Subject: SDDS Center for Policing Equity Report and Response
Importance: High

Good afternoon CLERB Members,

Below is the link to the San Diego Sheriff's Department Press Release about the Center for Policing Equity Report and Response. Please read the release and review the five links at the bottom of it. I suggest we make this topic an item on January's agenda, as it is closely related to the investigation of racial discrimination allegations topic we discussed two of the past three months.
