

## County of San Diego Positions on State Legislation

### [AB 274](#)

**(Bryan D) CalWORKs: CalFresh: eligibility: income exclusions.**

**Status:** 8/29/2024-Assembly Rule 77 suspended. Senate amendments concurred in. To Engrossing and Enrolling. (Ayes 76. Noes 0.).

**Location:** 8/29/2024-A. ENROLLMENT

**Summary:** Current federal law provides for allocation of federal funds to eligible states through the federal Temporary Assistance for Needy Families (TANF) block grant program. Current state law provides for the California Work Opportunity and Responsibility to Kids (CalWORKs) program under which, through a combination of state and county funds and federal funds received through the TANF program, each county provides cash assistance and other benefits to qualified low-income families. Under current law, certain types of payments received by recipients of aid under the CalWORKs program, including, among others, an award or scholarship provided by a public or private entity to, or on behalf of, a dependent child are exempt from consideration as income for purposes of determining eligibility and aid amount. Current federal law provides for the Supplemental Nutrition Assistance Program (SNAP), known in California as CalFresh, under which supplemental nutrition assistance benefits allocated to the state by the federal government are distributed to eligible individuals by each county. Current law requires the eligibility of households to be determined to the extent permitted by federal law. Current federal regulation provides states with the option to exclude, for purposes of calculating a household's income under SNAP, any type of income that the state excludes when determining eligibility or benefits for TANF cash assistance. This bill would exempt any fellowship benefit that is not received monthly, and any grant, award, scholarship, or loan, that is provided to any assistance unit member from consideration as income or resources for purposes of determining CalWORKs eligibility or grant amounts, as specified.

**(Reyes D) Early learning and care: rate reform.**

**Status:** 8/15/2024-Failed Deadline pursuant to Rule 61(b)(14). (Last location was APPR. SUSPENSE FILE on 8/9/2024)

**Location:** 8/15/2024-S. DEAD

**Summary:** The Early Education Act, among other things, requires the Superintendent of Public Instruction to administer all California state preschool programs, including, but not limited to, part-day and full-day age and developmentally appropriate programs for 3- and 4-year-old children. The Child Care and Development Services Act, administered by the State Department of Social Services, establishes a system of child care and development services for children up to 13 years of age. Current law requires the department, in collaboration with the State Department of Education, to implement a reimbursement system plan that establishes reasonable standards and assigned reimbursement rates, as specified. This bill would require the State Department of Social Services, in collaboration with the State Department of Education, to develop an alternative methodology for calculating subsidy payment rates for child care and development services and California state preschool program services that build upon and align with the recommendations of the working group and Joint Labor Management Committee, and that uses a cost estimation model, as specified. The bill would require the department to develop an interim transition plan, if necessary, to implement the alternative methodology, as specified, and to seek preapproval from the United States Department of Health and Human Services to amend the state's current Child Care and Development Fund State Plan to change its current methodology for determining childcare and development and preschool subsidy payment rates to the alternative methodology. The bill would require the State Department of Social Services and the State Department of Education to implement the alternative methodology upon notice, in writing, to the Legislature that the alternative methodology has been adopted, as specified.

**(Pacheco D) Open meetings: teleconferencing: subsidiary body.**

**Status:** 7/2/2024-Failed Deadline pursuant to Rule 61(b)(13). (Last location was L. GOV. on 5/1/2024)

**Location:** 7/2/2024-S. DEAD

**Summary:** The Ralph M. Brown Act, requires, with specified exceptions, each legislative body of a local agency to provide notice of the time and place for its regular meetings and an agenda containing a brief general description of each item of business to be transacted. Current law authorizes the

legislative body of a local agency to use alternate teleconferencing provisions during a proclaimed state of emergency (emergency provisions) and, until January 1, 2026, in certain circumstances related to the particular member if at least a quorum of its members participate from a singular physical location that is open to the public and situated within the agency's jurisdiction and other requirements are met (nonemergency provisions). Current law imposes different requirements for notice, agenda, and public participation, as prescribed, when a legislative body is using alternate teleconferencing provisions. The nonemergency provisions impose restrictions on remote participation by a member of the legislative body and require the legislative body to provide specific means by which the public may remotely hear and visually observe the meeting. This bill, until January 1, 2026, would authorize a subsidiary body, as defined, to use similar alternative teleconferencing provisions and would impose requirements for notice, agenda, and public participation, as prescribed. The bill would require at least one staff member of the local agency to be present at a designated primary physical meeting location during the meeting. The bill would require the local agency to post the agenda at the primary physical meeting location. The bill would require the members of the subsidiary body to visibly appear on camera during the open portion of a meeting that is publicly accessible via the internet or other online platform, as specified. The bill would also require the subsidiary body to list a member of the subsidiary body who participates in a teleconference meeting from a remote location in the minutes of the meeting. In order to use teleconferencing pursuant to this act, the bill would require the legislative body that established the subsidiary body by charter, ordinance, resolution, or other formal action to make specified findings by majority vote, before the subsidiary body uses teleconferencing for the first time and every 12 months thereafter.

**[AB 2085](#) (Bauer-Kahan D) Planning and zoning: permitted use: community clinic.**

**Status:** 8/29/2024-Assembly Rule 77 suspended. Senate amendments concurred in. To Engrossing and Enrolling. (Ayes 62. Noes 6.).

**Location:** 8/29/2024-A. ENROLLMENT

**Summary:** The Planning and Zoning Law, among other things, authorizes a development proponent to submit an application for a housing development that is subject to a specified streamlined, ministerial approval process not subject to a conditional use permit, if the development satisfies certain objective planning standards. The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA does not apply to the approval of ministerial projects. This bill would make a development that meets specified objective planning standards, including that, among other things, it is on a parcel that is within a zone where office, retail, health care, or parking are a principally permitted use, a permitted use and would require a local agency to review an application for that development on an administrative, nondiscretionary basis. The bill would require a local agency, within 60 calendar days of receiving an application pursuant to these provisions, to approve or deny the application subject to specified requirements, including that, among other things, if the local agency determines that the development is in conflict with any of the above-described standards, the local agency is required to provide the development proponent written documentation of which standard or standards the development conflicts with, as specified.

**Location:** 8/31/2024-A. ENROLLMENT

**Summary:** Would authorize a practitioner authorized to prescribe a narcotic drug at a nonprofit or free clinic, as specified, to dispense the narcotic drug from clinic supply for the purpose of relieving acute withdrawal symptoms while arrangements are being made for referral for treatment, as described, and would require the clinic dispensing the narcotic to be subject to specified reporting, labeling, and recordkeeping requirements. The bill would require clinics with a supply of narcotic drugs being dispensed pursuant to these provisions to establish policies or procedures for dispensing the narcotics, as specified. Because the bill would specify additional requirements under the Pharmacy Law, a violation of which would be a crime, it would impose a state-mandated local program.

**Status:** 8/29/2024-Assembly Rule 77 suspended. Senate amendments concurred in. To Engrossing and Enrolling. (Ayes 62. Noes 9.).

**Location:** 8/29/2024-A. ENROLLMENT

**Summary:** Current law makes legislative findings relating to implicit bias and racial disparities in maternal mortality rates. Current law requires a hospital that provides perinatal care, and an alternative birth center or a primary clinic that provides services as an alternative birth center, to implement an evidence-based implicit bias program, as specified, for all health care providers involved in perinatal care of patients within those facilities. Current law requires the health care provider to complete initial basic training through the program and a refresher course every 2 years thereafter, or on a more frequent basis if deemed necessary by the facility. Current law requires the facility to provide a certificate of training completion upon request, to accept certificates of completion from other facilities, and to offer training to physicians not directly employed by the facility. Current law requires the State Department of Public Health to track and publish data on pregnancy-related death and severe maternal morbidity, as specified. This bill would make a legislative finding that the Legislature recognizes all birthing people, including nonbinary persons and persons of transgender experience. The bill would extend the evidence-based implicit bias training requirements to specified health care providers at hospitals that provide perinatal care, alternative birth centers, or primary care clinics, as specified. The bill would require an implicit bias program to include recognition of intersecting identities and the potential associated biases. The bill would require initial basic training for the implicit bias program to be completed by June 1, 2025, for current health care providers, and within 6 months of their start date for new health care providers, unless exempted. The bill would require specified facilities to, by February 1 of each year, commencing in 2026, provide the Attorney General with proof of compliance with these provisions, as specified. The bill would authorize the Attorney General to pursue civil penalties for violations of these provisions, as specified. The bill would require that Attorney General be awarded all attorney's fees and costs in any civil action in which a court imposes any of those civil penalties. The bill would authorize the Attorney General to post on its internet website a list of facilities that did not timely submit proof of compliance or were assessed penalties under these provisions, as specified. The bill would authorize the Attorney General to post any other compliance data they deem necessary and would authorize the Attorney General to biennially publish a report outlining compliance data related to these provisions.

**Status:** 8/28/2024-Read third time. Passed. Ordered to the Assembly. (Ayes 39. Noes 0.). In Assembly. Ordered to Engrossing and Enrolling.

**Location:** 8/28/2024-A. ENROLLMENT

**Summary:** Existing law, the State Water Resources Control Board and the 9 California regional water quality control boards regulate water quality. Existing law requires each regional board to formulate and adopt water quality control plans for all areas within the region, as provided. Existing law establishes in the continuously appropriated State Water Quality Control Fund the continuously appropriated State Water Pollution Cleanup and Abatement Account, which is administered by the state board. This bill would authorize the state board, on behalf of itself or a regional board, to accept moneys from donations, grants, or contributions, or through contractual agreements, from public agencies for the purpose of planning, permitting, or providing technical support for projects of public benefit, as defined, within the state board's or regional board's jurisdiction. The bill would require all funds received to be deposited, and separately accounted for, in the State Water Pollution Cleanup and Abatement Account, for expenditure in accordance with the terms of the donation, grant, contribution, or contractual agreement. The bill would require the state board to provide notice, as specified, before accepting those moneys. Because the funds deposited would be a new source of funds in the continuously appropriated State Water Pollution Cleanup and Abatement Account within the continuously appropriated State Water Quality Control Fund, the bill would make an appropriation.

**[AB 2636](#) (Bains D) Mello-Granlund Older Californians Act.**

**Status:** 8/15/2024-Withdrawn from Engrossing and Enrolling. Held at Desk.

**Location:** 8/15/2024-A. DESK

**Summary:** Existing law requires the California Department of Aging to administer the Mello-Granlund Older Californians Act (act), which establishes various programs that serve older individuals, defined as persons 60 years of age or older, except as specified. Under the act, the department's mission is to provide leadership to those agencies in developing systems of home- and community-based services that maintain individuals in their own homes or least restrictive homelike environments. This bill would recast and revise various provisions of the act, including updating findings and declarations relating to statistics and issues of concern to the older adult population, and replacing references throughout the act from "senior" and similar terminology to "older adult." The bill would repeal obsolete provisions, such as the Senior Center Bond Act of 1984.

**Location:** 5/16/2024-A. DEAD

**Summary:** Existing law requires a state agency, board, or commission that directly or by contract collects demographic data as to the ancestry or ethnic origin of Californians to use separate collection categories and tabulations for each major Asian group and each major Pacific Islander group, as specified. Existing law requires these state entities to include the data in every demographic report on ancestry or ethnic origins of Californians by these state entities published or released on or after July 1, 2012. Existing law further requires these state agencies to make the collected data available to the public pursuant to state and federal law, except for personal identifying information, which existing law deems confidential. This bill would require these state entities to use separate collection categories and tabulations for the Middle Eastern and North African group, as specified. The bill would require these state entities to include the data in every demographic report on ancestry or ethnic origins of California by these state entities published or released on or after January 1, 2026. The bill would require these state entities to make the data available to the public, except as specified, including personal identifying information, which the bill would deem confidential. The bill would require these state entities to update their data collection to reflect additional Middle Eastern and North African groups as they are reported by the United States Census Bureau, as specified. This bill contains other related provisions and other existing laws.

**Location:** 8/29/2024-A. ENROLLMENT

**Summary:** Current law provides for the out-of-home placement, including foster care placement, of children who are unable to remain in the custody and care of their parents. The federal Social Security Act provides for benefits for eligible beneficiaries, including survivorship and disability benefits and Supplemental Security Income (SSI) benefits for, among others, blind and disabled children. Current law requires every youth who is in foster care and nearing emancipation to be screened by the county for potential eligibility for SSI and requires that screening to occur when the foster youth is at least 16 years and 6 months of age and not older than 17 years and 6 months of age. This bill, among other things, would require a placing agency to act in accordance with specified guidelines and pursuant to certain requirements when acting as the representative payee or in any other fiduciary capacity for a child or youth, including, among other requirements, ensuring that the child's federal Social Security Administration survivors' benefits, as defined, are not used to pay for, or to reimburse, the placing agency for any costs of the child's care and supervision, as defined.

**Status:** 8/15/2024-Failed Deadline pursuant to Rule 61(b)(14). (Last location was APPR. SUSPENSE FILE on 7/2/2024)

**Location:** 8/15/2024-A. DEAD

**Summary:** The Knox-Keene Health Care Service Plan Act of 1975 provides for the licensure and regulation of health care service plans by the Department of Managed Health Care, and makes a willful violation of the act a crime. Current law provides for the regulation of disability insurers by the Department of Insurance. Current law establishes the Independent Medical Review System within each department, under which an enrollee or insured may seek review if a health care service has been denied, modified, or delayed by a health care service plan or disability insurer and the enrollee or insured has previously filed a grievance that remains unresolved after 30 days. This bill, commencing January 1, 2026, would require a health care service plan or a disability insurer that upholds its decision to modify, delay, or deny a health care service in response to a grievance or has a grievance that is otherwise pending or unresolved upon expiration of the relevant timeframe to automatically submit within 24 hours a decision regarding a disputed health care service to the Independent Medical Review System, as well as the information that informed its decision, if the decision is to deny, modify, or delay specified services relating to mental health or substance use disorder conditions for an enrollee or insured up to 26 years of age. The bill would require a health care service plan or disability insurer, within 24 hours after submitting its decision to the Independent Medical Review System to provide notice to the appropriate department, the enrollee or insured or their representative, if any, and the enrollee's or insured's provider.

**Location:** 8/29/2024-S. ENROLLMENT  
**Summary:** Current law prohibits a person who has been taken into custody, assessed, and admitted to a designated facility, or who has been certified for intensive treatment after having been admitted to a designated facility, because the person is a danger to themselves or others as a result of a

mental health disorder, from owning a firearm, as specified. Current law also prohibits a person who has been adjudicated to be a danger to others as a result of a mental disorder or mental illness, or who has been adjudicated to be a mentally disordered sex offender, a person who has been found not guilty by reason of insanity of committing specified crimes, a person found by a court to be mentally incompetent to stand trial, or a person who has been placed under conservatorship by a court because the person is gravely disabled as a result of a mental disorder or impairment by chronic alcoholism from purchasing or receiving, or attempting to purchase or receive, or having possession, custody, or control of a firearm or any other deadly weapon. This bill would, among other things, expand those prohibitions to also prohibit the ownership, possession, custody, or control of ammunition. The bill would require a person subject to the prohibition because they are a danger to themselves or others as a result of a mental health disorder to relinquish a firearm, other deadly weapon, or ammunition they own, possess, or control within 72 hours of discharge from a facility, as specified, and would require a person subject to the prohibition because they are a person who has been adjudicated to be a danger to others as a result of a mental disorder or mental illness, or who has been adjudicated to be a mentally disordered sex offender, or a person who has been found not guilty by reason of insanity of committing specified crimes, to relinquish to law enforcement a firearm, other deadly weapon, or ammunition in their custody or control within 14 days of the court order finding the person to be a person as described.

**SB 1178 (Padilla D) California Water Quality and Public Health Protection Act.**

**Status:** 8/15/2024-Failed Deadline pursuant to Rule 61(b)(14). (Last location was APPR. SUSPENSE

FILE on 8/7/2024)

**Location:** 8/15/2024-A. DEAD

**Summary:** Under current law, the State Water Resources Control Board and the 9 California regional water quality control boards regulate water quality and prescribe waste discharge requirements in accordance with the federal national pollutant discharge elimination system permit program established by the federal Clean Water Act and the Porter-Cologne Water Quality Control Act. This bill would require the board to, on or before August 1, 2025, establish regulations governing annual reporting by compliance entities, as defined, regarding waste discharges, as provided. The bill would require compliance entities to submit a report to the board by June 1, 2026, and annually thereafter on waste discharges and their locations, as provided. The bill would require, within 3 months of reporting to the board waste discharges that affect the quality of the water of the state within any region, any nonexempt compliance entity to prominently label any product sold in California whose production resulted in waste discharge contaminating California's water quality with a warning label, as specified. The bill would authorize the board to adopt regulations to seek administrative penalties for nonfiling, late filing, or other failures to meet the requirements of these provisions, and would require these penalties to be deposited into the California Water Quality and Public Health Impact Fund, which the bill would create.

**SB 1180 (Ashby D) Health care coverage: emergency medical services.**

**Status:** 8/30/2024-Assembly amendments concurred in. (Ayes 40. Noes 0.) Ordered to engrossing and enrolling.

**Location:** 8/30/2024-S. ENROLLMENT

**Summary:** Current law, until January 1, 2031, authorizes a local emergency medical services (EMS) agency to develop a community paramedicine or triage to alternate destination program that, among other things, provides case management services to frequent EMS users or triage paramedic assessments, respectively. This bill would require a health care service plan contract or health insurance policy issued, amended, or renewed on or after July 1, 2025, to establish a process to reimburse for services provided by a community paramedicine program, a triage to alternate destination program, and a mobile integrated health program, as defined.

**SB 1238 (Eggman D) Health facilities.**

**Status:** 9/4/2024-Enrolled and presented to the Governor at 4 p.m.

**Location:** 9/4/2024-S. ENROLLED

**Summary:** Current law defines "health facility" to include a "psychiatric health facility" that is licensed by the State Department of Health Care Services and provides 24-hour inpatient care for people with mental health disorders. Current law requires that such care include, but is not limited to, psychiatry, clinical psychology, psychiatric nursing, social work, rehabilitation, drug administration, and food services for persons whose physical health needs can be met in an affiliated hospital or in outpatient settings. This bill would expand the definition of "psychiatric health facility" to also include a facility that provides 24-hour inpatient care for people with severe substance use disorders, or cooccurring mental health and substance use disorders. The bill would expand that 24-hour inpatient care also include substance use disorder services, as medically necessary and appropriate. The bill would specify that psychiatric health facilities to only admit persons with stand-alone severe substance use disorders involuntarily pursuant to specified requirements. The bill would authorize a psychiatric health facility to admit persons diagnosed only with a severe substance use disorder when specified conditions are met.

**SB 1355 (Wahab D) Medi-Cal: in-home supportive services: redetermination.**

**Status:** 5/16/2024-Failed Deadline pursuant to Rule 61(b)(8). (Last location was APPR. SUSPENSE FILE on 5/6/2024)

**Location:** 5/16/2024-S. DEAD

**Summary:** Current law generally requires a county to redetermine a Medi-Cal beneficiary's eligibility to receive Medi-Cal benefits every 12 months and whenever the county receives information about changes in a beneficiary's circumstances that may affect their eligibility for Medi-Cal benefits. Current law provides for the In-Home Supportive Services (IHSS) program, administered by the State Department of Social Services and counties, under which qualified aged, blind, and disabled persons are provided with supportive services in order to permit them to remain in their own homes. Current law authorizes certain Medi-Cal beneficiaries to receive IHSS as a covered Medi-Cal benefit. This bill would, to the extent that any necessary federal approvals are obtained, and federal financial participation is available and not otherwise jeopardized, require an IHSS recipient to be continuously eligible for Medi-Cal for 3 years, if they have a fixed income, and would prohibit a redetermination of Medi-Cal eligibility before 3 years, except as specified. The bill would make the implementation of its provisions contingent upon the department obtaining all necessary federal approvals, the department determining that systems have been programmed to implement these provisions, and the Legislature has appropriated funding to implement these provisions after a determination that ongoing General Fund resources are available to support the ongoing implementation of these provisions.
