Importance: High

Good morning, CLERB Members,

I forgot to include this timely article in the article compilation sent a few minutes ago. Sorry about that.

1. [After police killings, families are kept in the dark and grilled for information \(msn.com\)](https://www.msn.com)

As you know, we have, for the past 18 months or so, made several recommendations to SDSD to increase transparency and communication with family members of those folks who have died in custody or due to the actions of deputies. So far, of the 11 recommendations made for that purpose, SDSD has implemented seven of them; we are awaiting SDSD's response to the four Critical Incident Review Board (CIRB) recommendations.

Respectfully,
Paul
