Good morning CLERB Members,

Please see the below link to a San Diego Union Tribune article pertaining to the Center for Policing Equity Report and Response:

[Another report finds deep racial disparities in Sheriff's Department stop data - The San Diego Union-Tribune \(sandiegouniontribune.com\)](https://www.sandiegouniontribune.com)

If you folks would like to add this as a topic to the Special Meeting in which you will discuss the virtual meeting for January (shooting for a date sometime during the week of December 20) to allow timely public comment and CLERB discussion and possible directed action for me, let me know and I will discuss that possibility with Susan and Eileen.

Good afternoon CLERB Members,

Below is the link to the San Diego Sheriff's Department Press Release about the Center for Policing Equity Report and Response. Please read the release and review the five links at the bottom of it. I suggest we make this topic an item on January's agenda, as it is closely related to the investigation of racial discrimination allegations topic we discussed two of the past three months.
