

*DRAFT of Public Art Subcommittee proposals*

Open calls to artists to be process going forward for art that will be purchased by County.

Continue using public art consultant's employed by and paid for by the contractor.

Have list of vetted public art consultants for contractors

Create an updated list every 2 years of artists whose work may be purchased for public and non-public spaces (such as staff offices).

Open enrollment to this list may continue in between every 2-year outreach done by County.

Contracts with artists to be in compliance with State and Federal law to balance artists' copy-right protection AND County's legal protection

VARA waiver to be included in contract ONLY when artwork is part of the building

Copy and paste VARA language into policy instead of referencing Federal law, OR create html link to the law

Public Art project should be presented to Commission when completed

Commissioner on committee can give progress reports as needed, such as when final artist selection has been made
