net General Fund cost and no additional staff years.

29. SUBJECT: RECEIVE UPDATES AND TAKE NECESSARY ACTIONS REGARDING THE COVID-19 EMERGENCY RESPONSE AND THE MONKEYPOX (MPOX) OUTBREAK RESPONSE; AUTHORIZE COMPETITIVE PROCUREMENTS RELATED TO CONTINUED COVID-19 SERVICES; ACCEPT MPOX RESPONSE FUNDING; RATIFY CONTRACT FOR TESTING, TREATMENT, AND VACCINATION ADMINISTRATION SERVICES FOR MPOX; AND ADOPT A RESOLUTION AUTHORIZING CONTINUANCE OF TELECONFERENCE PUBLIC MEETINGS (DISTRICTS: ALL)

OVERVIEW
As seen nationwide, community transmission of the COVID-19 and monkeypox (MPOX) viruses are occurring locally. As a leader in infectious disease control within California and across the United States, the preparation for and response to communicable disease events, outbreaks, and emerging infectious disease threats remain high priorities for the County of San Diego (County). The County continues to make significant, ongoing efforts to address the COVID-19 pandemic and the MPOX global outbreak with sustainable approaches.

In addition to receiving updates on the County’s local COVID-19 and MPOX responses, today’s action requests the Board approve the following:
- Authorize competitive solicitations for specimen collection, testing, and resulting services for COVID-19 and other infectious diseases;
- Accept MPOX response funding, from the California Department of Public Health;

TUESDAY, NOVEMBER 15, 2022
• Ratify the contract with Family Health Centers of San Diego for testing, treatment, and vaccination administration for MPOX; and
• Adopt a resolution entitled: RESOLUTION AUTHORIZING CONTINUANCE OF TELECONFERENCED PUBLIC MEETINGS PURSUANT TO GOVERNMENT CODE SECTION 54953.

This item supports the County’s vision of a just, sustainable, and resilient future for all, specifically those communities and populations in San Diego County that have been historically left behind, as well as our ongoing commitment to the regional Live Well San Diego vision of healthy, safe, and thriving communities. This will be accomplished by protecting the health of residents against the COVID-19 pandemic and the MPOX outbreak.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

2. In accordance with Section 401, Article XXIII of the County Administrative Code, authorize the Director, Department of Purchasing and Contracting to issue a Competitive Solicitation for specimen collection, testing, and resulting services for COVID-19 and other infectious diseases, and upon successful negotiations and determination of a fair and reasonable price, award contracts for a term of one year, with one option year and up to an additional six months if needed, and to amend the contracts as needed to reflect changes to services and funding.

3. Receive an update on the monkeypox (MPOX) outbreak response.

4. Authorize the acceptance of $1,233,869 in funding from the California Department of Public Health to aid in the distribution of MPOX vaccines, tests, outreach and education, and treatments for the period of July 1, 2022 to June 30, 2023, and authorize the Agency Director, Health and Human Services Agency to execute all required documents, upon receipt, including any annual extensions, amendments, and/or revisions thereto that do not materially impact or alter the services or funding level.

5. Ratify actions taken by the Director, Department of Purchasing and Contracting, in response to the MPOX local health emergency and in accordance with San Diego County Administrative Code section 402 to execute contract #567618 for testing, treatment, and vaccination administration services for MPOX with Family Health Centers of San Diego, and authorize amendments to the contract as needed to reflect changes to services and funding allocations, subject to the approval of the Agency Director, Health and Human Services Agency.

6. Adopt a resolution entitled: RESOLUTION AUTHORIZING CONTINUANCE OF TELECONFERENCED PUBLIC MEETINGS PURSUANT TO GOVERNMENT CODE SECTION 54953.
EQUITY IMPACT STATEMENT
In order to support the most vulnerable, an equity lens and risk-based approach was used to prioritize, when appropriate, the distribution of COVID-19 response and recovery-related federal, State, and local funding and resources, and the distribution of monkeypox (MPOX) vaccine and related resources. This was based on a data-driven approach, identifying communities that have the highest need for support in relation to the number of positive COVID-19 cases and the number of positive MPOX cases.

Through press conferences and presentations at the San Diego County Board of Supervisors meetings, the County of San Diego (County) has been able to disseminate critical information about the efforts being done to address and combat the COVID-19 pandemic and MPOX outbreak to a wide audience, as well as providing a forum to receive public comment. Helping people make the best-informed decisions to protect their health and the health of their community requires providing key health promotion and harm reduction prevention information to the public and working with partners and trusted messengers to ensure information reaches affected communities. In order to continue the County’s commitment to transparency and open government and to remove traditional barriers to access and participation in government affairs, today’s actions provide the mechanism to present updates on the current COVID-19 and MPOX outbreak response efforts that have an impact on the lives of Black, Indigenous, people of color, women, people with disabilities, immigrants, youth, the LGBTQ+ community, and the economically disadvantaged.

SUSTAINABILITY IMPACT STATEMENT
The proposed actions align with the County of San Diego Sustainability Goals, including engaging the community and protecting health and wellbeing. Implementation of the proposed actions will provide an opportunity to engage the community by transparently sharing any results of the pandemic and outbreak responses and/or outcomes and to protect the health and wellbeing of the residents of San Diego County.

FISCAL IMPACT
COVID-19 Response
It is estimated that through the end of Fiscal Year (FY) ending June 30, 2022, the County of San Diego (County) has spent over one billion dollars on overall COVID-19 response costs, excluding federally dedicated program funds for programs such as rental assistance and nutrition services. Funding sources include Coronavirus Aid, Relief, and Economic Security (CARES) Act, American Rescue Plan Act (ARPA), Federal Emergency Management Agency (FEMA), County General Fund Balance, Realignment, and program revenues available for response efforts. In FY 2022-23, the County will rely on ARPA funding, as well as FEMA, other stimulus funds, program revenues, Realignment, and County General Fund Balance to cover response costs as needed. The County will continue to pursue other federal and State stimulus revenue and funding sources as made available.

Recommendation #2: Authorize Competitive Solicitations for Specimen Collection, Testing and Resulting Services for COVID-19 and Other Infectious Diseases
Funds for this request are included in the FY 2022-24 Operational Plan in Health and Human Services Agency (HHSA). If approved, this request will result in costs and revenues of approximately $500,000 in FY 2022-23. The County will revisit resource needs for future fiscal years depending upon the progression of COVID-19 cases. The funding source is the
