

COUNTY OF SAN DIEGO

CODE OF ETHICS

Dear fellow County employees,

At the County of San Diego, our values aren't just something we talk about; they are how we do business. We are committed to putting these values – Integrity, Equity, Access, Belonging, Excellence, and Sustainability – into practice daily.

Our Code of Ethics is anchored in our values. It includes our Standards of Conduct and our General Principles, which are the foundation of the policies and procedures directing our actions and decisions as public servants of the County of San Diego.

Our Code of Ethics also stands for County's commitment to create a work environment free from unlawful discrimination and harassment.

All employees are expected to know and follow our Code of Ethics and embrace our core values.

We value and encourage a County culture where people feel comfortable being authentic, asking questions, respectfully disagreeing, and raising concerns. We hold each other accountable for doing what's right and challenge each other to do better every day.

This is the collective responsibility that we all share and ensures that we are all doing our part to do the right thing and live up to the County motto, "The noblest motive is the public good."

We recognize that applying the rules and principles set out in the Code to our day-to-day work can be challenging. If you have a question or concern about whether something complies with the Code, feel free to contact the Office of Ethics, Compliance and Labor Standards (OECLS) and seek guidance.

Use one of the reporting channels identified in this Code if you observe ethical misconduct or other questionable behavior or practices. Please remember that you will never be retaliated against for making an honest, accurate report of your concerns.

Thank you for making ethics and integrity a fundamental aspect of who we are, how we serve the public, and how we continually demonstrate that the noblest motive is the public good.

CODE OF ETHICS

STANDARDS OF CONDUCT

As County employees we hold positions of public trust and we all share a mutual commitment to ethics in the workplace. These *Standards of Conduct* are founded on basic principles of ethical behavior and are consistent with the County's core values and our six *General Principles*. We dedicate ourselves to upholding the highest standards of conduct in the performance of our duties by adhering to the following:

1. Workplace Conduct: The County is committed to the principle of treating each employee with respect and dignity. County employees in turn are expected to treat their customers, clients and colleagues with respect, dignity and professionalism. It is important for employees to share knowledge and information and support one another in order to be successful, individually and as a team.

- **Equal Opportunity:** The County is committed to ensuring equal opportunity in all aspects of County operations. It is the policy of the County to comply with federal, state and local laws affecting equal opportunity. Employment actions taken by County managers and supervisors shall be on the basis of job-related qualifications and merit without regard to race, religion, color, national origin, ancestry, physical or mental disability, marital status, gender, sexual orientation, age or veteran status.

(Reference: [Board of Supervisors Policy Manual, Policy No. C-17](#))

- **Discrimination and Harassment:** The County is committed to a work environment free from unlawful discrimination and harassment, including sexual, racial, religious, age, disability, or any other form of discrimination or harassment.

Unlawful sexual harassment in the workplace is defined as unwelcome sexual advances, requests for sexual favors, and other visual, verbal or physical conduct of a sexual nature when: (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or (3) such conduct is unwelcome or has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

If County employees become aware of any form of discrimination or harassment occurring in the workplace, they must report it immediately to their manager, supervisor, or Departmental Human Resources Officer (DHRO). All credible reported incidents must be investigated promptly, and management must take appropriate action, which may include removal from County service. Employees may contact the Office of Ethics and Compliance to report violations of workplace conduct if they feel uncomfortable making a report with their respective department. (Reference: [Board of Supervisors Policy Manual, Policy Nos. C-17, C-22, A-125 and DHR Policy 111](#))

- 2. Drug and Alcohol Use:** The County is committed to maintaining a safe, healthy and productive work environment. It is the responsibility of all County employees to perform their public services safely, effectively and efficiently, without being adversely affected or impaired in any way by the use or presence of alcohol or drugs. The County provides assistance through employee assistance programs, on a confidential basis, for a County employee seeking help for a drug or alcohol-related concerns.

(Reference: [Board of Supervisors Policy Manual, Policy No. C-25](#))

- 3. Safe Work Environment:** The health and safety of County employees is and will always be a top priority at the County. Employees are expected to adhere to health and safety rules, develop and demonstrate safe work habits, follow all Departmental safety procedures and use all required personal safety protective equipment. The County's Work Safe/Stay Healthy program was developed to provide guidelines and support in this endeavor.

The County is also committed to providing a work environment free from violence and the threats of violence. It is the policy of the County that a “zero tolerance” standard shall apply to violent behavior, implied or actual, and to threats of violent behavior, from any person, that is directed at other employees or the public at a County facility or in connection with County business. In conformance with this County policy, no County employee shall engage in violent conduct or make threats of violence, implied or actual, at a County workplace or during the course and scope of performing County duties.

All threats of violence shall be taken seriously and shall not be dismissed as harmless joking. Employees who witness instances or occasions of any employee or former employee making threats or engaging in acts of violence must report such matter immediately to their managers or supervisors (or if an emergency, report the emergency in accordance with the County's emergency procedures).

(Reference: [Board of Supervisors Policy Manual, Policy No. A-121](#))

- 4. Fraud, Waste and Abuse:** The County is committed to protect against all improprieties in public programs and services. Integrity in the administration of County programs and services must exist to ensure the public's trust. It is critical that the County take whatever action is necessary to prevent and deter fraud and abuse which demonstrates a commitment to protecting the public interest in essential public programs and services.

Waste and abuse can also be considered “Improper Government Activity”, which means any activity, conduct, or act by a County department, officer, or employee relating to the performance of official County functions, duties or responsibilities, and involves: (1) gross mismanagement, (2) a significant waste of funds, (3) an abuse of authority, or (4) a substantial and specific danger to public health and safety.

There shall be “zero tolerance” for fraud committed by County employees or contractors in the administration of County programs and provisions of County services. Fraud is the intentional (1) perversion of truth for the purpose of inducing another in reliance upon the falsehood to part with something valuable or to surrender a legal right, or (2) false representation of a matter of fact, whether by words or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed, which deceives and is intended to deceive another so that the person shall act upon it to his/her injury.

(Reference: [Board of Supervisors Policy Manual, Policy No. A-120](#) and [County of San Diego Administrative Manual, Item No. 0010-10](#))

- 5. Improper Gifts and Gratuities:** The County is committed to ensuring that all County services and operations performed by County employees are provided honestly and fairly. It is improper to accept or give the appearance of accepting any gratuity in the form of compensation, preferential treatment, entertainment, service or promise of future benefits in exchange for providing special favors, privileges, benefits or services that otherwise would not have been provided.

Additionally, when on official County travel, County employees are not authorized to accept the payment of their travel expenses from persons/companies doing or seeking to do business with the County, unless waived by the Chief Administrative Officer, when it is determined to be in the best interest of the County to do so.

(Reference: [Board of Supervisor Policy Manual, Policy No. D-7](#))

- 6. Conflict of Interest:** County employees should avoid becoming involved in activities that improperly influence their actions or job functions. This includes taking outside employment or engaging in activities where the employee's judgment could be impaired in performing his or her duties for the County. Reporting these and other potential conflicts having to do with relatives working in

the same department or relationships with clients or vendors must be disclosed so they do not compromise the employee's objectivity, accountability or judgment. (Reference: [DHR Policy 119](#))

- **Outside Employment:** Employment outside of normal working hours may present a possible conflict of interest and must be reported on Disclosure Statement forms ([AUD 263](#)) periodically issued during the year. Outside employment may be approved if it is determined not to conflict or be incompatible with your County job. Each request is individually reviewed. Required employees will also complete an annual Statement of Economic Interest (Form 700).

- **Incompatible Activities:** County officers and employees are prohibited from engaging in any outside employment or activity that is incompatible with the duties of their County office. Each appointing authority of the County of San Diego is required to formulate rules for the employees under his or her jurisdiction specifying outside compensated activities that are inconsistent and incompatible with the County employees' duties. Prohibited activities include:
 - i. Any activity that involves the use for private gain or advantage of County time or facilities, including outside employment which results in receipt of frequent telephone calls or visitors by the employee while on duty at their County employment.
 - ii. Any activity which involves the use for private gain or advantage of the badge, uniform, prestige, or influence of the individual's County employment.
 - iii. Any activity which involves the receipt by the employee of money or other consideration from private parties for the performance of acts that the employee is expected to render in the regular course of duty as a County employee.
 - iv. Any activity that is in conflict with the duties and responsibilities of the employee's department.
 - v. Any payment, offer, promise or authorization to pay money or to give anything else of value (commonly referred to as a “bribe” or “kickback”), either directly or through a third party, intended to influence any act or decision of an official or employee of any governmental agency or its subdivision, including officials or employees of any foreign government or agency with which the County does business.

(Reference: Government Code Sections 1125-1127, Board of Supervisors Resolution No. 41 and Foreign Corrupt Practices Act of 1977, 15 U.S.C §§ 78dd-1, et seq.)

- 7. Confidential Information:** The County is committed to protecting the integrity, security and confidentiality of County data and information. The County has developed data classification guidelines to assist in determining the security, protection and handling protocol for different types of County data and information. The County guidelines extend to all data formats and mediums. For example, there are guidelines for verbal communication, paper documents, electronic information, the physical location and storage of data, and for data on mobile devices (e.g. laptop, PDA, Blackberries). In performance of regular duties and assignments, authorized users must be familiar with and observe the policies and procedures governing County data and information.
(Reference: [County of San Diego Administrative Manual, Item No. 0400-11](#))
- 8. Use of County Property:** County-owned property such as vehicles, telephones, fax or copy machines and any other tangible assets are only to be used for official County business. Employees are trusted to use County assets safely and properly. Abuse or misuse of County assets may be cause for disciplinary action.
(Reference: [County of San Diego, Employee Handbook](#))
- 9. County Information Systems:** Protecting County information systems and the data and information contained in them from unauthorized access, disclosure, damage, modification or misuse is essential. Based on best business practices, the County has established policies and procedures to protect County information systems and County telecommunication systems and to guide the acceptable use of County data and information created, accessed or stored via County information systems or through County internet service. In the performance of regular duties and assignments, authorized users must be familiar with and observe these policies and procedures.
(Reference: [County of San Diego Administrative Manual, Item Nos. 0400-01 through 0400-07](#))
- 10. Financial Stewardship:** The County is committed to the proper expenditure of County funds and the proper use of County assets and property. All employees are required to comply with all applicable federal, state and local laws, rules and regulations, and must act promptly to report and correct problems if discrepancies are discovered.
- 11. Reporting Violations:** Employees shall immediately report issues, problems, concerns or violations of the *Standards of Conduct* and Conflict of Interest and any possible fraud by departments, programs, contractors, vendors, volunteers or County employees.

The County takes reports of violations seriously and works to resolve any potential issues as quickly as possible. There are several resources to assist employees. If you have questions or concerns, talk to a supervisor, manager, or Human Resources contact. If you believe your concerns are not being properly addressed, or if you would like further guidance, you may call the Office of Ethics and Compliance at (619) 531-5174 or the County's anonymous Ethics Hotline at: (866) 549-0004.

When considering reporting a violation, employees should ask themselves:

- What is the action that I perceive violates standards as outlined in the *Standards of Conduct* or *General Principles*?
- What is the action that I perceive violates any known law, rule, regulation, or policy and procedure?
- What opportunity has been given to my supervisor or manager to make them aware of and to address the issue (if appropriate)?

12. Protection Against Retaliation: No disciplinary action or retaliation shall be taken against any employee for reporting in good faith a perceived issue, problem, concern or violation. Additionally, no reprisal shall be taken against any County officer or employee who participates as a witness during the course of an investigation. ([County of San Diego Administrative Manual, Item No. 0010-10](#))

In addition, the *Standards of Conduct* will apply to all appointed boards and commissions affiliated with the County of San Diego.
